Final Passage.

The following matters heretofore passed for printing were, on recommendation of the Public Utilities and Finance Committees, taken up and *finally passed* by the following vote:

Board of Public Works to Investigate Street Railway Transportation Requirements.

Bill No. 8617, Ordinance No. 8125 (New Series), as follows:

Authorizing and directing the Board of Public Works to investigate and report upon the immediate and further street railway transportation requirements of San Francisco, and to recommend what portions, if any, of the existing privately owned street railway systems should be acquired by the City, and authorizing the City Engineer and the City Attorney to make a valuation of the California Street Cable Railroad Company's system and the Market Street Railway Company's system, and authorizing the City Engineer, the City Attorney and Public Utilities and Finance Committees of the Board of Supervisors to enter into preliminary negotiations with the California Street Railroad Company and the Market Street Railway Company looking toward the possibility of the purchase of these systems in whole or in part and providing the necessary funds for such investigation.

Be it ordained by the People of

the City and County of San Francisco as follows:

Whereas, under its Charter the City of San Francisco is committed to the policy of gradually acquiring and ultimately owning all of its public utilities; and

Whereas, the City and County of San Francisco now operates a municipally owned street railway system furnishing transportation to many parts of the City; and

Whereas, the franchises of the California Street Cable Railroad Company and a number of franchises of the Market Street Railway Company will expire during the year 1929; and

Whereas, it is essential that this Board of Supervisors adopt a plan under which the people of San Francisco can be assured of proper transportation facilities after the expiration of the existing franchises;

Therefore, in order that this Board may have before it as a basis for determining the best policy to be pursued in the solution of the City's transportation problem:

Section 1. The Board of Public Works is hereby authorized, empowered and directed to instruct the City Engineer to investigate and report to this Board of Supervisors upon the immediate and future street railway transportation requirements of San Francisco; to what extent and in what manner the existing street railway trackage facilities in San Francisco could best be utilized in meeting present and future transportation requirements, and what portions of the existing privately owned street railway systems, if any, should be acquired by the City to be used in connection with the Municipal Railway system for providing a unified street railway, and the operating results which might be expected under municipal operation of such a unified system, from the point of view both of service to the public and finances, together with any alternative method or plan for meeting the transportation requirements other than purchase of the properties by the City.

Section 2. The City Engineer and the City Attorney jointly are hereby authorized and empowered to make a valuation of the properties of the California Street Cable Railroad Company and the Market Street Railway Company, both as a whole and as to such parts thereof as the City Engineer reports are necessary or desirable for acquisition by the City.

Section 3. The City Attorney is hereby authorized, empowered and directed to make the necessary studies of the legal questions involved in the transportation problems, and to recommend and prepare the legislation necessary or advisable to facilitate the solution of the railway problem.

Section 4. The City Engineer, the City Attorney, the Public Utilities and Finance Committees of the Board of Supervisors, jointly, are hereby authorized, empowered and directed to enter into preliminary negotiations with the California Street Cable Railroad Company and the Market Street Railway Company looking toward the possibility of the acquisition of the whole or parts of these privately owned systems.

Section 5. The Board of Public Works and the City Attorney are hereby authorized to employ such assistants as may be required and necessary to carry on the studies and investigations and prepare the report provided for in this ordinance, and said assistants and all expenses incident to the preparation of the report are to be paid out of the General Fund.

Section 6. This ordinance shall take effect immediately.

Ayes — Supervisors Andriano, Deasy, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd—15.

Absent — Supervisors Colman, Gallagher, Toner—3.

Endorsing and Approving the Report and Recommendations of the Nine Counties Highways Committee of the Redwood Empire Association.

Supervisor Gallagher presented:

Resolution No. 29381 (New Series), as follows:

Whereas, certain portions of the State and Federal road system in nine counties of the Redwood Empire require early attention in the matter of construction, reconstruction and maintenance; and

Whereas, travel over these highways has increased at a tremendous rate, thus augmenting the necessity of early construction; and

Whereas, this travel is increasing annually in such proportions as to increase the traffic hazard; and

Whereas, these facts have been confirmed through an actual field survey, made by the Nine Counties Highways Field Survey Committee of the Redwood Empire Association, on which committee we, the Board of Supervisors, appointed one official representative; and

Whereas, based upon this actual field study, also based upon preliminary and subsequent studies of the economic requirements and potentialities of the Empire, and the necessity for more improvements, a set of recommendations for highway construction, reconstruction and maintenance has been agreed upon by this committe; and

Whereas, these recommendations are practical, reasonable, based upon economic necessity and a fair request, particularly in view of the fact that this district for many years received a very small portion of those highway funds to which it was entitled; and

Whereas, funds are now available to take care of this necessary construction, reconstruction and maintenance, as recommended in the report of the Field Survey Committee; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and approve the report and recommendations of the Nine Counties Highways Committee of the Redwood Empire Association; and be it

Further Resolved, That we respectfully urge and request the California Highway Commission and the United States Bureau of Public Roads to follow these recommendations as closely as is practical and possible in preparing the highway budgets for the next biennial.

On motion the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Colman—1.

Leave of Absence.

The following resolution was presented in accordance with the recommendation of his Honor the Mayor:

Resolution No. 29382 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. John Hermann, member of the Election Commission, is hereby granted a leave of absence for a period of sixty

Providing That Wholesale Food Terminals, Warehouses, Freight Yards and Ferry Terminals Shall Not Be Constructed or Established Within a Certain District.

From Joint Committee on Public Buildings and Health:

Bill No. 8632, Ordinance No. 8140 (New Series), as follows:

Providing that wholesale food terminals, warehouses, freight yards and ferry terminals shall not be constructed or established, erected or constructed within a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of the provisions hereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No wholesale food terminal, warehouse, freight yard or ferry terminal shall be constructed, erected or established within the territory bounded on the north by the waters of San Francisco Bay, on the east by the westerly line of Van Ness avenue, on the south by Jackson street, and on the west by the westerly line of Lyon street.

Section 2. No building permit shall be issued or granted by the Board of Public Works for the erection, construction or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued or granted shall be void.

Section 3. No certificate of occupancy shall be issued or granted by the Board of Health, authorizing or permitting any person, firm or corporation to occupy or use any building or structure in place within the above bounded district for or as a wholesale food terminal, warehouse, freight yard or ferry terminal.

Section 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon the conviction thereof shall be punishable by a fine not to exceed $500, or by imprisonment in the County Jail not to exceed six months, or by both such fine and imprisonment. And any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, permitted or continued by such person, firm or corporation.

Upon the question of final passage of the foregoing bill and ordinance Supervisor Andriano was heard at length in explanation of his vote, as follows:

At last Monday's meeting, Mr. Chairman, I said that I considered it unfair to insist upon an immediate vote on this ordinance, for the reason that the joint committee that had the ordinance under consideration for two or three months, and had held meetings and had heard all the arguments, had failed to bring in a recommendation, and that I, who heard the arguments for the first time, desired a little time to consider them, to inspect the property affected by the ordinance, and to consider, also, the validity of the ordinance. But the Board saw fit, and amongst the members who voted to pass the ordinance to print were also those who had such difficulty in forming their minds while the matter was pending before them in committee, to the extent that they failed to bring in a recommendation, the Board, I say, saw fit to pass the ordinance to print with unprecedented speed, as far as my very limited experience on this Board goes. It would have been very easy for me, and convenient, too, to vote with the majority. But I felt that I was not justified in voting with the majority at that time, and consequently I voted "no." If I had voted otherwise, I would have felt that I was derelict in my duty as a mem-

ber of this Board. I am not at all sorry that I voted as I did, even though I may have incurred the displeasure of some of the residents of the Marina, among whom are some of my friends, and the criticism of the press, for the people and the press and the members of this Board may as well know now that, as far as my vote is concerned, the brow-beating tactics that were adopted last Monday in order to force an immediate vote upon a proposition will have absolutely no effect. I welcome information, I welcome argument, no matter from what source they may come. But when it is sought to make use of intimidation or coercion, it does not make any difference whether it be the press, the improvement clubs, the civic clubs, my colleagues on this Board, or the Mayor himself, as far as my vote is concerned—well, I simply say that I hope that I will never be so craven or so pusillanimous as to yield to them. Since then, Mr. Chairman, I have made an inspection of the premises and the property involved in this resolution, and I have ascertained that practically all of the property affected is under water, both during low tide and during high tide; that that property cannot be used for either residential or commercial purposes, and by "commercial" I mean the conduct of stores, because it is two and three blocks in the water, and there are no residences within a radius of at least four blocks. I ascertained that directly opposite the principal tract involved in this ordinance is a huge gas tank constantly emitting offensive smells. I ascertained that to the right or east of this main tract are three large government docks; that there are on the government property adjoining the docks huge warehouses. I ascertained that these people have been paying thousands of dollars to the City and County of San Francisco in taxes; that the annual tax for these water lots exceeds $2,000. I ascertained, too, that the value of this property runs up into the hundreds of thousands, possibly millions of dollars. And I concluded that—was impelled to the conclusion—for the Board of Supervisors to pass this ordinance is equivalent to saying that the owners of this property cannot use their property because it is practically unsuitable for any purpose except the purposes mentioned in this specific ordinance. I consider that the ordinance is invalid, as a matter of law, and the four or five attorneys whom I have consulted since last Monday's meeting agree with my opinion. But, aside from the fact as to whether it is or is not invalid, I am convinced that the enactment of this ordinance would work a very grave injustice upon the owners of that property, and I care not who they are. I am convinced that it would be depriving the owners of that property of their vested rights without due compensation. I am told, and, no doubt, it is true, that the people interested in the enactment of this ordinance propose, at some time in the future, to have the city buy this property. I say that is putting the cart before the horse, that the proper thing to have done would have been for the city to buy the property and then prohibit its use. And as much as I would like to vote to please the people of the Marina, amongst whom, I repeat, are very many of my intimate friends, to keep industries and commercial enterprises away from that section of the bay shore west of Van Ness avenue, I cannot find it in my heart to take the property away from these owners. In a democracy like ours, Mr. Chairman, all that we are are our rights. It does not make any difference whether it be the right of private worship, or the right of free speech, or the right of lawful assembly, or the right of property. And if we ignore or disregard these rights I say that there is an end of free government; it does not make any difference how large a majority may insist that these rights be denied. And so, while I did vote against the ordinance last Monday, almost instinctively, because I felt that substantial property rights were being violated, and also as a protest against the stampeding tactics of the people that crowded these chambers, I am prepared today to vote, and to vote in the same manner that I voted last Monday. And I make apologies to no one. I am prepared to vote in the negative, Mr. Chairman, because I am convinced that in so doing I am voting according to the principles of justice and fairness. And if it be said that I am unmindful of my friends in the Marina, or that I am disregarding the interests of the district which I am supposed to represent above the rest, I can only answer, "Let justice be done though the heavens fall."

Whereupon, the question being called, the said bill and ordinance was *finally passed* by the following vote:

Condemnation of Lands in Alameda County for Hetch Hetchy Purposes.

Also, Resolution No. ——— (New Series), as follows:

Resolved, That the public interest and necessity demand the acquisition through eminent domain proceedings of the following described lands, situated in the County of Alameda, State of California, for the purposes hereinafter described, for the public use of the City and County of San Francisco; said lands being more particularly described as follows, to-wit:

Parcel 1: A strip of land, 230 feet in width, extending from the easterly boundary of the 59.78-acre tract of land hereinafter mentioned to the westerly boundary thereof, said strip being described as follows:

Beginning at a point in the southwesterly boundary of that certain 59.78-acre tract of land conveyed to William J. Roney and Florence C. Roney, his wife, by deed dated November 26, 1918, and recorded November 27, 1918, in Book 2700 of Deeds, page 321, Alameda County records; said point is distant along said boundary northwesterly 1096.9 feet from a live oak tree at the most southerly corner of said tract; thence running northwesterly from the point of beginning along said southwesterly boundary 245.4 feet; thence north 79 deg. 59 min. east 841 feet, more or less, to a point in the easterly boundary of said 59.78-acre tract; thence south 10 deg. 48 min. east along said easterly line 230.05 feet; thence south 79 deg. 59 min. west 759 feet, more or less, to the point of beginning. Containing 4.22 acres, more or less.

Parcel 2: Beginning at the northwesterly corner of Parcel 1, hereinabove described, thence running along the northerly boundary of said Parcel 1 north 79 deg. 59 min. east 287.8 feet; thence north 23 deg. 25 min. west 585.95 feet; thence south 79 deg. 59 min. west 364 feet, more or less, to a point in the southwesterly boundary of said 59.78-acre tract; thence southeasterly 608 feet, more or less, along said boundary to the point of beginning. Containing 4.27 acres, more or less.

Parcel 3: Beginning at a point in the southeasterly boundary of the land of Eugenia da Gloria Faria, distant along said boundary northeasterly 650 feet from its intersection with the northeasterly line of the State Highway running from Niles to Mission San Jose; said point of intersection bears north 53 deg. 56 min. west 345.35 feet along the northeasterly boundary of said State Highway from a concrete monument set in the ground opposite California Highway Commission Engineer Station 611+00, Division IV, Alameda County, Route 5, Section C; thence running along said boundary of land of said Eugenia da Gloria Faria northeasterly 388.4 feet to the most easterly corner of said land; thence continuing along the northeasterly boundary of land of Eugenia da Gloria Faria as follows: North 27 deg. 26 min. west 190.08 feet; north 52 deg. 11 min. west 81.18 feet to the most northerly corner of land of said Eugenia da Gloria Faria; thence running along the northwesterly boundary of the land of said Eugenia da Gloria Faria south 41 deg. 59 min. west 446 feet; thence leaving said northwesterly boundary and running southeasterly in a straight line 260 feet, more or less, to the point of beginning. Containing 2.6 acres, more or less.

In the above description it is assumed that existing fences mark the boundaries of the land of Eugenia da Gloria Faria.

Parcel 4: Beginning at a point in the boundary between land of Antonio L. da Silva and land of Maria L. Borge, distant along said boundary north 42 deg. 01 min. east 215.9 feet from its intersection with the northeasterly line of the State Highway running from Niles to Mission San Jose; said point of intersection bears north 53 deg. 56 min. west 855.2 feet along the northeasterly line of said State Highway from a concrete monument set in the ground opposite California Highway Commission Engineer Station 611+00, Division IV, Alameda County, Route 5, Section C; thence from the point of beginning north 68 deg. 49 min. east 549.4 feet; thence south 48 deg. 01 min. east 4.7 feet to a point in the boundary between land now or formerly of Eugenia da Gloria Faria and land of Maria L. Borge; thence north 41 deg. 59 min. east along said boundary 446 feet to the corner common to land now or formerly of Eugenia da Gloria Faria, land now or formerly of Amelia Pinheiro et al. and land of said Maria L. Borge; thence along the boundary between land now or formerly of Amelia Pinheiro et al. and land of Maria L. Borge as follows: North 1 deg. 34 min. east 174.9 feet; south 81 deg. 49 min. west 217.8 feet to the corner common to land now or formerly of Antonio L. da Silva, land now or formerly of Amelia Pinheiro et al. and land of Maria L. Borge; thence southwesterly along the boundary between land now or formerly of Antonio L. da Silva and land of Maria L. Borge 900.1 feet to the point of beginning. Containing 4.3 acres, more or less.

In the above description it is assumed that existing fences mark the boundaries of land of Maria L. Borge.

The taking of said property is necessary for the construction, maintenance and operation by the City and County of San Francisco of a portion of the Hetch Hetchy aqueduct, now being constructed by said City and County of San Francisco, and designed and intended to convey water from Lake Eleanor and the Tuolumne river and its tributaries to the said City and County of San Francisco for municipal and domestic purposes; that the taking of said property is further necessary for the future proper development and control of said aqueduct and for the structures and roadways appurtenant thereto and used in connection therewith, as a site for permanent houses and homes to be used and occupied by the persons constructing, operating and maintaining said aqueduct, and for permanent rights of way, water pipe lines, electric transmission lines, telephone lines, roads and pathways, all to be used in connection with the construction, maintenance and operation of said aqueduct and the appurtenances thereto. It is necessary that a fee simple title be taken for such uses.

The City Attorney is hereby authorized and directed to commence eminent domain proceedings against the owners of said property and of all interest therein or claims against or liens upon said property, for the condemnation of said rights, interests, claims and liens to the public use of the City and County of San Francisco for the said purposes above specified.

Authorizing the Mayor to Execute a Lease of Hangar at the Municipal Airport.

Recommendation of Airport Committee:

Bill No. 8637, Ordinance No. —— (New Series), as follows:

Authorizing and directing the Mayor and Clerk of the Board of Supervisors to execute a lease, in behalf of the City and County of San Francisco, with the Union Air Lines, Inc., a corporation, for the rental of space in Hangar No. 1 of the San Francisco Municipal Airport, Mills Field, situated in the County of San Mateo, State of California, at a monthly rental of three hundred ($300) dollars.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to enter into the following lease with the Union Air Lines, Inc., a corporation, for the rental of space in Hangar No. 1 of the San Francisco Municipal Airport, Mills Field, situated in the County of San Mateo, State of California, at a monthly rental of three hundred ($300) dollars; said lease to read as follows:

This indenture, made this 14th day of July, 1928, by and between the City and County of San Francisco, a municipal corporation organized under the laws of the State of California, hereinafter called the "Lessor", and Union Air Lines,

Inc., a corporation, hereinafter called the "Lessee";

Witnesseth: That the lessor hereby leases, lets and demises unto the lessee, for the period and upon the terms and conditions hereinafter set forth, the following real property, situated in the County of San Mateo, State of California, to-wit:

First: Hangar No. 1 of the San Francisco Municipal Airport, Mills Field, together with the right at all times to use said Airport and the facilities of the same; subject, however, to the rules and regulations promulgated and approved, from time to time, by the Airport Committee of the Board of Supervisors of the City and County of San Francisco.

Second: The term of this lease shall be from the 14th day of July, 1928, until the 14th day of March, 1930; subject to extension and termination as hereinafter provided. The lease may be renewed and extended upon the same terms for one year and three months after the expiration thereof, provided the lessor shall remain in possession of said real property for said period of time, and in the event the lessor shall thereafter continue in possession of said property, the lease may be renewed upon terms and conditions mutually agreeable to the parties thereto.

Third: As rental for said demised premises, the lessee shall pay to the lessor the sum of three hundred ($300) dollars per month, payable in advance on the 15th day of each and every month of the term hereof. The lessor admits receipt of six hundred ($600) dollars on account of such rental, covering the rental for the first and the last months of said term. Upon any default in the payment of said rental the lessor, at its option, may terminate this lease and reenter said premises.

Fourth: Upon any destruction of said hangar building, by fire or other cause, the lessee at its option may terminate this lease.

The lessee shall take reasonable precautions against fire in and about said premises.

Fifth: The lessee shall hold the lessor free and harmless for any and all claims for damages occasioned by any and all acts of the lessee, and lessee shall, at its own expense, insure all its employees under the Workmen's Compensation Laws of this State.

In witness whereof, the parties heretofore have duly executed these presents.

CITY AND COUNTY OF SAN FRANCISCO,

By ....., Mayor.

UNION AIR LINES, INC.,

By ....., President.

By ....., Secretary.

....., Clerk of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Parcel 10: Beginning at a point on the southwesterly line of Sickles avenue, distant thereon 177 feet northwesterly from the northwesterly line of Winnipeg avenue, and running thence northwesterly along said southwesterly line 60 feet to the southeasterly line of the property now or formerly owned by James Lane; thence at right angles southwesterly along said southeasterly line 40 feet; thence at right angles southeasterly and parallel to the southwesterly line of Sickles avenue 21.387 feet; thence southeasterly, southerly and southwesterly along a curve to the right, tangent to the preceding course, having a radius

of 12 feet and a central angle of 116 deg. 51 min. 11 sec, a distance of 24.474 feet to the northwesterly line of the proposed Alemany boulevard; thence southwesterly along said northwesterly line, being a curve to the right, tangent to the preceding course, having a radius of 1860.078 feet and a central angle of 0 deg. 46 min. 56 sec, a distance of 25.395 feet to the southwesterly line of Lot 12 of Block 7, as shown on map entitled "West End Map No. 2," and recorded in Map Book "2 A and B," at page 47, Records of the City and County of San Francisco; thence deflecting to the left 117 deg. 38 min. 07 sec. from the tangent to preceding curve and running southeasterly along said southwesterly line 2.25 feet to the northwesterly line of the property of the City and County of San Francisco; thence deflecting to the left 66 deg. 22 min. 14 sec. and running northeasterly along said northwesterly line 87.32 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of said Lot 12.

Parcel 11: Beginning at a point on the northeasterly line of Sickles avenue, distant thereon 108.875 feet northwesterly from the northwesterly line of De Wolf street, and running thence northwesterly along said northeasterly line 1.717 feet; thence southeasterly along a curve to the left, tangent to the preceding course, having a radius of 160 feet and a central angle of 0 deg. 36 min. 54 sec, a distance of 1.717 feet to a point in a line drawn at right angles northeasterly to the northeasterly line of Sickles avenue from the point of beginning; thence southwesterly along said line so drawn a distance of 0.025 feet to the point of beginning. Being a portion of West End Map No. 2.

Parcel 12: Beginning at the point of intersection of the northeasterly line of Sickles avenue and the southeasterly line of Lot 17 of Block 6 of Sears' Subdivision of West End Map No. 2, as shown on map thereof recorded in Map Book "C and D," at page 153, Records of the City and County of San Francisco, and running thence northwesterly along said northeasterly line 33.875 feet; thence at right angles northeasterly 0.025 feet; thence southeasterly along a curve to the left, tangent to a line deflected to the right 89 deg. 23 min. 06 sec. from the preceding course, having a radius of 160 feet and a central angle of 12 deg. 14 min. 17 sec., a distance of 34.175 feet to said southeasterly line of said Lot 17; thence deflecting to the right 102 deg. 51 min. 11 sec. from the tangent to said curve of preceding course, and running southwesterly along said southeasterly line 4.009 feet to the northeasterly line of Sickles avenue and the point of beginning. Being a portion of West End Map No. 2.

Parcel 13: Beginning at a point on the northeasterly line of Sickles avenue, distant thereon 47 feet northwesterly from the northwesterly line of De Wolf street, and running thence northwesterly along said northeasterly line 28 feet to the northwesterly line of Lot 18, Block 6, Sears' Subdivision of West End Map No. 2, as shown on map thereof recorded in Map Book "C and D," page 153, Records of the City and County of San Francisco; thence at right angles northeasterly along said northwesterly line 4.009 feet; thence southeasterly along a curve to the left, tangent to a line deflected to the right 77 deg. 08 min. 49 sec. from the preceding course, having a radius of 160 feet and a central angle of 10 deg. 33 min. 57 sec., a distance of 29.505 feet; thence deflecting to the left 113 deg. 25 min. 08 sec. from the tangent to said curve of preceding course and running southwesterly 13.180 feet to the northeasterly line of Sickles avenue and the point of beginning. Being portions of Lots 18 and 19 of said Block 6.

Parcel 14: Beginning at the point of intersection of the northwesterly line of De Wolf street and the northeasterly line of Sickles avenue, and running thence northwesterly along said northeasterly line 47 feet; thence at right angles northeasterly 13.180 feet; thence southeasterly along a curve to the left tangent to a line deflected to the right 66 deg. 34 min. 52 sec. from the preceding course, with a radius of 160 feet and a central angle of 10 deg. 0 min. 20 sec., a distance of 27.941 feet; thence southeasterly, easterly and northeasterly on a curve to the left, tangent to said curve of preceding course, having a radius of 50 feet and a central angle of 56 deg. 34 min. 32 sec., a dis-

tance of 49.372 feet to its point of tangency on the northwesterly line of De Wolf street; thence southwesterly along said northwesterly line 68.193 feet to the northeasterly line of Sickles avenue and the point of beginning. Being portions of Lots 19 and 20 of Block 6, Sears' Subdivision of West End Map No. 2, as shown on map thereof recorded in Map Book "C and D," at page 153, Records of the City and County of San Francisco.

Parcel 15: Beginning at a point on the southwesterly line of Sickles avenue, distant thereon 50 feet northwesterly from the northwesterly line of Winnipeg avenue, and running thence northwesterly along said southwesterly line 25 feet to the southeasterly line of the property of the City and County of San Francisco; thence deflecting to the left 72 deg. 38 min. 46 sec. and running southwesterly along said southeasterly line 70.810 feet to the southeasterly line of the proposed Alemany boulevard; thence northeasterly along said southeasterly line, being a curve to the left, tangent to a line deflected to the left 171 deg. 38 min. 31 sec. from the preceding course, having a radius of 1960.078 feet and a central angle of 0 deg. 22 min. 45 sec, a distance of 12.544 feet; thence continuing northeasterly along said southeasterly line, tangent to said curve of preceding course 27.038 feet; thence northeasterly, easterly and southeasterly along a curve to the right, tangent to the preceding course, having a radius of 20 feet and a central angle of 64 deg. 40 min. 02 sec., a distance of 22.573 feet to a point which is distant southwesterly at right angles 20 feet from the southwesterly line of Sickles avenue; thence southeasterly, tangent to said curve of preceding course, and parallel to said line of Sickles avenue, a distance of 10.885 feet to the northwesterly line of the property now or formerly owned by Felix and Emma Vanneste; thence at right angles northeasterly along said northwesterly line 20 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of Lot 12 of Block 7 of West End Map No. 2, as shown on map thereof recorded in Map Book "2 A and B," at page 47, Records of the City and County of San Francisco.

Parcel 16: Beginning at the point of intersection of the northwesterly line of Winnipeg avenue and the southwesterly line of Sickles avenue, and running thence northwesterly along said southwesterly line 50 feet; thence at right angles southwesterly 20 feet; thence at right angles southeasterly 50 feet to the northwesterly line of Winnipeg avenue; thence at right angles northeasterly along said northwesterly line 20 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of Lot 12 of Block 7, West End Map No. 2, as shown on map thereof recorded in Map Book "2 A and B," at page 47, Records of the City and County of San Francisco.

Parcel 17: Beginning at a point on the westerly line of Orizaba street, distant northerly thereon 52.398 feet from Palmetto avenue; thence northerly along the westerly line of Orizaba street 10.965 feet; thence deflecting 68 deg. 00 min. 52 sec. to the left and running northwesterly 53.921 feet; thence deflecting 111 deg. 59 min. 08 sec. to the left and running southerly and parallel with the westerly line of Orizaba street 12.624 feet; thence deflecting 69 deg. 40 min. 02 sec. to the left and running southeasterly 53.322 feet to the westerly line of Orizaba street and the point of beginning.

Parcel 18: Beginning at a point on the northerly line of Palmetto avenue, distant thereon 50.000 feet westerly from the westerly line of Orizaba street and running thence northerly and parallel to Orizaba street 70.926 feet to the true point of beginning of this description; thence northerly and parallel with Orizaba street 19.074 feet; thence westerly parallel with the northerly line of Palmetto avenue 25 feet; thence southerly parallel with the westerly line of Orizaba street 9.810 feet; thence deflecting 69 deg. 40 min. 02 sec. to the left and running southeasterly 26.661 feet to the true point of beginning.

Parcel 19: Beginning at a point on the northerly line of Palmetto avenue, distant thereon 100 feet westerly from the westerly line of Orizaba street and running thence northerly and parallel with the westerly line of Orizaba street 89.454 feet to the true point of begin-

ning; thence northerly and parallel to Orizaba street 10.546 feet; thence westerly and parallel to the northerly line of Palmetto avenue 28.459 feet; thence deflecting 159 deg. 40 min. 02 sec. to the left and running southeasterly 30.346 feet to the true point of beginning.

Parcel 20: Beginning at a point on the easterly line of Bright street, distant thereon 109.266 feet northerly from the northerly line of Palmetto avenue; thence northerly, northeasterly and southeasterly on a curve to the right tangent to the easterly line of Bright street, having a radius of 12.000 feet, a central angle of 110 deg. 19 min. 58 sec., a distance of 23.108 feet; thence southeasterly tangent to the preceding course 59.055 feet; thence deflecting 20 deg. 19 min. 58 sec. to the left and running easterly 37.712 feet to the southwesterly line of a parcel of land conveyed to the City and County of San Francisco by deed recorded in Book 1053, page 61, Official Records of said City and County; thence deflecting 158 deg. 00 min. 52 sec. to the left and running northwesterly along said southwesterly line 117.823 feet to the easterly line of Bright street; thence deflecting 111 deg. 59 min. 08 sec. to the left and running southerly along the easterly line of Bright street 34.844 feet to the point of beginning.

Parcel 21: Beginning at a point on the easterly line of Bright street, distant thereon 325 feet southerly from the southerly line of Stanley street; thence at right angles easterly 100 feet; thence at right angles southerly 25 feet; thence at right angles westerly 86.665 feet; thence deflecting 21 deg. 59 min. 08 sec. to the right and running 14.380 feet to the easterly line of Bright street; thence northerly along said line of Bright street 19.616 feet to the point of beginning. Being a part of Lot 14, Block 52, of City Land Association, as per map thereof recorded in Map Book C and D, page 11, Records of the City and County of San Francisco.

Parcel 22: Beginning at a point on the westerly line of Orizaba street, distant southerly thereon 350.000 feet from the southerly line of Stanley street; thence southerly along the westerly line of Orizaba street 25.000 feet; thence westerly parallel with the southerly line of Stanley street 100 feet; thence northerly parallel with the westerly line of Orizaba street 25 feet; thence easterly parallel with the southerly line of Stanley street 100 feet to the westerly line of Orizaba street and the point of beginning.

Parcel 23: Beginning at a point on the westerly line of Bright street, distant northerly thereon 148.761 feet from the northerly line of Palmetto avenue; thence deflecting 69 deg. 40 min. 02 sec. to the left from the westerly line of Bright street and running northwesterly 64.151 feet; thence deflecting 1 deg. 39 min. 10 sec. to the right and running northwesterly 10.547 feet to the southerly line of lands owned by the City and County of San Francisco; thence deflecting 158 deg. 00 min. 52 sec. to the right and running easterly along said southerly line 69.933 feet to the westerly line of Bright street; thence southerly along said westerly line of Bright street 26.239 feet to the point of beginning.

Parcel 24: Beginning at a point on the westerly line of Head street, distant thereon 300.000 feet southerly from the southerly line of Stanley street; thence at right angles westerly 100 feet; thence at right angles southerly 7.594 feet; thence southeasterly on a curve to the right whose tangent at the last-named point deflects 79 deg. 48 min. 07 sec. to the left from the preceding course, having a radius of 1086.279 feet, central angle of 5 deg. 24 min. 48 sec., a distance of 102.632 feet to the westerly line of Head street; thence northerly along the westerly line of Head street 30.506 feet to the point of beginning.

Parcel 25: Beginning at a point on the easterly line of Victoria street, distant thereon 274.292 feet southerly from the southerly line of Stanley street; thence easterly on a curve to the right whose tangent at the last-named point deflects 85 deg. 12 min. 45 sec. to the left from said easterly line, having a radius of 1106.279 feet; central angle of 5 deg. 13 min. 28 sec., a distance of 100.875 feet; thence southerly and parallel with Victoria street on a line which deflects at the last-named point 79 deg. 59 min. 17 sec. to the right from the

tangent to preceding curve a distance of 20.314 feet; thence westerly on a curve to the left whose tangent at the last-named point deflects 100 deg. 11 min. 53 sec. to the right from the preceding course, having a radius of 1086.279 feet, a central angle 5 deg. 19 min. 20 sec., a distance of 100.905 feet to the easterly line of Victoria street; thence northerly along said line of Victoria street 20.071 feet to the point of beginning.

Parcel 26: Beginning at a point on the easterly line of Ramsell street, distant thereon 275.000 feet southerly from the southerly line of Stanley street; thence at right angles easterly 100 feet; thence at right angles southerly 17.542 feet; thence westerly on a curve to the left whose tangent at the last-mentioned point deflects 86 deg. 25 min. 42 sec. to the right from the preceding course, having a radius of 1086.280 feet, a central angle of 4 deg. 02 min. 19 sec., a distance of 76.568 feet to a point distant southerly at right angles 300 feet from the southerly line of Stanley street; thence westerly along a line drawn at right angles to the easterly line of Ramsell street and which deflects 7 deg. 36 min. 37 sec. to the right from the tangent to the preceding course at last-mentioned point, a distance of 23.810 feet to the easterly line of Ramsell street; thence northerly along the easterly line of Ramsell street 25.000 feet to the point of beginning.

Parcel 27: Beginning at a point on the easterly line of Ramsell street, distant thereon 303.450 feet southerly from the southerly line of Stanley street; thence northerly along the said easterly line of Ramsell street 3.450 feet; thence at right angles easterly 23.810 feet; thence southwesterly on a curve to the left whose tangent at the last-mentioned point deflects 172 deg. 23 min. 23 sec. to the right from the preceding course, having a radius of 1086.280 feet, a central angle of 1 deg. 16 min. 08 sec., a distance of 24.057 feet to the easterly line of Ramsell street and the point of beginning.

Parcel 28: Beginning at a point distant southerly at right angles 325.000 feet from the southerly line of Stanley street and distant 44.187 feet at right angles westerly from the westerly line of Ramsell street; thence westerly and at right angles to Ramsell street 55.813 feet; thence at right angles southerly 16.041 feet; thence northeasterly on a curve to the right whose tangent at the last-named point deflects 107 deg. 33 min. 23 sec. to the left from the preceding course, having a radius of 1086.280 feet, a central angle of 3 deg. 03 min. 48 sec., a distance of 58.078 feet to the point of beginning.

Parcel 29: Beginning at a point distant southerly at right angles 325.000 feet from the southerly line of Stanley street and distant 100 feet at right angles westerly from the westerly line of Ramsell street; thence westerly and at right angles to Ramsell street 25.000 feet; thence at right angles southerly 24.284 feet; thence northeasterly on a curve to the right, whose tangent at the last-named point deflects 108 deg. 56 min. 42 sec. to the left from the preceding course, having a radius of 1086.280 feet, central angle of 1 deg. 23 min. 19 sec., a distance of 26.327 feet; thence northerly and parallel to Ramsell street 16.041 feet to the point of beginning.

Parcel 30: Beginning at a point distant southerly at right angles 335 feet from the southerly line of Stanley street and distant westerly at right angles 125 feet from the westerly line of Ramsell street; thence westerly at right angles to said westerly line 25.000 feet; thence at right angles southerly 23.208 feet; thence northeasterly on a curve to the right whose tangent at the last-named point deflects 110 deg. 20 min. 42 sec. to the left from the preceding course, having a radius of 1086.280 feet, central angle of 1 deg. 24 min. 00 sec., a distance of 26.543 feet; thence northerly and parallel to Ramsell street 14.284 feet to the point of beginning.

Parcel 31: Beginning at the northwesterly corner of Lot 2, Block 2, of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence easterly along the southerly line of Palmetto avenue and the northerly boundary of said Lot 2, a distance of 25 feet, more or less, to the westerly line of Lot 3, as per said Map of Ocean View Park;

thence southerly along said westerly boundary line of said Lot 3, a distance of 9.754 feet; thence deflecting 63 deg. 55 min. 19 sec. to the right and running southwesterly 27.835 feet to the easterly boundary line of Lot 1, as per said Map of Ocean View Park; thence deflecting 116 deg. 04 min. 41 sec. to the right and running northerly along said easterly line of Lot 1, 21.989 feet to the southerly line of Palmetto avenue and the point of beginning. Being a portion of Lot 2, Block 2, of said Ocean View Park.

Parcel 32: Beginning at the point of intersection of the southerly line of Palmetto avenue with the easterly line of St. Charles avenue and running thence westerly along said southerly line of Palmetto avenue 25 feet to the westerly line of Lot 2, Block 2, of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence at right angles southerly and running along the westerly line of said Lot 2, 21.989 feet; thence deflecting 63 deg. 55 min. 19 sec. to the right and running southwesterly 7.410 feet; thence southwesterly on a curve to the left tangent to the preceding course, radius of 1372.685 feet; central angle 0 deg. 51 min. 20 sec., a distance of 20.497 feet to the easterly line of St. Charles avenue; thence northerly along the easterly line of St. Charles avenue 34.394 feet to the southerly line of Palmetto avenue and the point of beginning. Being a portion of Lot 1, Block 2, of said Ocean View Park.

Parcel 33: Beginning at a point on the westerly line of St. Charles avenue, distant thereon 81.572 feet southerly from the southerly line of Palmetto avenue; thence northerly, westerly and southwesterly on a curve to the left tangent to said easterly line of St. Charles avenue, having a radius of 12.000 feet, central angle 120 deg. 10 min. 00 sec., a distance of 25.167 feet to a point of compound curvature; thence southwesterly on a curve to the left tangent to the preceding curve, having a radius of 1372.6854 feet, central angle 4 deg. 11 min. 29 sec., a distance of 100.416 feet to a point on the northerly line of Lot 2, Block 3 of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence deflecting 55 deg. 38 min. 31 sec. to the right from the tangent to the preceding course and running westerly along the northerly line of said Lot 2 a distance of 7.074 feet to the westerly line of said Lot 2; thence at right angles southerly 4.959 feet; thence southwesterly on a curve to the left whose tangent deflects 55 deg. 16 min. 36 sec. to the right from the preceding course, having a radius of 1372.6854 feet, central angle of 4 deg. 42 min. 10 sec., a distance of 112.669 feet to a point on the easterly boundary line of lands owned by L. V. Roberts; thence deflecting 129 deg. 25 min. 34 sec. to the right from the tangent to the preceding curve and running northerly along said line of L. V. Roberts' property 25.769 feet to a point on the southeasterly property line of lands owned by the City and County of San Francisco; thence northeasterly along said southeasterly line on a curve to the right whose tangent deflects 51 deg. 14 min. 50 sec. to the right from the preceding course, having a radius of 1392.6854 feet, a central angle of 9 deg. 54 min. 49 sec., a distance of 240.970 feet to a point on the westerly line of St. Charles avenue; thence southerly along said westerly line of St. Charles avenue 43.344 feet to the point of beginning.

Parcel 34: Beginning at a point on the northerly boundary line of Lot 2, Block 3, Ocean View Park, as recorded in Map Book "G," pages 36 and 37, Records of the City and County of San Francisco, said point being distant at right angles thereon 102.926 feet westerly from the westerly line of St. Charles avenue, said northerly boundary line being distant at right angles 125 feet southerly from the southerly line of Palmetto avenue; thence westerly along said northerly line 7.074 feet; thence at right angles southerly 4.959 feet; thence northeasterly along a curve to the right, tangent at last described point to a line which deflects to the left 124 deg. 43 min. 24 sec. from the preceding course, said curve having a radius of 1372.685 feet, central angle of 0 deg. 21 min. 55 sec., a distance of 8.751 feet to said northerly

boundary line of Lot 2 and the point of beginning. Being a portion of said Lot 2 of said Block 3.

Parcel 35: Beginning at a point on the southerly line of Palmetto avenue, distant thereon 93.586 feet westerly from the westerly line of St. Charles avenue; thence westerly along said line of Palmetto avenue 41.679 feet; thence easterly, southeasterly, southerly and southwesterly on a curve to the right, tangent to the preceding course, radius 12.000 feet, central angle 147 deg. 04 min. 22 sec., a distance of 30.803 feet; thence northeasterly on a curve to the right tangent to the preceding course, radius 1472.6854 feet, central angle 1 deg. 36 min. 54 sec., a distance of 41.511 feet to the southerly line of Palmetto avenue and the point of beginning. Being a portion of Block 3, as per map of Ocean View Park, as recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco.

Parcel 36: Beginning at a point on the easterly line of Chester avenue, distant thereon 250 feet southerly from the southerly line of Palmetto avenue; thence northerly along said easterly line of Chester avenue 11.095 feet to a curve boundary line of lands owned by the City and County of San Francisco; thence northeasterly on a curve to the right whose tangent deflects 47 deg. 02 min. 40 sec. to the right from the said easterly line of Chester avenue, having a radius of 1392.6854 feet, central angle 4 deg. 12 min. 10 sec., a distance of 102.157 feet to a boundary line of lands now or formerly owned by T. G. Cummings and R. G. Wahl; thence southerly on a line deflecting 128 deg. 45 min. 10 sec. to the right from the tangent to the preceding course a distance of 25.769 feet; thence southwesterly on a curve to the left whose tangent deflects 50 deg. 34 min. 26 sec. to the right from the preceding course, having a radius of 1372.6854 feet, central angle 3 deg. 18 min. 43 sec., a distance of 79.348 feet, more or less, to a point on the northerly line of Lot 42, Block 3, Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, records of the City and County of San Francisco; thence westerly along said northerly line of Lot 42, which deflects 42 deg. 44 min. 17 sec. to the right from the tangent to the preceding course a distance of 17.449 feet, more or less, to the easterly line of Chester avenue and the point of beginning. Being a portion of the lands shown on said Map of Ocean View Park as being owned by the Ocean Shore Railroad Co.

Parcel 37: Beginning at the southwesterly corner of Lot 8, Block 4, of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence northerly along the westerly boundary of said Lot 25.000 feet to the northerly boundary of said lot; thence easterly along the said northerly line of said lot 23.749 feet; thence southwesterly on a curve to the left whose tangent deflects 128 deg. 25 min. 45 sec. to the right from the preceding course, radius 1372.6854 feet, central angle 0 deg. 09 min. 17 sec., a distance of 3.707 feet to a point of compound curvature; thence southwesterly on a curve to the left tangent to the preceding curve, radius 100.000 feet, central angle 14 deg. 47 min. 36 sec., a distance of 25.819 feet to the southerly line of said Lot 8; thence deflecting 66 deg. 31 min. 08 sec. to the right from the tangent to the preceding course and running westerly along the southerly line of said lot 8.256 feet to the point of beginning. Being a portion of said Lot 8.

Parcel 38: Beginning at the southwesterly corner of Lot 9, Block 4, of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence northerly along the westerly line of said lot 25.000 feet to the northerly line of said Lot 9; thence easterly along said northerly line of Lot 9, a distance of 8.256 feet; thence southerly on a curve to the left whose tangent deflects 113 deg. 28 min. 52 sec. to the right from the preceding course, having a radius of 100.000 feet, central angle 14 deg. 56 min. 40 sec., a distance of 26.083 feet to the southerly boundary of said Lot 9; thence deflecting 81 deg. 27 min. 48 sec. to the right from the tangent to the preceding course and running westerly along said southerly line of said Lot 9 a distance of 1.100 feet to the point of beginning. Being a portion of said Lot 9.

Parcel 39: Beginning at a point on the westerly boundary of Ocean View Park (as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco), distant thereon 469.782 feet southerly from the southerly line of Palmetto avenue; thence northerly on a curve to the right tangent to the said boundary line, radius 100.000 feet, central angle 8 deg. 30 min. 03 sec., a distance of 14.836 feet to the northerly boundary line of Lot 10 of said Ocean View Park; thence westerly on a line deflected 98 deg. 32 min. 12 sec. to the left from the tangent to the preceding course and running along said boundary line of Lot 10 a distance of 1.100 feet to the said westerly boundary line of Ocean View Park; thence southerly along the said westerly boundary line a distance of 14.782 feet to the point of beginning. Condemnation for Rights of Way (Hetch Hetchy).

On recommendation of Public Utilities Committee:

Resolution No. 29418 (New Series), as follows:

Resolved, That the public interest and necessity demand the acquisition, through eminent domain proceedings, of the following described lands, situated in the County of Alameda, State of California, for the purposes hereinafter described, for the public use of the City and County of San Francisco; said lands being more particularly described as follows, to-wit:

Parcel 1: A strip of land, 230 feet in width, extending from the easterly boundary of the 59.78-acre tract of land hereinafter mentioned to the westerly boundary thereof, said strip being described as follows:

Beginning at a point in the southwesterly boundary of that certain 59.78-acre tract of land conveyed to William J. Roney and Florence C. Roney, his wife, by deed dated November 26, 1918, and recorded November 27, 1918, in Book 2700 of Deeds, page 321, Alameda County records; said point is distant along said boundary northwesterly 1096.9 feet from a live oak tree at the most southerly corner of said tract; thence running northwesterly from the point of beginning along said southwesterly boundary 245.4 feet; thence north 79 deg. 59 min. east 841 feet, more or less, to a point in the easterly boundary of said 59.78-acre tract; thence south 10 deg. 48 min. east along said easterly line 230.05 feet; thence south 79 deg. 59 min. west 759 feet, more or less, to the point of beginning. Containing 4.22 acres, more or less.

Parcel 2: Beginning at the northwesterly corner of Parcel 1, hereinabove described, thence running along the northerly boundary of said Parcel 1 north 79 deg. 59 min. east 287.8 feet; thence north 23 deg. 25 min. west 585.95 feet; thence south 79 deg. 59 min. west 364 feet, more or less, to a point in the southwesterly boundary of said 59.78-acre tract; thence southeasterly 608 feet, more or less, along said boundary to the point of beginning. Containing 4.27 acres, more or less.

Parcel 3: Beginning at a point in the southeasterly boundary of the land of Eugenia da Gloria Faria, distant along said boundary northeasterly 650 feet from its intersection with the northeasterly line of the State Highway running from Niles to Mission San Jose; said point of intersection bears north 53 deg. 56 min. west 345.35 feet along the northeasterly boundary of said State Highway from a concrete monument set in the ground opposite California Highway Commission Engineer Station 611+00, Division IV, Alameda County, Route 5, Section C; thence running along said boundary of land of said Eugenia da Gloria Faria northeasterly 388.4 feet to the most easterly corner of said land; thence continuing along the northeasterly boundary of land of Eugenia da Gloria Faria as follows: North 27 deg. 26 min. west 190.08 feet; north 52 deg. 11 min. west 81.18 feet to the most northerly corner of land of said Eugenia da Gloria Faria; thence running along the northwesterly boundary of the land of said Eugenia da Gloria Faria south 41 deg. 59 min. west 446 feet; thence leaving said northwesterly boundary and running southeasterly in a straight line 260 feet, more or less, to the point of beginning. Containing 2.6 acres, more or less.

In the above description it is assumed that existing fences mark the boundaries of the land of Eugenia da Gloria Faria.

Parcel 4: Beginning at a point in the boundary between land of Antonio L. da Silva and land of Maria L. Borge, distant along said boundary north 42 deg. 01 min. east 215.9 feet from its intersection with the northeasterly line of the State Highway running from Niles to Mission San Jose; said point of intersection bears north 53 deg. 56 min. west 855.2 feet along the northeasterly line of said State Highway

from a concrete monument set in the ground opposite California Highway Commission Engineer Station 611+00, Division IV, Alameda County, Route 5, Section C; thence from the point of beginning north 68 deg. 49 min. east 549.4 feet; thence south 48 deg. 01 min. east 4.7 feet to a point in the boundary between land now or formerly of Eugenia da Gloria Faria and land of Maria L. Borge; thence north 41 deg. 59 min. east along said boundary 446 feet to the corner common to land now or formerly of Eugenia da Gloria Faria, land now or formerly of Amelia Pinheiro et al. and land of said Maria L. Borge; thence along the boundary between land now or formerly of Amelia Pinheiro et al. and land of Maria L. Borge as follows: North 1 deg. 34 min. east 174.9 feet; south 81 deg. 49 min. west 217.8 feet to the corner common to land now or formerly of Antonio L. da Silva, land now or formerly of Amelia Pinheiro et al. and land of Maria L. Borge; thence southwesterly along the boundary between land now or formerly of Antonio L. da Silva and land of Maria L. Borge 900.1 feet to the point of beginning. Containing 4.3 acres, more or less.

In the above description it is assumed that existing fences mark the boundaries of land of Maria L. Borge.

The taking of said property is necessary for the construction, maintenance and operation by the City and County of San Francisco of a portion of the Hetch Hetchy aqueduct, now being constructed by said City and County of San Francisco, and designed and intended to convey water from Lake Eleanor and the Tuolumne river and its tributaries to the said City and County of San Francisco for municipal and domestic purposes; that the taking of said property is further necessary for the future proper development and control of said aqueduct and for the structures and roadways appurtenant thereto and used in connection therewith, as a site for permanent houses and homes to be used and occupied by the persons constructing, operating and maintaining said aqueduct, and for permanent rights of way, water pipe lines, electric transmission lines, telephone lines, roads and pathways, all to be used in connection with the construction, maintenance and operation of said aqueduct and the appurtenances thereto. It is necessary that a fee simple title be taken for such uses.

The City Attorney is hereby authorized and directed to commence eminent domain proceedings against the owners of said property and of all interests therein or claims against or liens upon said property, for the condemnation of said rights, interests, claims and liens to the public use of the City and County of San Francisco for the said purposes above specified.

Airport Lease.

On recommendation of Airport Committee:

Bill No. 8637, Ordinance No. 8145 (New Series), as follows:

Authorizing and directing the Mayor and Clerk of the Board of Supervisors to execute a lease, in behalf of the City and County of San Francisco, with the Union Air Lines, Inc., a corporation, for the rental of space in Hangar No. 1 of the San Francisco Municipal Airport, Mills Field, situated in the County of San Mateo, State of California, at a monthly rental of three hundred ($300) dollars.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to enter into the following lease with the Union Air Lines, Inc., a corporation, for the rental of space in Hangar No. 1 of the San Francisco Municipal Airport, Mills Field, situated in the County of San Mateo, State of California, at a monthly rate of three hundred ($300) dollars; said lease to read as follows:

This indenture, made this 14th day of July, 1928, by and between the City and County of San Francisco, a municipal corporation, organized under the laws of the State of California, hereinafter called the "Lessor," and Union Air Lines, Inc., a corporation, hereinafter called the "Lessee";

Witnesseth: That the lessor hereby leases, lets and demises unto the lessee, for the period and upon the terms and conditions hereinafter set forth, the following real property, situated in the County of San Mateo, State of California, to-wit:

First: Hangar No. 1 of the San Francisco Municipal Airport, Mills Field, together with the right at all times to use said Airport and the facilities of the same; subject, however, to the rules and regulations promulgated and approved, from time to time, by the Airport Committee of the Board of Supervisors of the City and County of San Francisco.

Second: The term of this lease shall be from the 14th day of July, 1928, until the 14th day of March, 1930; subject to extension and termination as hereinafter provided. The lease may be renewed and extended upon the same terms for one year and three months after the expiration thereof, provided the lessor shall remain in possession of said real property for said period of time, and in the event the lessor shall thereafter continue in possession of said property, this lease may be renewed upon terms and conditions mutually agreeable to the parties hereto.

Third: As rental for said demised premises, the lessee shall pay to the lessor the sum of three hundred ($300) dollars per month, payable in advance on the 15th day of each and every month of the term hereof. The lessor admits receipt of six hundred ($600) dollars on account of such rental, covering the rental for the first and the last months of said term. Upon any default in the payment of said rental the lessor, at its option, may terminate this lease and reenter said premises.

Fourth: Upon any destruction of said hangar building, by fire or other cause, the lessee at its option may terminate this lease.

The lessee shall take reasonable precautions against fire in and about said premises.

Fifth: The lessee shall hold the lessor free and harmless for any and all claims for damages occasioned by any and all acts of the lessee, and lessee shall, at its own expense, insure all its employees under the Workmen's Compensation Laws of this State.

In witness whereof, the parties heretofore have duly executed these presents.

On recommendation of Public Buildings and Lands Committee:

Resolution No. 29419 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco, that public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corpora-

tion, of the following properties situated in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

Parcel 1: Beginning at a point on the southerly line of Sagamore street, distant thereon 555 feet easterly from the easterly line of Orizaba street, running thence easterly along the southerly line of Sagamore street a distance of 25 feet; thence at right angles southerly 40 feet; thence at right angles westerly 25 feet; thence at right angles northerly 40 feet to the southerly line of Sagamore street and the point of beginning. Being a portion of Lot 5 of Block A, Railroad Homestead Association, as per map thereof recorded in Map Book "C and D," at page 111, Records of the City and County of San Francisco.

Parcel 2: Beginning at a point on the southerly line of Sagamore street, distant thereon 655 feet easterly from the easterly line of Orizaba street, running thence easterly along said southerly line 25 feet to the easterly line of Lot 6, Block A, Railroad Homestead Association, as per map thereof recorded in Map Book "C and D," page 111, Records of the City and County of San Francisco; thence at right angles southerly along said easterly line 40 feet; thence at right angles westerly 25 feet; thence at right angles northerly 40 feet to the southerly line of Sagamore street and the point of beginning. Being a portion of said Lot 6.

Parcel 3: Beginning at the point of intersection of the southerly line of Sagamore street and the easterly line of Lot 4 of Block B, Railroad Homestead Association, as per map thereof recorded in Map Book "C and D," page 111, Records of the City and County of San Francisco, and running thence southerly along said easterly line 40 feet; thence at right angles westerly 50 feet; thence at right angles northerly 40 feet to the southerly line of Sagamore street; thence at right angles easterly along said southerly line 50 feet to the easterly line of Lot 4 and the point of beginning. Being a portion of said Lot 4.

Parcel 4: Beginning at the point of intersection of the southerly line of Sagamore street and the westerly line of Lot 6, Block B, Railroad Homestead Association, as per map thereof recorded in Map Book "C and D," page 111, Records of the City and County of San Francisco, and running thence easterly along said southerly line 135 feet to the easterly line of said Lot 6; thence at right angles southerly along said easterly line 40 feet; thence at right angles westerly 135 feet to the westerly line of said Lot 6; thence at right angles northerly along said westerly line 40 feet to the southerly line of Sagamore street and the point of beginning. Being a portion of said Lot 6.

Parcel 5: Beginning at the point of intersection of the southerly line of Sagamore street and the westerly line of Plymouth avenue and running thence westerly along said southerly line 175 feet to the westerly line of Lot 7, Block B, Railroad Homestead Association, as shown on map thereof recorded in Map Book "C and D," page 111, Records of the City and County of San Francisco; thence at right angles southerly along said westerly line 40 feet; thence at right angles easterly 143.502 feet; thence easterly and southeasterly along a curve to the right tangent to the preceding course, with a radius of 50 feet and a central angle of 39 deg. 02 min. 50 sec., a distance of 34.075 feet to the westerly line of Plymouth avenue; thence deflecting to the left 129 deg. 02 min. 50 sec. from the tangent to said curve of preceding course, and running northerly along said westerly line 51.169 feet to the southerly line of Sagamore street and the point of beginning. Being a portion of said Lot 7.

Parcel 6: Beginning at the point of intersection of the westerly line of Plymouth avenue and the northwesterly line of Palmetto avenue and running thence northerly along said westerly line 5.939 feet to the southwesterly prolongation of the northwesterly line of San Jose avenue; thence deflecting to the left 137 deg. 03 min. 06 sec. and running southwesterly along said southwesterly prolongation 14.117 feet to the northwesterly line of Palmetto avenue; thence deflecting to the left 157 deg. 30 min. 09 sec. and running northeasterly along said north-

westerly line 10.575 feet to the westerly line of Plymouth avenue and the point of beginning. Being a portion of Lot 7, Block B, Railroad Homestead Association, as shown on map thereof recorded in Map Book "C and D," at page 111, Records of the City and County of San Francisco.

Parcel 7: Beginning at the point of intersection of the southwesterly line of Sickles avenue and the southeasterly line of San Jose avenue and running thence southwesterly along said southeasterly line 120.421 feet; thence deflecting to the left 85 deg. 12 min. 20 sec. and running southeasterly 1.289 feet to a point in the southwesterly prolongation of the southeasterly line of San Jose avenue (as said line exists northeast of Sickles avenue); thence deflecting to the left 92 deg. 48 min. 36 sec. and running northeasterly along said prolongation 80.096 feet to a point in a line which is parallel to and distant 40 feet at right angles southwesterly from the southwesterly line of Sickles avenue; thence deflecting to the right 92 deg. 48 min. 36 sec. and running southeasterly along the last described line 68 feet more or less to the northerly line of the property now or formerly owned by Edward Spichtig; thence easterly along said northerly line 41 feet more or less to the southwesterly line of Sickles avenue; thence northwesterly along said southwesterly line 82 feet more or less to the point of beginning.

Parcel 8: Beginning at a point on the southwesterly line of Sickles avenue, distant thereon 267 feet northwesterly from the northwesterly line of Winnipeg avenue, and running thence northwesterly along said southwesterly line 115 feet to the southeasterly line of the property now or formerly owned by the Southern Pacific Company; thence southwesterly along said southeasterly line 40 feet more or less to a point on a line which is parallel to and distant at right angles southwesterly 40 feet from the southwesterly line of Sickles avenue; thence southeasterly along the last described line 125 feet more or less to the northwesterly boundary line of the property now or formerly owned by James Lane; thence at right angles northeasterly along said northwesterly line 40 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of Lot 1 of Block 7, West End Map No. 2, as shown on map thereof recorded in Map Book 2 A and B, page 47, Records of the City and County of San Francisco.

Parcel 9: Beginning at a point on the southwesterly line of Sickles avenue, distant thereon 237 feet northwesterly from the northwesterly line of Winnipeg avenue, and running thence northwesterly along said southwesterly line 30 feet to the southeasterly line of the property now or formerly owned by Ed. Spichtig; thence at right angles southwesterly along said southeasterly line 40 feet; thence at right angles southeasterly 30 feet to the northwesterly boundary line of the property now or formerly owned by C. Celetino; thence at right angles northeasterly along said northwesterly line 40 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of Lot 1 of Block 7, West End Map No. 2, as shown on map thereof recorded in Map Book 2 A and B, at page 47, Records of the City and County of San Francisco.

Parcel 10: Beginning at a point on the southwesterly line of Sickles avenue, distant thereon 177 feet northwesterly from the northwesterly line of Winnipeg avenue, and running thence northwesterly along said southwesterly line 60 feet to the southeasterly line of the property now or formerly owned by James Lane; thence at right angles southwesterly along said southeasterly line 40 feet; thence at right angles southeasterly and parallel to the southwesterly line of Sickles avenue 21.387 feet; thence southeasterly, southerly and southwesterly along a curve to the right, tangent to the preceding course, having a radius of 12 feet and a central angle of 116 deg. 51 min. 11 sec, a distance of 24.474 feet to the northwesterly line of the proposed Alemany boulevard; thence southwesterly along said northwesterly line, being a curve to the right, tangent to the preceding course, having a radius of 1860.078 feet and a central angle of 0 deg. 46 min. 56 sec, a distance of 25.395 feet to the southwesterly line of Lot 12 of Block 7, as shown on

map entitled "West End Map No. 2," and recorded in Map Book "2 A and B," at page 47, Records of the City and County of San Francisco; thence deflecting to the left 117 deg. 38 min. 07 sec. from the tangent to preceding curve and running southeasterly along said southwesterly line 2.25 feet to the northwesterly line of the property of the City and County of San Francisco; thence deflecting to the left 66 deg. 22 min. 14 sec. and running northeasterly along said northwesterly line 87.32 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of said Lot 12.

Parcel 11: Beginning at a point on the northeasterly line of Sickles avenue, distant thereon 108.875 feet northwesterly from the northwesterly line of De Wolf street, and running thence northwesterly along said northeasterly line 1.717 feet; thence southeasterly along a curve to the left, tangent to the preceding course, having a radius of 160 feet and a central angle of 0 deg. 36 min. 54 sec, a distance of 1.717 feet to a point in a line drawn at right angles northeasterly to the northeasterly line of Sickles avenue from the point of beginning; thence southwesterly along said line so drawn a distance of 0.025 feet to the point of beginning. Being a portion of West End Map No. 2.

Parcel 12: Beginning at the point of intersection of the northeasterly line of Sickles avenue and the southeasterly line of Lot 17 of Block 6 of Sears' Subdivision of West End Map No. 2, as shown on map thereof recorded in Map Book "C and D," at page 153, Records of the City and County of San Francisco, and running thence northwesterly along said northeasterly line 33.875 feet; thence at right angles northeasterly 0.025 feet; thence southeasterly along a curve to the left, tangent to a line deflected to the right 89 deg. 23 min. 06 sec. from the preceding course, having a radius of 160 feet and a central angle of 12 deg. 14 min. 17 sec., a distance of 34.175 feet to said southeasterly line of said Lot 17; thence deflecting to the right 102 deg. 51 min. 11 sec. from the tangent to said curve of preceding course, and running southwesterly along said southeasterly line 4.009 feet to the northeasterly line of Sickles avenue and the point of beginning. Being a portion of West End Map No. 2.

Parcel 13: Beginning at a point on the northeasterly line of Sickles avenue, distant thereon 47 feet northwesterly from the northwesterly line of De Wolf street, and running thence northwesterly along said northeasterly line 28 feet to the northwesterly line of Lot 18, Block 6, Sears' Subdivision of West End Map No. 2, as shown on map thereof recorded in Map Book "C and D," page 153, Records of the City and County of San Francisco; thence at right angles northeasterly along said northwesterly line 4.009 feet; thence southeasterly along a curve to the left, tangent to a line deflected to the right 77 deg. 08 min. 49 sec. from the preceding course, having a radius of 160 feet and a central angle of 10 deg. 33 min. 57 sec., a distance of 29.505 feet; thence deflecting to the left 113 deg. 25 min. 08 sec. from the tangent to said curve of preceding course and running southwesterly 13.180 feet to the northeasterly line of Sickles avenue and the point of beginning. Being portions of Lots 18 and 19 of said Block 6.

Parcel 14: Beginning at the point of intersection of the northwesterly line of De Wolf street and the northeasterly line of Sickles avenue, and running thence northwesterly along said northeasterly line 47 feet; thence at right angles northeasterly 13.180 feet; thence southeasterly along a curve to the left tangent to a line deflected to the right 66 deg. 34 min. 52 sec. from the preceding course, with a radius of 160 feet and a central angle of 10 deg. 0 min. 20 sec., a distance of 27.941 feet; thence southeasterly, easterly and northeasterly on a curve to the left, tangent to said curve of preceding course, having a radius of 50 feet and a central angle of 56 deg. 34 min. 32 sec., a distance of 49.372 feet to its point of tangency on the northwesterly line of De Wolf street; thence southwesterly along said northwesterly line 68.193 feet to the northeasterly line of Sickles avenue and the point of beginning. Being portions of Lots 19 and 20 of Block 6, Sears' Subdivision of West End Map No. 2, as shown on map thereof recorded in Map Book "C and D," at page 153, Records of the City and County of San Francisco.

Parcel 15: Beginning at a point on the southwesterly line of Sickles avenue, distant thereon 50 feet northwesterly from the northwesterly line of Winnipeg avenue, and running thence northwesterly along said southwesterly line 25 feet to the southeasterly line of the property of the City and County of San Francisco; thence deflecting to the left 72 deg. 38 min. 46 sec. and running southwesterly along said southeasterly line 70.810 feet to the southeasterly line of the proposed Alemany boulevard; thence northeasterly along said southeasterly line, being a curve to the left, tangent to a line deflected to the left 171 deg. 38 min. 31 sec. from the preceding course, having a radius of 1960.078 feet and a central angle of 0 deg. 22 min. 45 sec, a distance of 12.544 feet; thence continuing northeasterly along said southeasterly line, tangent to said curve of preceding course 27.038 feet; thence northeasterly, easterly and southeasterly along a curve to the right, tangent to the preceding course, having a radius of 20 feet and a central angle of 64 deg. 40 min. 02 sec., a distance of 22.573 feet to a point which is distant southwesterly at right angles 20 feet from the southwesterly line of Sickles avenue; thence southeasterly, tangent to said curve of preceding course, and parallel to said line of Sickles avenue, a distance of 10.885 feet to the northwesterly line of the property now or formerly owned by Felix and Emma Vanneste; thence at right angles northeasterly along said northwesterly line 20 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of Lot 12 of Block 7 of West End Map No. 2, as shown on map thereof recorded in Map Book "2 A and B," at page 47, Records of the City and County of San Francisco.

Parcel 16: Beginning at the point of intersection of the northwesterly line of Winnipeg avenue and the southwesterly line of Sickles avenue, and running thence northwesterly along said southwesterly line 50 feet; thence at right angles southwesterly 20 feet; thence at right angles southeasterly 50 feet to the northwesterly line of Winnipeg avenue; thence at right angles northeasterly along said northwesterly line 20 feet to the southwesterly line of Sickles avenue and the point of beginning. Being a portion of Lot 12 of Block 7, West End Map No. 2, as shown on map thereof recorded in Map Book "2 A and B," at page 47, Records of the City and County of San Francisco.

Parcel 17: Beginning at a point on the westerly line of Orizaba street, distant northerly thereon 52.398 feet from Palmetto avenue; thence northerly along the westerly line of Orizaba street 10.965 feet; thence deflecting 68 deg. 00 min. 52 sec. to the left and running northwesterly 53.921 feet; thence deflecting 111 deg. 59 min. 08 sec. to the left and running southerly and parallel with the westerly line of Orizaba street 12.624 feet; thence deflecting 69 deg. 40 min. 02 sec. to the left and running southeasterly 53.322 feet to the westerly line of Orizaba street and the point of beginning.

Parcel 18: Beginning at a point on the northerly line of Palmetto avenue, distant thereon 50.000 feet westerly from the westerly line of Orizaba street and running thence northerly and parallel to Orizaba street 70.926 feet to the true point of beginning of this description; thence northerly and parallel with Orizaba street 19.074 feet; thence westerly parallel with the northerly line of Palmetto avenue 25 feet; thence southerly parallel with the westerly line of Orizaba street 9.810 feet; thence deflecting 69 deg. 40 min. 02 sec. to the left and running southeasterly 26.661 feet to the true point of beginning.

Parcel 19: Beginning at a point on the northerly line of Palmetto avenue, distant thereon 100 feet westerly from the westerly line of Orizaba street and running thence northerly and parallel with the westerly line of Orizaba street 89.454 feet to the true point of beginning; thence northerly and parallel to Orizaba street 10.546 feet; thence westerly and parallel to the northerly line of Palmetto avenue 28.459 feet; thence deflecting 159 deg. 40 min. 02 sec. to the left and running southeasterly 30.346 feet to the true point of beginning.

Parcel 20: Beginning at a point on the easterly line of Bright street, distant thereon 109.266 feet northerly from the northerly line of Palmetto avenue; thence northerly, northeasterly and southeasterly on

a curve to the right tangent to the easterly line of Bright street, having a radius of 12.000 feet, a central angle of 110 deg. 19 min. 58 sec., a distance of 23.108 feet; thence southeasterly tangent to the preceding course 59.055 feet; thence deflecting 20 deg. 19 min. 58 sec. to the left and running easterly 37.712 feet to the southwesterly line of a parcel of land conveyed to the City and County of San Francisco by deed recorded in Book 1053, page 61, Official Records of said City and County; thence deflecting 158 deg. 00 min. 52 sec. to the left and running northwesterly along said southwesterly line 117.823 feet to the easterly line of Bright street; thence deflecting 111 deg. 59 min. 08 sec. to the left and running southerly along the easterly line of Bright street 34.844 feet to the point of beginning.

Parcel 21: Beginning at a point on the easterly line of Bright street, distant thereon 325 feet southerly from the southerly line of Stanley street; thence at right angles easterly 100 feet; thence at right angles southerly 25 feet; thence at right angles westerly 86.665 feet; thence deflecting 21 deg. 59 min. 08 sec. to the right and running 14.380 feet to the easterly line of Bright street; thence northerly along said line of Bright street 19.616 feet to the point of beginning. Being a part of Lot 14, Block 52, of City Land Association, as per map thereof recorded in Map Book C and D, page 11, Records of the City and County of San Francisco.

Parcel 22: Beginning at a point on the westerly line of Orizaba street, distant southerly thereon 350.000 feet from the southerly line of Stanley street; thence southerly along the westerly line of Orizaba street 25.000 feet; thence westerly parallel with the southerly line of Stanley street 100 feet; thence northerly parallel with the westerly line of Orizaba street 25 feet; thence easterly parallel with the southerly line of Stanley street 100 feet to the westerly line of Orizaba street and the point of beginning.

Parcel 23: Beginning at a point on the westerly line of Bright street, distant northerly thereon 148.761 feet from the northerly line of Palmetto avenue; thence deflecting 69 deg. 40 min. 02 sec. to the left from the westerly line of Bright street and running northwesterly 64.151 feet; thence deflecting 1 deg. 39 min. 10 sec. to the right and running northwesterly 10.547 feet to the southerly line of lands owned by the City and County of San Francisco; thence deflecting 158 deg. 00 min. 52 sec. to the right and running easterly along said southerly line 69.933 feet to the westerly line of Bright street; thence southerly along said westerly line of Bright street 26.239 feet to the point of beginning.

Parcel 24: Beginning at a point on the westerly line of Head street, distant thereon 300.000 feet southerly from the southerly line of Stanley street; thence at right angles westerly 100 feet; thence at right angles southerly 7.594 feet; thence southeasterly on a curve to the right whose tangent at the last-named point deflects 79 deg. 48 min. 07 sec. to the left from the preceding course, having a radius of 1086.279 feet, central angle of 5 deg. 24 min. 48 sec., a distance of 102.632 feet to the westerly line of Head street; thence northerly along the westerly line of Head street 30.506 feet to the point of beginning.

Parcel 25: Beginning at a point on the easterly line of Victoria street, distant thereon 274.292 feet southerly from the southerly line of Stanley street; thence easterly on a curve to the right whose tangent at the last-named point deflects 85 deg. 12 min. 45 sec. to the left from said easterly line, having a radius of 1106.279 feet; central angle of 5 deg. 13 min. 28 sec., a distance of 100.875 feet; thence southerly and parallel with Victoria street on a line which deflects at the last-named point 79 deg. 59 min. 17 sec. to the right from the tangent to preceding curve a distance of 20.314 feet; thence westerly on a curve to the left whose tangent at the last-named point deflects 100 deg. 11 min. 53 sec. to the right from the preceding course, having a radius of 1086.279 feet, a central angle 5 deg. 19 min. 20 sec., a distance of 100.905 feet to the easterly line of Victoria street; thence northerly along said line of Victoria street 20.071 feet to the point of beginning.

Parcel 26: Beginning at a point on the easterly line of Ramsell street, distant thereon 275.000 feet southerly from the southerly line of Stanley street; thence at right angles easterly 100 feet; thence at right angles southerly 17.542 feet; thence westerly on a curve to the left whose tangent at the last-mentioned point deflects 86 deg. 25 min. 42 sec. to the right from the preceding course, having a radius of 1086.280 feet, a central angle of 4 deg. 02 min. 19 sec., a distance of 76.568 feet to a point distant southerly at right angles 300 feet from the southerly line of Stanley street; thence westerly along a line drawn at right angles to the easterly line of Ramsell street and which deflects 7 deg. 36 min. 37 sec. to the right from the tangent to the preceding course at last-mentioned point, a distance of 23.810 feet to the easterly line of Ramsell street; thence northerly along the easterly line of Ramsell street 25.000 feet to the point of beginning.

Parcel 27: Beginning at a point on the easterly line of Ramsell street, distant thereon 303.450 feet southerly from the southerly line of Stanley street; thence northerly along the said easterly line of Ramsell street 3.450 feet; thence at right angles easterly 23.810 feet; thence southwesterly on a curve to the left whose tangent at the last-mentioned point deflects 172 deg. 23 min. 23 sec. to the right from the preceding course, having a radius of 1086.280 feet, a central angle of 1 deg. 16 min. 08 sec., a distance of 24.057 feet to the easterly line of Ramsell street and the point of beginning.

Parcel 28: Beginning at a point distant southerly at right angles 325.000 feet from the southerly line of Stanley street and distant 44.187 feet at right angles westerly from the westerly line of Ramsell street; thence westerly and at right angles to Ramsell street 55.813 feet; thence at right angles southerly 16.041 feet; thence northeasterly on a curve to the right whose tangent at the last-named point deflects 107 deg. 33 min. 23 sec. to the left from the preceding course, having a radius of 1086.280 feet, a central angle of 3 deg. 03 min. 48 sec., a distance of 58.078 feet to the point of beginning.

Parcel 29: Beginning at a point distant southerly at right angles 325.000 feet from the southerly line of Stanley street and distant 100 feet at right angles westerly from the westerly line of Ramsell street; thence westerly and at right angles to Ramsell street 25.000 feet; thence at right angles southerly 24.284 feet; thence northeasterly on a curve to the right, whose tangent at the last-named point deflects 108 deg. 56 min. 42 sec. to the left from the preceding course, having a radius of 1086.280 feet, central angle of 1 deg. 23 min. 19 sec., a distance of 26.327 feet; thence northerly and parallel to Ramsell street 16.041 feet to the point of beginning.

Parcel 30: Beginning at a point distant southerly at right angles 335 feet from the southerly line of Stanley street and distant westerly at right angles 125 feet from the westerly line of Ramsell street; thence westerly at right angles to said westerly line 25.000 feet; thence at right angles southerly 23.208 feet; thence northeasterly on a curve to the right whose tangent at the last-named point deflects 110 deg. 20 min. 42 sec. to the left from the preceding course, having a radius of 1086.280 feet, central angle of 1 deg. 24 min. 00 sec., a distance of 26.543 feet; thence northerly and parallel to Ramsell street 14.284 feet to the point of beginning.

Parcel 31: Beginning at the northwesterly corner of Lot 2, Block 2, of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence easterly along the southerly line of Palmetto avenue and the northerly boundary of said Lot 2, a distance of 25 feet, more or less, to the westerly line of Lot 3, as per said Map of Ocean View Park; thence southerly along said westerly boundary line of said Lot 3, a distance of 9.754 feet; thence deflecting 63 deg. 55 min. 19 sec. to the right and running southwesterly 27.835 feet to the easterly boundary line of Lot 1, as per said Map of Ocean View Park; thence deflecting 116 deg. 04 min. 41 sec. to the right and running northerly along said easterly line of Lot 1, 21.989 feet to the southerly line of Palmetto avenue and the point of beginning. Being a portion of Lot 2, Block 2, of said Ocean View Park.

Parcel 32: Beginning at the point of intersection of the southerly line of Palmetto avenue with the easterly line of St. Charles avenue and running thence westerly along said southerly line of Palmetto avenue 25 feet to the westerly line of Lot 2, Block 2, of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence at right angles southerly and running along the westerly line of said Lot 2, 21.989 feet; thence deflecting 63 deg. 55 min. 19 sec. to the right and running southwesterly 7.410 feet; thence southwesterly on a curve to the left tangent to the preceding course, radius of 1372.685 feet; central angle 0 deg. 51 min. 20 sec., a distance of 20.497 feet to the easterly line of St. Charles avenue; thence northerly along the easterly line of St. Charles avenue 34.394 feet to the southerly line of Palmetto avenue and the point of beginning. Being a portion of Lot 1, Block 2, of said Ocean View Park.

Parcel 33: Beginning at a point on the westerly line of St. Charles avenue, distant thereon 81.572 feet southerly from the southerly line of Palmetto avenue; thence northerly, westerly and southwesterly on a curve to the left tangent to said easterly line of St. Charles avenue, having a radius of 12.000 feet, central angle 120 deg. 10 min. 00 sec., a distance of 25.167 feet to a point of compound curvature; thence southwesterly on a curve to the left tangent to the preceding curve, having a radius of 1372.6854 feet, central angle 4 deg. 11 min. 29 sec., a distance of 100.416 feet to a point on the northerly line of Lot 2, Block 3 of Ocean View Park, as per map thereof recorded in Map Book G, pages 36 and 37, Records of the City and County of San Francisco; thence deflecting 55 deg. 38 min. 31 sec. to the right from the tangent to the preceding course and running westerly along the northerly line of said Lot 2 a distance of 7.074 feet to the westerly line of said Lot 2; thence at right angles southerly 4.959 feet; thence southwesterly on a curve to the left whose tangent deflects 55 deg. 16 min. 36 sec. to the right from the preceding course, having a radius of 1372.6854 feet, central angle of 4 deg. 42 min. 10 sec., a distance of 112.669 feet to a point on the easterly boundary line of lands owned by L. Gentlemen:

As Chairman of the Bridge Committee I intend to vote in favor of the communication just read, sent to us by his Honor Mayor Rolph, requesting the discharge of the present Bridge Committee and the appointment of a new committee. I have served as Chairman of this Committee for two years and presided at the hearings of some 28 applicants, which consumed two days a week for 20 weeks. I have also visited Washington three times with committees advocating a bridge recommended by this Board, designated as Plan No. 1, and now pending before the Senate and House of Representatives in the form of Senate Bill No. 1762 and House Bill No. 7467.

I find that I cannot agree with my colleagues of the Committee on the plan officially adopted. It is my sincere belief that, if we are granted a permit to build such a bridge as is contemplated we will

not be able to finance it. Experts, including our City Engineer, tell us that the bridge is estimated to cost $100,000,000. Even if the cost is kept at $100,000,000, the tolls will have to be prohibitively high.

Under the plan proposed there will be created an excessive and perhaps enormous financial burden. I have given this problem careful study. The conclusion I have reached is that a bridge equally satisfactory in the same location can be built for $38,000,000; a bridge costing this latter sum can be financed, and can be operated on reasonable tolls.

I am submitting here for the records my report, which I will ask to be filed with this written statement. I will have copies of the report sent to each member of the Board. I have never been given permission by the Committee to present this report.

As the Committee is not in accord with me, their Chairman, the suggestion of the Mayor seems to be a wise one. Perhaps a new committee can get Congress to repeal the present law governing the supervision of bridges, and by special act pass a law allowing us to erect a high-level bridge as called for in the bills now pending. As I am not in accord with the erection of a high-level bridge, for the reasons as stated in detail in my report, I feel that the best course under the circumstances is to vote "aye" on the communication that has just been read.

Respectfully,

JAS. B. McSHEEHY.

Report of James B. McSheehy, Chairman Special Bridge Committee.

San Francisco, Calif., June 8, 1928.

To the Members of the Special Bridge Committee:

I submit the following report as Chairman of the special Bridge Committee:

On the 8th day of December, 1927, the Board of Supervisors of the City and County of San Francisco passed the following resolution:

"Resolution No. 28135.

Resolved, That Supervisor James B. McSheehy be and is hereby authorized and directed to proceed to the City of Washington, in the District of Columbia, and then and there present to the Congress of the United States a bill presented to the Board of Supervisors, granting permission to the City and County of San Francisco to construct a transbay bridge from the City of San Francisco to the County of Alameda; and, be it

Further Resolved, That the said James B. McSheehy be and is hereby given authority to consent to all minor changes in the wording of said bill which he may deem proper, provided that the said changes do not change the tenor or effect of said bill; and, be it

Further Resolved, That James B. McSheehy be and is hereby authorized and directed to use all honorable means and efforts to obtain favorable action of said Congress on said bill; and, be it

Further Resolved, That the sum of $5,000 be hereby appropriated from the money in the treasury of the City and County of San Francisco, not otherwise appropriated, to defray his expenses to and from the City of Washington, and while remaining in said city and engaged in the presentation of or in the urging of the passing of said bill.

Finally passed by the Board of Supervisors of San Francisco, December 5, 1927.

Ayes—Supervisors Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, McSheehy, Roncovieri, Schmidt, Stanton, Todd

No—Supervisor Byington.

Absent—Supervisors Badaracco, Marks, Powers, Shannon.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, December 8, 1927.

JAMES ROLPH, JR., Mayor."

As instructed by this resolution, I presented to Senator Hiram W. Johnson and Congressman Richard J. Welch this bill, which is known as Senate Bill 1762, and House Bill 7487.

The plans and specifications of the proposed bridge are on file in booklet form, 35 pages, in the War Department, and they call for a combination high level, low level tube and bridge. Two tubes are called for under the Estuary. The cost of the structure and the estimated tolls are not given.

On March 21 and 22 the Interstate and Foreign Commerce Committee of the House of Representatives heard the applications for bridge permits to cross San Francisco Bay; Rincon Hill, City of San Francisco, Bridge Bill 7467; Telegraph Hill, Knutson Bill, No. 10760; near Hunter's Point, Webb Bill, No. 8712. The hearings consumed ten hours, eight hours of which were taken up by the City of San Francisco. Nineteen witnesses were heard. The committee consists of twenty-three members, seventeen of whom are lawyers, and only six have ever visited San Francisco. There was an average attendance of fourteen members. I counted twenty-one members present the first day.

The following facts were very forcibly brought out in the hearing:

1. San Francisco, Oakland, Berkeley and Alameda are united on our proposed site.

2. It is the shortest route between San Francisco, Oakland, Berkeley and Alameda.

3. It will serve all four cities from isolated points where there is no congestion.

4. Sixty-five thousand people cross the Bay twice a day.

5. The vehicular traffic in 1920 was 775,000; in 1927 3,500,000 and in 1934 it will be 6,000,000.

6. In the peak hours of the mornings and evenings ferry boats leave on an average of one every minute from the ferry slips. The average is 35 trips an hour, 24 hours a day.

7. It took the same time sixty years ago to cross the Bay in the ferry boats as it does today.

8. It takes 30 minutes to go from the City Hall in Oakland to the Ferry Building in San Francisco, a distance of about six miles. By the proposed Rincon Hill-Alameda Mole bridge route it will take 18 minutes.

9. Fogs are prevalent in San Francisco Bay the year round and especially in summer time. These are generally what are known as the tule fogs. They are often so dense you cannot see 50 feet ahead of you. Picture a steamer going through our Bay with ferry boats running at right angles to it every minute. Consider the danger to the steamer and the ferry boat which, in peak hours, carries 3000 people. Accidents have happened and accidents will happen if the congestion of the San Francisco Bay is not minimized.

Regarding the crossing of San Francisco Bay, on October 7, 1921, the War Department announced a policy dealing with the construction of bridges or tubes in which it was stated:

(1) That no bridge of any kind will be approved north of Hunter's Point.

(2) That no low bridge will be approved north of San Mateo.

(3) That a tunnel crossing the Bay will be approved in any location, provided that the highest part of the structure is placed at least 50 feet below mean lower low water, and proper compensation is made for obstruction of cross-section as affecting tidal flow.

(4) That a combined bridge and tunnel will be approved at a location south of the proposed Alameda Naval Base site, provided that the tunnel is so placed as to leave the channel along the San Francisco side unobstructed to a depth of 50 feet at mean lower low water for a width of 3000 feet, measured from the nearest point of

the pierhead line, and provided that proper compensation is made for obstruction of cross-section as affecting tidal flow.

(5) That not more than one crossing will be approved at present in any location north of San Mateo.

Favorable consideration will be given to a plan conforming to these requirements and having the necessary financial backing and the support of the local authorities of the cities and counties affected.

General Jadwin and Admirals Hughes and Gregory were very firm in reference to this policy and they quoted the same in their written statement in opposition to our bill.

Congressman Dennison, vice-chairman of the Committee, stated that 172 bridge permits were issued by Congress and the War Department from December 5, 1927, to March 22, 1928. They are issued in two forms: one by Congress direct, known as the interstate permit, and the other by the War Department, known as the intrastate permit. The passing of our bridge bill would mean that Congress would have to repeal the Act of March 23, 1906, regulating the construction of bridges over navigable waters. In other words, our bill is asking for the repeal of an act that would destroy one of the most important functions of the United States War Department, the department in charge of bridges over navigable waters. This department has officers and functions in every important harbor in this country. Here in San Francisco we have District No. 1 under the command of Colonel T. H. Jackson.

The hearing in the Senate Committee was somewhat similar to that in the House. There are nineteen members in the Commerce Committee of the Senate. It took ten hours to hear all the witnesses. The Knutson and the Webb bills were not heard, as they had not been presented in the Senate. There was an average of four Senators in attendance. Eleven witnesses were heard.

Senator Johnson conducted the entire proceedings.

During the hearing, Senator Jones, chairman of the Commerce Committee, stated that the assignment of construction to private companies was dangerous.

On April 17, 1928, the Committee on Commerce in the Senate reported the bill out just as suggested by Senator Jones, striking out three entire sections, or almost cutting the bill in half.

While riding to and from Washington I carefully read and analyzed the Engineers' Booklet Report for a combination bridge and tube. Here are three sections from said report:

"Page 89, Cost Estimate: Owing to lack of information regarding foundations, it was believed inadvisable to make any estimate of the cost of the bridge, as such estimate, if made, would be a little more than a guess and would be misleading. For this reason no discussion of the financial program is possible.

"Page 72: Proposals have been submitted to the Board of Supervisors to construct tunnels or tubes under the Bay or under the deep channel portion of it. Engineers of high standing have advocated such a solution of the transbay problem. This type of structure has not been given consideration in the report, as the language of the instruction limits consideration to bridges."

These instructions were given by the Board of Supervisors and as Chairman of the Supervisors' Committee I feel that I am safe in saying that the same body may modify its instructions.

"Page 82: Railroad and highway tubes will cross the Estuary about at right angles. The railroad tubes will be designed to provide for two tracks. If in the future a third track is needed, a single-track tube may be constructed adjacent to the first one. It is not wise to provide for it at this time, as it will probably not be needed for the first ten years of bridge operation. No pedestrian walk need be provided, but there should be refuge niches in the walls for the use of men working in the tube.

"The highway tube should be wide enough for a 20-foot clear roadway and a narrow foot walk for use in emergencies. This would provide for two lanes of vehicles. Facilities for adequate ventilation must be made in the design. It is estimated that a 20-foot roadway will be sufficient for the first installation, since not all of the automobile bridge traffic will use this tube. Some will use the Harrison-street tube, now under construction, and a considerable number will go on through Alameda. Should the traffic through the new tube grow at a more rapid rate than is anticipated, and it becomes necessary to do so, additional tube may then be constructed either alongside the first one, or at some other location that may then be selected.

"The tops of both the railroad and highway tubes must be 40 feet below mean low water and the approach grades will not exceed 4 per cent and 6 per cent for the railroad and highway tubes, respectively. The approaches at both ends will be open as they descend until they reach a depth sufficient for a roof below the surface of the ground."

On the 3d day of January I received a statement accompanied by a set of plans from C. M. King, engineer in charge of the construction of the tube under the Estuary, showing that a combination tube and low-level bridge between Oakland and Alameda could be built for $33,000,000.

The Construction Company of North America filed the following summary of cost and tolls for their high-level bridge from Rincon Hill to Oakland Mole:

Superstructure:	
2 decks, 6 railroad tracks, 6 auto lanes, including Oakland terminal	$ 28,750,000
Deck flooring, tracks, lighting and signals	9,000,000
San Francisco terminal, including land purchased and damages	7,500,000
Foundations	35,000,000
Contingencies, engineering, etc.	8,750,000
Financing	11,000,000
Total	$100,000,000

Also the following is an estimate of the tolls that will be collected in 1933:

	Number	Rate	Amount
Vehicular	6,000,000	80 cents	$4,800,000
Passengers (local)	54,000,000	6 cents	3,240,000
Auto freight (tons)	1,000,000	$1.20 per ton	1,200,000
Passengers (main line)	2,000,000	15 cents	300,000
Power lines, tables and concessions.			250,000
Total			$9,790,000

This proposed bridge was shorter than the one offered by our board of engineers. The company spent a large sum of money in gathering data and preparing plans and specifications. It was represented by three prominent local engineers, one of whom served as junior engineer for a number of years under the late Howard Holmes, who designed most of our harbor improvements for the State. R. C. Hackley and E. D. Bronson filed statements with their applications for high-level bridge franchise over almost the same route as called for in our bill, which would cost $100,000,000. It seems to be the unanimous opinion that the high-level tube and bridge recommended by our Board of Engineers will cost $100,000,000.

Congress adjourned on the 29th day of May to reconvene on the first Monday in December, 1928. Our bridge bill would have been reported out favorably by the Interstate and Foreign Commerce Committee of the House if the author of the bill would eliminate that portion of the

bill making it mandatory that the Secretary of the Navy approve the plan as called for. This the author properly refused to do, because if such section of the bill is omitted the bill would not mean anything; in other words, it would be an idle act. This is the crux of the situation as far as our legislation is at present concerned. The bill will not come out of the House Committee unless it is agreed that the Secretary of the Navy be given power to approve plans; it will not be voted upon by the Senate unless it is reported favorably by the House Committee. In other words, we face the necessity either of conforming to the War Department's wishes or of getting no bridge. The net result of our labors, therefore, is that we find ourselves again confronted by the Navy's objections, which, try as we might, we have not been able to overcome. It is chiefly for this reason, as well as others I shall set forth, that I now propose, and ask you to sanction, plans for a bay crossing that will meet the Navy's objections and will be economically feasible.

As chairman of the Bridge Committee I now suggest a modification of the bridge plan submitted by our Board of Engineers. Enclosed you will find four drawings, showing in detail this modification. The plans do not call for any change in route, either on the San Francisco or the Alameda side. They simply call for a low-level bridge and tube instead of a high-level bridge and tube recommended by our Board of Engineers. The ruling of the War Department dated October 7, 1921, paragraph 4, states that a combination bridge and tunnel will be approved at a location south of the proposed Alameda Naval Base site, provided that the tunnel is so placed as to leave the channel along the San Francisco side unobstructed to a depth of 50 feet at mean low water for a width of 3000 feet measured from the nearest point of the pierhead lines, and provided that proper compensation is made for the obstruction of cross-section as affecting tidal flow. This modification that I am suggesting will meet this requirement and will enable us to get a permit to erect a bridge across San Francisco Bay.

There are three fundamentals that govern all such enterprises—cost, receipts and disbursements. The cost of the bridge was not given because, as stated in the engineers' report, on page 89, information regarding foundations was not obtainable. Statements have been made that it will cost $300,000 to $500,000 for this information, and in this year's budget we have placed an item of $100,000 for "Bay Bridge Investigation," provided that no part of this item shall be expended but for this purpose unless and until the federal government has granted a permit for a bay bridge. In my opinion this money will never be spent for the present bay bridge as recommended by the Board of Engineers, because the War Department will never give a permit.

Soundings were made in the bay close to Goat Island, and they show that bedrock is 245 feet below the bottom of the bay. There is every reason to believe that the same condition exists at Rincon Hill, and if such is the case it would be impossible to erect a high-level bridge, because pressure is so great at 245 feet that it would be impractical to put a foundation down at that depth.

The present high-level low-level tube and bridge called for in the engineers' report dated May 8, 1927, will cost at least $100,000,000. I challenge any one to contradict this statement. I have positive figures showing the cost. An investment of such a huge sum of money would require a toll of at least one dollar per automobile. This is economically impractical. Now, why continue advocating the erection of a bridge that is impossible to construct? Why continue to advocate something for which we cannot get a permit? Gentlemen, do we want a bridge, or do we not? If we want a bridge, why, then, continue to advocate this impossibility? If we do want a bridge, let us look at it in a practical light and advocate something that is practical and something that we can receive a permit to construct.

It is nothing uncommon for a committee to change plans, especially

where certain objections arise that they cannot overcome. We are in that position in reference to our bridge plans. We have accepted a set of plans that we find we cannot receive a permit to erect. We also find that the cost is prohibitive. As business men, what are we going to do? We know a bridge must be erected across San Francisco Bay. We know that the proper location on the San Francisco side is Rincon Hill, and we know that the proper location on the Alameda side is the site designated by our Board of Engineers. Then why not change the plan?

The following is the cost of the modified plan that I am submitting to you:

Tube and Bridge.

Depot building, purchase of property, damage to property	$ 3,000,000
Beale-street cut, 1190 lineal feet	595,000
Beale-street tunnel, 2250 lineal feet	3,130,000
Tube, 8000 lineal feet	12,000,000
6000 lineal feet steel bridge	4,050,000
5000 lineal feet trestle bridge	2,000,000
6400 lineal feet tube bridge	5,120,000
17,000 lineal feet roadway	4,400,000
Engineering and so forth	3,429,500
Total	$37,724,500

Year 1934.

6,000,000 automobiles at 50 cents	$ 3,000,000
12,000,000 passengers, 2 to the machine	600,000
55,000,000 interurban passengers at 2 cents	1,100,000
1,000,000 tons freight at 50 cents	500,000
Receipts	$ 5,200,000

Disbursements.

Operating expense	$ 300,000
Maintenance, 2 per cent	754,490
Interest, 5 per cent	1,886,225
Depreciation, 2 per cent	754,490
Total	$ 3,695,205

There seems to be a grave doubt in the minds of some as to the feasibility of tube construction. Let me call your attention to the fact that the engineers in their plan advocate the erection of two tubes that are longer than the tube that I am advocating. The two tubes, as called for in the engineers' plans, were placed under the Estuary so as not to block the Oakland harbor. Is there anything unreasonable in the same request being made by the War Department which has charge of our harbor? The department has stated that they will give us a permit if we will meet with that request. I have quoted that section to you, paragraph 4 of their policy of October 7, 1921.

The cost of maintenance of a tube is far less than the cost of maintenance of a high-level bridge. I have figures here from the City of Pittsburgh showing that the cost of maintenance of two tubes 1⅛ miles long is a little less than $80,000 a year. I have an itemized statement from the superintendent in charge of these tubes.

The modified plan that I am suggesting will have a terminal at Beale and Mission streets. Within a radius of one-half mile of this point 100,000 people are working; at least 50,000 of them reside across the Bay and commute daily. It is an ideal point for a terminal. Beale street is an isolated street with very few buildings. It is at the foot of Rincon Hill; it is of a rock formation that lends itself readily to tunnel construction. It leads right into Pier 34, which is the pier that the engineers designate as the point to take off their

high level bridge. Tube construction is not new, but tube construction for automobile usage is new and New York has solved that problem for us. An estimated maximum daily of 48,000 machines pass through the Holland tubes and the ventilation is so perfect that the carbon monoxide has been reduced to four ten thousands parts of air. As I have stated, the City of Pittsburgh has two tubes running through the city 1⅛ miles long that are perfectly ventilated. The City of Oakland is just about to complete the tube that will connect Oakland and Alameda and its engineers have followed the New York plan of ventilation. This tube is 4800 feet long, a little less than one mile, and it has cost four and one-half millions of dollars, the exact amount allowed in the bond issue for the construction of the tube. It will be completed and ready for service about the 1st of September of this year. I honestly believe that if the board of engineers had the information that I am submitting to you here today in reference to this low-level bridge and tube, that they would have recommended that in their report instead of the high-level bridge and tube that they have recommended, assuming they did not have specific instructions otherwise.

As Chairman of the Bridge Committee I have some to these conclusions: 1. That a bridge is a positive necessity for the future welfare and prosperity of the cities of San Francisco, Oakland, Berkeley and Alameda.

2. That the Rincon Hill and the Alameda termini, as designated in the engineers' report, are the sites at which the bridge should be erected.

3. That the cost should be such that it would be practical to place a toll of not more than 50 cents per automobile and not a toll of one dollar that would have to be charged in case we should make an investment of $100,000,000. The modified plan that I am suggesting will cost $38,000,000, and you have an itemization of that cost before you.

In closing I desire to call your attention to paragraph 5 of the War Department's policy of October 7, 1921, in which it is stated that no more than one crossing will be approved at any location north of San Mateo. Now, gentlemen, we know the state of mind of our sister county to the south. Three members have stood loyally by us in reference to our wishes that a franchise be denied, but two have advocated the giving of a franchise. If one member should be won over to those two, a franchise would be given and San Francisco would be high and dry with no bridge across our Bay.

In this situation we are faced with the necessity of speedy and decisive action. I am honestly convinced and I have letters from scores of our citizens who agree with me that the only means of overcoming the War Department's objections, of bridging our Bay and of securing for our great communities the adequate transportation facilities they need and must have, is the modification of the plans along the lines I have suggested and the construction at once of a low-level bridge that will be legally possible, practical and economical. In this conclusion I trust I may have your agreement and in our future plans I shall seek your cooperation.

Motions.

Supervisor Marks moved that the bridge matters be placed in the hands of a committee which shall consist of the members of the Board, the Mayor, the City Engineer, the City Attorney and the three Special Bridge Engineers employed by the City; the Mayor to act as chairman.

Supervisor Colman, seconded by Supervisor Suhr, moved as an amendment that a committee be appointed by the Board of Supervisors consisting of his Honor the Mayor, the City Engineer, the City Attorney, the three Special Bridge Engineers and three members of the Board of Supervisors to be chosen with a view to their ability to

bring about results. Supervisor Colman accepted the suggestion that the three Supervisors to be named be the chairmen of the Public Utilities, Finance and Streets Committees.

Action Deferred.

Whereupon, the foregoing motions were *laid over one week.*

Extension of Junipero Serra Boulevard Into Burlingame.

Resolution No. 29459 (New Series), as follows:

Whereas, this Board of Supervisors and the Board of Supervisors of San Mateo County, jointly initiated proceedings for the creation of a Joint Highway District, to be composed of the City and County of San Francisco and San Mateo County; and

Whereas, the Boards of Supervisors of the City and County of San Francisco and of San Mateo County have heretofore duly adopted resolutions agreeing that said Highway District should be formed and that the same would be to the public interest of the said counties; and

Whereas, a Board of Directors has been duly appointed consisting of two representatives from the City and County of San Francisco, and one representative from San Mateo County, and said Board of Directors so duly appointed have compiled and returned to the Board of Supervisors of the City and County of San Francisco a report setting forth a tentative route of the proposed District Highway, determining the approximate total cost thereof, and the portion thereof that should be borne by each county respectively, a copy of said report being now on file with the Board of Supervisors of the City and County of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby approves the report of said Board of Directors of said Highway District submitted herewith and signifies its approval of the formation of such district, and declares its intention to join with the County of San Mateo in the creation and formation of said Joint Highway District; and be it

Further Resolved, That the Clerk of this Board of Supervisors is hereby directed to transmit a certified copy of this resolution to the Board of Supervisors of the County of San Mateo.

Communication from City Attorney.

The following was presented by Supervisor McSheehy and read by the Clerk:

August 11, 1928.

Honorable James B. McSheehy, Supervisor, City Hall, City.

Dear Sir:

From your letter of August 7th and from my own investigations I understand that a resolution has been introduced before the Board of Supervisors wherein approval is asked of the City and County of San Francisco that it join with the County of San Mateo in the creation of a joint highway district for the purpose of completing a highway connecting the City and County of San Francisco and Burlingame.

This resolution has been introduced in pursuance of an Act of the Legislature creating a joint highway district. This resolution, if adopted, approves a preliminary report submitted by the directors of the highway district to be created and also approves a report from the directors of said highway district setting forth the general route to be covered by said highway and fixes the percentage to be paid by the two counties, respectively.

Your objection to the adoption of this resolution is placed upon the ground that the City and County of San Francisco will be obligating itself to expend approximately $2,400,000 and you fear that the City and County of San Francisco may be called upon to expend in one year a sum not warranted by the income and revenue provided for such year.

Your contention is undoubtedly founded on Section 18 of Article XI of our State Constitution, but in my opinion your objections are not well taken in this instance.

The matter before the Board of Supervisors, as I understand it, is merely for the adoption of a resolution approving the report of the board of directors of said joint highway district, and signifying the intention of the City and County of San Francisco to becoming a party to said joint highway district, and does not call for the expenditure or appropriation of any moneys at the present time.

The Act creating a Joint Highway District provides that the board of directors are subsequently to levy an assessment upon the respective counties constituting such joint highway district, and in addition thereto may create another assessment district on private property benefited by the construction of said highway and provides that the respective counties may levy a tax of five cents on every one hundred dollar valuation of property in said county, for the purpose of raising funds for the payment of this assessment, and this tax is to be separate and apart from all other county taxes.

The Board of Supervisors of the City and County of San Francisco may by ordinance allocate from the revenues of the State Gasoline Tax any part or portion of the revenues derived therefrom for the repair, construction and maintenance of streets and highways within said City and County of San Francisco and this offers a possible way of paying the assessment levied against the City and County of San Francisco without direct taxation. I also understand that the money subsequently to be paid by the City and County of San Francisco is not to be paid in a lump sum but that the road will be constructed over a period of years and that payments will be called for only as warranted by the construction of said highway from time to time.

Therefore, I see no legal objection to the adoption by the Board of Supervisors of the said resolution.

Respectfully,

JNO. J. O'TOOLE,
By HENRY HEIDELBERG,
Deputy City Attorney.

Privilege of the Floor.

Supervisor Thos. Hickey of San Mateo County was heard in advocacy of the proposed measure. He declared that the proposition was in the interest of San Francisco and not San Mateo County, which does not need the new highway.

Supervisor Marks moved that matter be postponed one week.

RECESS.

Supervisor McSheehy moved that the Board take a recess until 2:30 p. m.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, Kent, McGovern, Marks, McSheehy, Schmidt, Stanton, Toner—8.

Noes—Supervisors Andriano, Gallagher, Hayden, Roncovieri, Suhr, Todd—6.

Absent—Supervisors Deasy, Havenner, Powers, Shannon—4.

Whereupon, the Board at the hour of 1 p. m. took a recess until 2:30 p. m.

J. S. DUNNIGAN, Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2:30 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Colman, Gallagher, Hayden, Kent, McGovern,

McSheehy, Marks, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner —14.

Absent—Supervisors Deasy, Havenner, Powers, Shannon—4.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Toner was elected to preside.

Extension of Junipero Serra Boulevard Into Burlingame.

Further consideration of Calendar No. 36, relating to the extension of Junipero Serra boulevard into Burlingame, was taken up and fully discussed.

Motion to Postpone Lost.

Thereupon, the roll was called on Supervisor Marks' motion that the matter be postponed one week and the same was *defeated* by the following vote:

Ayes—Supervisors Kent, McSheehy, Marks, Schmidt, Todd, Toner—6.

Noes—Supervisors Andriano, Colman, Gallagher, Hayden, Roncovieri, Stanton, Suhr—7.

Absent—Supervisors Deasy, Havenner, McGovern, Powers, Shannon —5.

Resolution Adopted.

Whereupon, the roll being called on the resolution providing for the extension of Junipero Serra boulevard into Burlingame, the same *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Hayden, McGovern, Marks, Roncovieri, Schmidt, Stanton, Suhr, Toner—11.

Noes—Supervisors Kent, McSheehy, Todd—3.

Absent—Supervisors Deasy, Havenner, Powers, Shannon—4.

Proposed Bond Issues.

Supervisor McGovern moved that the City Attorney be instructed to prepare bond issue proceedings for the following: Playgrounds, $3,100,000; Hospital and Health, $3,500,000; McLaren Park, $2,400,000; Aquatic Park, $500,000; Civic Center, $1,000,000.

Also, on request of Supervisor Stanton, purchase of Marina Lands.

Also, request of Supervisor Schmidt, Central Warehouse and Garbage.

Also, request of Supervisor Kent, Airport.

SET-BACK LINE HEARING, 11 A. M.

Hearing of objections to the establishing of set-back lines along portion of Girard street between Wildey and Harkness streets. No objection being offered, the following bill was *passed for printing*:

Bill No. 8643, Ordinance No. ———— (New Series), as follows:

Establishing set-back lines along portion of Girard street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that on the 9th day of July, 1928, the Board of Supervisors adopted Resolution of Intention No. 180 to establish set-back lines along portion of Girard street, and fixed the 13th day of August, 1928, at 11 o'clock a. m., at the Chambers of the Board of Supervisors, as the time and place for hearing objections thereto; that thereafter and more than ten days prior to said hearing the said resolution was published and notices of the passage of said resolution were posted along the line of said streets, in time, form and manner required by Ordinance No. 5636 (New Series); that said hearing was held at the time and place aforesaid, and that all objections made at said hearing have been properly overruled.

Section 2. Pursuant to the foregoing recitals and in accordance

with the provisions of said Ordinance No. 5636 (New Series), set-back lines are hereby established as follows:

Along the westerly side of Girard street, commencing at a point 25 feet northerly from Wilde avenue and running thence northerly 200 feet, said set-back line to be 10 feet; thence northerly to Harkness street, said set-back line to be 11 feet 6 inches.

As shown on the maps filed in the office of the Board of Supervisors and to which reference is hereby made for further particulars.

Section 3. No structures shall be erected in the area between said set-back lines and the street lines, except as provided in said Ordinance No. 5636 (New Series), and the penalties for the violation of this ordinance shall be as fixed by the ordinance aforesaid.

Extension of Sixty Days' Time to Clarence B. Eaton.

On recommendation of Streets and Commercial Development Committee.

Resolution No. 29461 (New Series), as follows:

Resolved, That Clarence B. Eaton is hereby granted an extension of sixty days' time from and after July 7, 1928, within which to complete the contract for the construction of Fillmore street main sewer, section "A," Contract 1, Tenth street. This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor was delayed in starting the work by weather conditions. The work is now progressing satisfactorily.

Intention to Change Grades on Clarendon Avenue.

Also, Resolution No. 29464 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 102859 (Second Series) of the Board of Public Works adopted July 13, 1928, and written recommendation of said Board, filed July 17, 1928, to-wit:

Clarendon Avenue

On a line at right angles to the southerly line of, 385 feet westerly from Twin Peaks boulevard, 598.00 feet. (The same being the present official grade.)

Northerly curb line of, at the bisector of the first angle easterly from Stanyan street, 613.12 feet.

On a line at right angles to the northerly line of, at Stanyan street easterly sine, 618.00 feet.

Northerly line of, at the easterly boundary of the San Miguel Rancho, 633.07 feet.

Southerly line of, at the easterly boundary of the San Miguel Rancho, 634.53 feet.

On Clarendon avenue between the easterly boundary of the San Miguel Rancho and a line at right angles to the southerly line of, 385 feet westerly from Twin Peaks boulevard; and on Stanyan street between Belgrave and Mountain Spring avenues, be changed and established to conform to true gradients between the grade elevations above given, and the present official grade of Stanyan street at Belgrave and Mountain Spring avenues.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Closing and Abandoning Portion of Twenty-sixth Avenue.

Also, Resolution No. 29467 (New Series), as follows:

Closing and abandoning a certain portion of Twenty-sixth avenue as hereinafter described.

Whereas, this Board has by Resolution No. 29170 (New Series) declared its intention to close up and abandon a portion of Twenty-sixth avenue as hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of a portion of Twenty-sixth avenue was duly given by the Board of Public Works of the City and County of San Francisco by publication in the manner provided by Section 3, Chapter 3, Article VI of the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of Twenty-sixth avenue were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of a portion of Twenty-sixth avenue; and

Whereas, in and by said Resolution No. 29170 (New Series) this Board did declare that the damages, costs and expenses of closing said portion of said street is nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage cost and expense of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for the closing of a portion of Twenty-sixth avenue, and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That said closing and abandonment of a portion of Twenty-

sixth avenue be and the same is hereby ordered and that the said portion of Twenty-sixth avenue be and the same is hereby closed and abandoned as a public street. The said portion of Twenty-sixth avenue hereinabove referred to is more particularly bounded and described as follows, to-wit:

All that certain portion of Twenty-sixth avenue from a line drawn parallel with and distant southerly at right angles 352 feet from the southerly line of Vicente street, southerly 185 feet to the southerly termination of Twenty-sixth avenue, as established December 28, 1925, by Resolution No. 24988.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

Ayes—Supervisors Andriano, Colman, Gallagher, Hayden, Kent, Marks, McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—14.

Absent—Supervisors Deasy, Havenner, Powers, Shannon—4.

Extension of Sixty Days' Time to Meyer Rosenberg.

Also, Resolution No. 29468 (New Series), as follows:

Resolved, That Meyer Rosenberg is hereby granted an extension of sixty days' time from and after July 10, 1928, within which to complete the improvement of Innes avenue between Newhall and Lane streets, and Mendell street between Hudson and Innes avenue under a public contract. This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been delayed on account of the installation of mains by public service corporations. The work is well under way, the grading, sewers and curbs having been constructed.

Ayes—Supervisors Andriano, Colman, Gallagher, Hayden, Kent, Marks, McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—14.

Absent—Supervisors Deasy, Havenner, Powers, Shannon—4.

Extension of Sixty Days' Time to J. F. Dowling.

Also, Resolution No. 29469 (New Series), as follows:

Resolved, That J. F. Dowling is hereby granted an extension of sixty days' time from and after August 6, 1928, within which to complete the improvement of Ulloa street between Thirty-eighth and Thirty-ninth avenues and other work, as described in Resolution of Award No. 101768 (Second Series). This extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is practically completed and additional time is required pending issuance of assessment.

Ayes—Supervisors Andriano, Colman, Gallagher, Hayden, Kent, Marks, McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—14.

Absent—Supervisors Deasy, Havenner, Powers, Shannon—4.

Stipulations in re Junipero Serra Boulevard Improvement.

August 13, 1928.

The following was presented, read previous to action on the foregoing bill, approved and ordered *filed*:

To the Honorable, the Board of Supervisors of the City and County of San Francisco.

Gentlemen: In connection with No. 61 on the Calendar, approving the ordering of the improvement of Junipero Serra boulevard, your Committee on Streets and Commercial Development wishes the Board to give its approval to the incorporation of the following conditions in connection with this improvement:

In so far as Block No. 7081, property of Matthew B. Brday, and the property of Mr. Harry Lorentzen, southwesterly from Ocean avenue, the City agrees to construct a standard sidewalk six feet in width along the western boundary of this land in such manner that the easterly line thereof shall coincide with this property on the westerly line, giving access to the occupants of this land.

The space between the westerly line of said sidewalk so to be constructed and the 12½-foot sidewalk right of way forming a part of the boulevard construction proper is to be parked and maintained with grass and low shrubs.

Upon the presentation of Mr. Brady's and Mr. Lorentzen's plan for the subdivision of said block, side-sewer connections will be put in from the existing sewer in the 20-foot right of way to their property line.

The committee wishes to advise the Board that the City Engineer worked out a solution agreeable to the property owners in connection with the St. Francis Circle. If the Board will approve the plans as submitted, construction of this boulevard improvement may proceed without delay.

Yours very truly,
COMMITTEE ON STREETS AND COMMERCIAL DEVELOPMENT,
By ANDREW J. GALLAGHER,
Chairman.
ALFRED RONCOVIERI,
Member.

Section 2. Sections 35 and 36 of Article V are hereby amended to read as follows.

ARTICLE V.

Stopping, Standing and Parking.

Stopping Prohibited in Specified Places—

Section 35. It shall be unlawful for the operator of a vehicle to stop such vehicle in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

(1) In an intersection:

(2) In a crosswalk;

(3) Between a safety zone and the adjacent curb or within twenty (20) feet of a point on the curb immediately opposite the end of a safety zone;

(4) Within fifteen (15) feet of an intersection ahead on the right half of a roadway;

(5) Within ten (10) feet of an intersection to the rear on the right half of a roadway;

(6) Within ten (10) feet of an intersection formed by a street and an alley; provided, that nothing contained in paragraphs (4), (5) and (6) of this section shall apply to intersections formed by a street and a blind alley;

(7) Within twenty (20) feet of the entrance to any fire station;

(8) At any place not to exceed 10 feet from the driveway to a garage when designated by official markings.

Upon all streets within the central traffic district or any business district the Police Department shall designate the provisions of paragraphs (3), (4), (5) and (6) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area, omitting any crosswalk area.

Provisions of paragraph (8) of this section shall be designated by placing red paint or other red material upon the curb at locations designated by the Police Department. Records shall be kept of all zones so established.

Section 36 is hereby amended to read as follows:

Standing for Loading Only in Certain Places—

Section 36. (a) During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time

longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes, nor for an operator to stand any commercial vehicle for a period of time longer than it is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes in any of the following places:

(1) In any public alley in the Central Traffic District or in any business district during any hour of any day;

(2) In any loading zone between the hours of seven (7) a. m. and six (6) p. m. of any day;

(3) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hospital during any hour of any day;

Report of Streets Committee on Street Reconstruction.

The following report, laid over from last meeting, was declared *adopted*:

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Committee on Streets and Commercial Development submits herewith its recommendations for street reconstruction for the fiscal year 1928-1929, totaling $328,736, to be paid for out of County Road Funds. This is in addition to the $200,745 included in the Budget, copy of which is also appended. These recommendations come as a result of conference with and the approval of the City Engineer, the San Francisco Bureau of Governmental Research, Traffic Engineer George D. Burr, Captain Charles Goff of the Traffic Bureau, San Francisco Police Department, and your committee. It will be noted that a large number of streets recommended are "major traffic" and "arterial" streets, on which there is very heavy travel. Wherever possible it is recommended that the existing pavements be resurfaced instead of tearing up and reconstructing same. In the engineers' opinion the resurfacing of these streets has passed the experimental stage, and a great deal of this work can be done to the advantage of both the traffic using the streets and the finances of the City.

The complete tentative set-up from both the County Road Fund and the Budget for street work during the ensuing year is as follows:

1.	Street reconstruction	$ 529,481
2.	Street maintenance	301,200
3.	Street work in front of City property	150,000
4.	Market street extension	100,000
5.	Laguna Honda boulevard	150,000
6.	Golden Gate Park roads	50,000
7.	Street widening	150,000
8.	Special projects	150,000
9.	Purchase of equipment (Street Department, Board of Public Works)	100,000
10.	Assistance to outside counties, highway districts, etc...	100,000
	Total	$1,780,681

Item No. 2 (Maintenance) is in accordance with the action recently taken by the Board of Supervisors.

Item No. 3 includes $50,000 set up in the Budget, with an additional $100,000 from the County Road Fund. This sum is required so that none of this important work will be delayed, as has been the case in past years, and is in furtherance of the policy of this committee and the Board that where the property owners are willing to do their part it is our policy that the City, if finances permit, take care of its share.

Item No. 4 ($100,000) provides for the completion of the Market street extension (lower road around Twin Peaks), which will become a heavy-duty artery out of San Francisco and down the Peninsula.

Item No. 5 (Laguna Honda boulevard, $150,000). This will provide for the construction of the necessary retaining walls and temporary pavement of a roadway 40 feet in width, with six-foot sidewalks; the temporary construction being for purposes of settlement. This is in addition to the appropriation of $36,000 already made for construction of sewers (now under way), and makes a contribution of $186,000 by the City for this project, which will cost an additional $100,000, a grand total of $286,000 when completed.

Item No. 6 ($50,000). Your committee, in conjunction with the City Engineer, is carrying on negotiations with the Park Commissioners for the improvement of the roads in Golden Gate Park, as they feel that the time has arrived when this is necessary. The Park Commission states it is unable to do any permanent construction on the park roads out of its current funds, and is in consonance with an agreement made between your Finance Committee and the Commission at Budget time. The Park Commission requested the inclusion of $450,000 for permanent roads in Golden Gate Park. This program contemplates construction of a concrete road from Twenty-fourth avenue and Fulton street to Nineteenth avenue and Lincoln way, and further contemplates a so-called straddle road to take the full flow of travel from the Sunset District around the Kezar Stadium to Stanyan or Waller streets.

Item No. 7 (Street Widening, $150,000). This street widening program will be recommended in due time after conference with traffic officials and associations, so that streets most necessary to speed up travel will be taken care of first. It will provide for the proposed widening of a number of streets, among which are Van Ness avenue (Market to California); Army street (Mission to San Bruno); Valencia street, its full length; Fulton street (Stanyan to Twelfth avenue), and Stanyan street (Frederick to Fulton streets).

Item No. 8 ($150,000) provides for assistance to property owners in cases where the cost of street work would be prohibitive and be tantamount to confiscation of property. Of this $150,000 the committee, and in some cases the entire Board, has already pledged the sum of $134,324, and has requests for many times that amount. This allotment may be enlarged as the occasion demands. Following is the list of those projects to which up to this time have been pledged the following amounts:

Santa Ynez avenue, extension to Ocean avenue	$ 1,250
Louisburg street, connections between Margaret avenue, Majestic avenue and Tara street	4,500
Coso avenue, Prospect to Winfield streets	15,000
Wisconsin street, Twenty-third to Twenty-fifth streets	17,000
Oakwood street, opening through to Nineteenth street	10,000
Carolina street, Twenty-second to Twenty-third streets	21,406
Minna street, opening through to Eleventh street	4,500
Stanyan and Frederick streets, acquisition of property for widening of Stanyan street	10,268
Laidley street, Thirtieth to Noe streets	15,900
Lower Terrace, Saturn to Levant streets	1,500
Bartlett street, Twenty-first to Twenty-second streets, widening	5,000
Twentieth street, Noe to Sanchez streets	18,000
Sunnyside District, new street, resubdivision	10,000
Total	$134,324

Item No. 9 ($100,000) provides for the purchase of trucks to be used exclusively on street work by the Board of Public Works, and is included herein at the request of your Finance Committee made at Budget time. This purchase will, if consummated, eliminate (except in very few instances) the hiring of trucks, as is now the case, and result in considerable saving.

Item No. 10 ($100,000) will provide for San Francisco's participation in the Tri-Counties Joint Highway District No. 9, composed of the counties of Santa Cruz, San Mateo and San Francisco; the Joint Highway District for the extension of Junipero Serra boulevard into San Mateo County, and for the widening of San Jose avenue from Sickles avenue to a connection with the State highway at Colma (which will be a "bottleneck" on completion of the Bernal Cut. This work will be done in a spirit of cooperation with our sister counties to the south.

The allotment made for street reconstruction under control of the Board of Public Works will provide for approximately 200 blocks of streets, or about 16.7 miles. This is, of course, in addition to the regular maintenance of our streets, and the committee intends to coordinate this work so that important traffic streets will be conditioned.

In consideration of the fact that the Board has been petitioned a number of times to have a portion of our street work done under public contract, we are glad to report that in response to these petitions and public opinion that approximately $800,000 of this program will be let to public contract and with the consent of the Board of Public Works.

This Board and the public will be interested in learning that this set-up is a small part of a twenty million dollar program of street and road construction contemplated and under way, under the jurisdiction of the Streets Committee and your Board, which is approximately as follows:

Street program	$ 1,780,000
Boulevard bond issue	9,380,000
Highway districts	8,200,000
Bernal Cut	1,400,000
Total	$20,760,000

There are a number of streets badly in need of reconstruction which are an obligation of the steam railroad companies, amounting to approximately $500,000, and your committee intends to commence proceedings insisting that these obligations be fulfilled where necessary. Your committee also desires to inform the Board that it has conferred with officials of the Market Street Railway Company looking to the fulfillment of that company's obligations in connection with this program, and has proposed the elimination of the street car tracks on Howard street, providing for the full width of that street for vehicular traffic.

Many complaints have been received by your committee from residents on streets which have asphaltic pavement on the sides and basalt block center strips. It is an admitted fact that heavy travel over the basalt block center strips on streets of this kind shakes the houses, causing them to crack, etc., and is a source of considerable annoyance to the residents. As fast as possible your committee intends to remove these blocks and, except on steep grades, replace with asphalt pavement. Your committee has adopted a policy, in practically every instance, of removing the antiquated round cobblestones and replacing them with concrete or some other type of modern pavement.

At the present time there is an ordinance prohibiting the use of "patented pavements." Your committee may shortly present to the Board an amendment to this ordinance which will permit the use of patented pavements, subject to Charter regulations. We believe that in many instances a great saving will result if this modification is effected.

The committee recommends to the Board the adoption of a policy, not heretofore in vogue, that wherever it can be legally done, that where streets are widened and new roads constructed, that street lights, traffic signals and pedestrian underpasses be constructed out of funds under your jurisdiction. This work is to be done in cooperation with the Traffic and Lighting Committees.

All estimates included in this report have been made up by the City Engineer under the jurisdiction of the Board of Public Works.

Respectfully submitted,

ANDREW J. GALLAGHER, Chairman;
FRED SUHR,
ALFRED RONCOVIERI,
Committee on Streets and Commercial Development.

Establishment of Set-Back Lines, Girard Street.

On recommendation of City Planning Committee:

Bill No. 8643, Ordinance No. 8151 (New Series), as follows:

Establishing set-back lines along portion of Girard street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that on the 9th day of July, 1928, the Board of Supervisors adopted Resolution of Intention No. 180 to establish set-back lines along portion of Girard street, and fixed the 13th day of August, 1928, at 11 o'clock a. m., at the Chambers of the Board of Supervisors, as the time and place for hearing objections thereto; that thereafter and more than ten days prior to said hearing the said resolution was published and notices of the passage of said resolution were posted along the line of said streets, in time, form and manner required by Ordinance No. 5636 (New Series); that said hearing was

held at the time and place aforesaid, and that all objections made at said hearing have been properly overruled.

Section 2. Pursuant to the foregoing recitals and in accordance with the provisions of said Ordinance No. 5636 (New Series), set-back lines are hereby established as follows:

Along the westerly side of Girard street, commencing at a point 25 feet northerly from Wilde avenue and running thence northerly 200 feet, said set-back line to be 10 feet; thence northerly to Harkness street, said set-back line to be 11 feet 6 inches.

As shown on the maps filed in the office of the Board of Supervisors and to which reference is hereby made for further particulars.

Section 3. No structures shall be erected in the area between said set-back lines and the street lines, except as provided in said Ordinance No. 5636 (New Series), and the penalties for the violation of this ordinance shall be as fixed by the ordinance aforesaid.

Leave of Absence, Earle A. Walcott, Civil Service Commissioner.

The following was presented and read by the Clerk:

San Francisco, Cal., August 20, 1928.

Honorable Board of Supervisors, City Hall, San Francisco.
Gentlemen:

Application has been made to me by Honorable Earle A. Walcott, member of the Civil Service Commission, for a leave of absence with permission to absent himself from the State of California for a period of twenty days, commencing August 31st.

Will you please concur with me in granting this leave?

Respectfully,
JAMES ROLPH, JR., Mayor.

Whereupon, the following resolution was presented and *adopted*:

Resolution No. 29510 (New Series), as follows:

Resolved, That Honorable Earle A. Walcott, member of the Civil Service Commission, be and is hereby granted a leave of absence, with permission to leave the State, for a period of twenty days commencing August 31, 1928.

Finance, Utilities, Streets and Lighting Committees to Consider Policy for Assessing Property for Installation of Light Standards, Ducts, Cables, Wires and Water Pipes.

Supervisor Gallagher presented:

Resolution No. ———— (New Series), as follows:

Whereas, this Board has declared for the discontinuance of the policy heretofore in vogue, to-wit: The construction of streets and

conditional acceptance of same in which newly constructed roadways and streets there are no water mains, either of sufficient size or at all; and

Whereas, this Board has further declared for the inclusion of lights, standards and appurtenances in all proposed newly constructed streets and roadways; and

Whereas, a conference was held with the Board of Public Works on this subject matter at which it was determined to ask for the legal language by which this work could be compelled, thereby avoiding disruption of traffic, cutting up of new streets and long delays incident to same; and

Whereas, the question of policy as to how these lights and appurtenances and water pipes shall be paid for has not been determined; therefore, be it

Resolved, That the Finance, Public Utilities, Streets and Lighting Committees of this Board hold a joint session as soon as possible on the subject matter of policy, and there is suggested the following for consideration:

First: That light standards, ducts, cables and wires shall be a part of all new street work in San Francisco to be assessed the same as street work is now assessed.

Second: That water pipes of sufficient size shall be recommended by the City Engineer, shall also be assessed against the cost of the proposed street work, or that the Finance Committee of this Board of Supervisors make arrangements with the Spring Valley Water Company to the end that pipes of sufficient size, as recommended by the City Engineer, shall be constructed in all new and reconstructed streets by a capital expenditure by said Spring Valley Water Company to be allowed at the time of payment by the City and transfer of their properties to our jurisdiction.

Further Resolved, That all these Committees in joint session determine, in so far as they legally can, the matter of new streets, reconstructed streets and roadways, that all ducts, wires, cables, etc., be placed underground.

Referred to Joint Committee, Finance Committee to call meeting.

Passed for Printing.

The following resolution was *passed for printing* on motion of Supervisor Gallagher:

Automobile Supply Station Permit.

Resolution No. ———— (New Series), as follows:

Resolved, That The Texas Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile supply station on the northwest corner of Eleventh and Folsom streets.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

ADJOURNMENT.

Whereupon, the Board at the hour of 1:15 a. m. adjourned.

Approved by the Board of Supervisors August 27, 1928.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

Death of Former Supervisor Ralph McLeran.

Supervisor Hayden presented:

Resolution No. 29511 (New Series), as follows:

Whereas, death has called Ralph McLeran, a former member of the Board of Supervisors for sixteen years, and an outstanding member of our community; and

Whereas, Ralph McLeran was identified with the progress of this City for many years, not only as an eminent builder and executive, but also as a public official of force and probity. His natural talent for finance and his wide experience as a contractor gave a wide background of knowledge of public works and other undertakings, and in consequence thereof he was chosen as chairman of the Finance Committee of the Board of Supervisors, which office he filled with dignity and ability. His passing is a distinct and irreparable loss to the City and County of San Francisco; therefore

Resolved, That it is with profound regret that we record his passing; that the community's loss cannot be adequately measured, and that we join with others in their expressions of sorrow; and that when this Board adjourns, it does so as a tribute of respect to his memory.

Remarks.

Supervisor Hayden followed the reading of the foregoing resolution with a eulogy of the public life and character of former Supervisor Ralph McLeran, whom he pictured as a man of rugged exterior, but of a tender heart whose affection for his friends and for those near and dear to him was marked by many gracious deeds of kindness. He expressed for Supervisor Deasy, who was absent, sorrow in the passing of former Supervisor McLeran.

Supervisors Colman, Shannon, Havenner and McSheehy, and *Health Officer Dr. Hassler* joined in glowing tributes to the character and

worth of Ralph McLeran as a private citizen and as an outstanding public official.

Whereupon, the foregoing resolution was *unanimously adopted by a rising vote.*

Suitable signs shall be erected and maintained at all intersections of said parts of streets indicating the provisions of this section.

Section 2. Sections 35 and 36 of Article V are hereby amended to read as follows.

ARTICLE V.

Stopping, Standing and Parking.

Stopping Prohibited in Specified Places—

Section 35. It shall be unlawful for the operator of a vehicle to stop such vehicle in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

(1) In an intersection:

(2) In a crosswalk;

(3) Between a safety zone and the adjacent curb or within twenty (20) feet of a point on the curb immediately opposite the end of a safety zone;

(4) Within fifteen (15) feet of an intersection ahead on the right half of a roadway;

(5) Within ten (10) feet of an intersection to the rear on the right half of a roadway;

(6) Within ten (10) feet of an intersection formed by a street and an alley; provided, that nothing contained in paragraphs (4), (5) and (6) of this section shall apply to intersections formed by a street and a blind alley;

(7) Within twenty (20) feet of the entrance to any fire station;

(8) At any place not to exceed 10 feet from the driveway to a garage when designated by official markings.

Upon all streets within the central traffic district or any business district the Police Department shall designate the provisions of paragraphs (3), (4), (5) and (6) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area, omitting any crosswalk area.

Provisions of paragraph (8) of this section shall be designated by placing red paint or other red material upon the curb at locations designated by the Police Department. Records shall be kept of all zones so established.

Section 36 is hereby amended to read as follows:

Standing for Loading Only in Certain Places—

Section 36. (a) During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes, nor for an operator to stand any commercial vehicle for a period of time longer than it is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes in any of the following places:

(1) In any public alley in the Central Traffic District or in any business district during any hour of any day;

(2) In any loading zone between the hours of seven (7) a. m. and six (6) p. m. of any day;

(3) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hospital during any hour of any day;

(4) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any police station during any hour of any day;

(5) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hotel during any hour of any day;

(6) At any place not to exceed one hundred (100) feet from the intersection of any street with the southerly property line of Market street from The Embarcadero to Van Ness avenue between the hours of seven (7) a. m. and six (6) p. m. of any day; at any place not to exceed one hundred (100) feet from the prolongation of the northerly and westerly property lines at intersections immediately adjacent to Market street, of those streets intersecting Market street from the northerly side, from The Embarcadero to Van Ness avenue between the hours of seven (7) a. m. and six (6) p. m. of any day;

(7) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any public buildings between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays and legal holidays;

(8) At any place not to exceed seventy-five (75) feet before the entrance to any theater during the hours said theater is open for business;

(9) At any place between the portal of any tunnel and seventy-five (75) feet therefrom at any hour of any day.

(10) At any place where the grade of the roadway exceeds twenty (20) per cent.

(b) It shall be unlawful for any operator of a vehicle to stand said vehicle in a duly established taxicab stand; provided, however, that this provision shall not apply to the operators of duly licensed taxicabs authorized to occupy said stands.

(c) Suitable signs shall be placed and maintained to designate the provisions of this section. The Board of Supervisors shall designate the location of loading zones as defined by Section 1 of this ordinance, provided that in the Central Traffic District or in any business district, as herein defined, a curb space not to exceed fifty (50) per cent

of the total curb length of any street between intersections may be reserved for loading zones. A curb space not to exceed one hundred (100) feet may be reserved temporarily or in emergency by the Police Department at any place where required by public convenience.

Intention to Change Grades on Twenty-seventh Avenue Between Quintara and Santiago Streets.

On recommendation of Streets and Commercial Development Committee:

Resolution No. 29541 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 103170 (Second Series) of the Board of Public Works adopted August 10, 1928, and written recommendation of said Board filed August 10, 1928, to-wit:

On Twenty-seventh avenue between Quintara and Santiago streets.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Closing and Abandoning Portions of Public Alleys Between Guttenberg Street and Florentine Avenue and Brunswick and Concord Streets.

Also, Resolution No. 29543 (New Series), as follows:

Closing and abandoning certain portions of public alleys between Guttenberg street and Florentine avenue and Brunswick and Concord streets as described in Resolution of Intention No. 29261 (New Series) and excepting therefrom certain ten-foot alleys as described in said Resolution of Intention No. 29261 (New Series).

Whereas, this Board has, by Resolution No. 29261 (New Series),

declared its intention to close up and abandon certain portions of public alleys in the City and County of San Francisco and excepting therefrom certain ten-foot alleys; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of certain alleys as described in said Resolution of Intention No. 29261 (New Series) was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of time of publication of said notice; and

Whereas, no objections to the closing and abandonment of said alleys as described in Resolution of Intention No. 29261 (New Series) was or were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said alleys; and

Whereas, in and by said Resolution No. 29261 (New Series) this Board did declare that the damages, costs and expenses of closing said alleys are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said alleys shall be paid out of the revenues of the City and County of San Francisco; and

Resolved, That the said closing and abandonment of said alleys as described in Resolution No. 29261 (New Series) be and the same is hereby ordered and that said alleys be and the same are hereby closed and abandoned as public alleys as described in Resolution of Intention No. 29261 (New Series) and excepting therefrom certain ten-foot alleys; and

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in "The Bulletin" as required by law.

Oakwood Street Extension to Nineteenth Street.

Also, Resolution No. 29545 (New Series), as follows:

Whereas, on the 9th day of July, 1928, the Board of Supervisors duly and regularly passed Resolution No. 29268 (New Series), which resolution was, on the 20th day of July, 1928, duly and regularly approved by the Mayor of the City and County of San Francisco, said resolution being in words and figures as follows, to-wit:

Resolution No. 29268 (New Series).

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the extension of Oakwood street from its southerly termination through to Nineteenth street. The land and improvements deemed necessary to be taken for said extension of Oakwood street is particularly described as follows:

Commencing at a point on the northerly line of Nineteenth street, distant thereon 220 feet easterly from the easterly line of Dolores street; thence easterly along said northerly line 50 feet; thence at right angles northerly 100 feet; thence at right angles westerly 50 feet; thence at right angles southerly 100 feet to the northerly line of Nineteenth street and the point of commencement. Being a portion of Mission Block No. 78.

And said Board of Supervisors does hereby determine and declare that said proposed extension of Oakwood street is of more than ordinary public benefit and will affect the lands and district hereinafter described and which said district is hereby declared to be the district affected and benefited by said extension. The City and County of San Francisco to pay the sum of nine thousand six hundred and fifty ($9,650) dollars to defray one-half of the cost of the land and improvements and therefore the remaining cost and expenses of said extension shall be and are hereby made chargeable upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by said extension are particularly described as follows:

Change of Grades on Alameda Street, on Treat Avenue and on Alabama Street.

Also, Resolution No. 29546 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 103221 (Second Series) of the Board of Public Works adopted August 15, 1928, and written recommendation of said Board filed August 16, 1928, to-wit:

On Alameda street between Florida and Harrison streets.

On Treat avenue between Florida and Alameda streets.

On Alabama street between Alameda and Fifteenth streets.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Award of Contract, Motor Trucks.

Also, Resolution No. 29549 (New Series), as follows:

Resolved, That award of contract be hereby made to Kleiber Motor Company on bid submitted July 9, 1928 (Proposal No. 396), for furnishing the following, viz.: Seven motor trucks with pump bodies, 2½-ton, for the Department of Public Works for the sum of $33,656. Delivery: Four within 12 days; three within 21 days.

The conditions of said delivery are more fully set forth as follows (quoting from the specifications), viz.:

Time of Delivery: The delivery of the trucks called for herein at the earliest possible date, will be of material advantage to the City and County of San Francisco. For this reason each bidder will be required to submit as a part of his bid the number of days following the date on which the contract is executed within which he undertakes to deliver said trucks.

Bonus for Delivery Before Time Specified: In order to compensate the contractor hereunder for the additional expense which it will be necessary to incur in order to deliver said trucks before the date fixed for delivery, the City and County will pay to the contractor a bonus of ten dollars ($10) per day for each and every calendar day that each truck is delivered before the date fixed for the delivery thereof.

Liquidated Damages: Any delay beyond the date fixed for delivery will be of material disadvantage to the City and County. Should the delivery of said trucks or any of them be delayed beyond the date fixed for the delivery thereof, the sum of ten dollars ($10) shall be deducted from the price named in the contract for each and every calendar day that the delivery of each truck is delayed beyond the date fixed for the delivery thereof.

It is further understood and agreed that said sum shall not be considered as a penalty but as liquidated damages, which it is agreed upon, fixed, determined and understood by the parties of this contract, the City will suffer by reason of the failure of the contractor to make delivery hereunder within the period fixed for such delivery.

Any money due or to become due the contractor may be forfeited

to cover the liquidated damages hereinbefore named, and should such money not be sufficient to cover such damages, the City and County of San Francisco shall have the right to recover the balance from the contractor or his sureties.

The filing of any bid for the work herein contemplated shall be taken and understood to mean that the contractor filing the bid understands, agrees and has ascertained that the City will actually suffer damages to the amount of ten dollars ($10) per day for each and every day during which the delivery of each truck shall be delayed beyond the expiration of the time fixed for such delivery.

Resolved, That a bond in the sum of $3,000 be required for the faithful performance of contract.

Note: All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality as determined by such tests as required or recommended by the Purchaser of Supplies.

Resolved, That all other bids submitted thereon be rejected.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Deasy—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Heroism of Air Men Commended.

Supervisor Kent presented:

Resolution No. 29550 (New Series), as follows:

Resolved, That the Board of Supervisors commend the courage and heroism of Joe Salzman, instructor, and Oscar Rothlin, student, and Bartlett Stephens, assistant superintendent of Mills Field Airport, and Edison E. Mouton, inspector of the United States Department of Commerce, on the occasion of the recent air flight of Salzman and Rothlin when they were marooned in the air with a broken landing gear.

Joe Salzman, at the risk of his own life, climbed out of the body of the airplane and suspended himself by a rope and repaired the broken gear in midair, while Rothlin, at the controls, kept the ship on an even keel.

In another airplane, Inspector Mouton, at the controls, with Bartlett Stephens riding on the wing, attempted to rescue the marooned men by flying close and handing them parachutes.

Due to the heroism and presence of mind of all concerned the possibility of a fatal calamity was avoided.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Deasy—1.

Accepting Offer of Edward J. Briscoe, Easements, Hetch Hetchy Aqueduct.

Resolution No. 29551 (New Series), as follows:

Resolved, That the offer of sale made by the following named persons to sell to the City and County of San Francisco the following described easements situated in the County of Alameda, State of California, required in connection with the construction, maintenance and operation of the Coast Range Division of the Hetch Hetchy aqueduct, for the sum set forth opposite their names, be accepted:

Edward J. Briscoe, Annie E. Murphy and Margaret R. Turner, $500—

Parcel 1. An exclusive subsurface right of way easement for the

construction, maintenance and use of two aqueduct tunnels in and through the lands of Edward J. Briscoe, Annie E. Murphy and Margaret R. Turner in the Ex-Mission of San Jose.

Parcel 2. The right to construct, maintain, replace and operate an electric transmission line and telephone line, with all necessary accessories along, upon and over Parcel 1, approximately following the alignment of the first aqueduct tunnel to the constructed.

(As per written offer on file.)

And the City Attorney is hereby authorized to examine the title to said easements and if the same is found in satisfactory condition, to accept on behalf of the City and County of San Francisco a deed conveying said easements to said City and County of San Francisco, free and clear of all encumbrances, and to record the said deed, together with copy of this resolution, in the office of the County Recorder of Alameda County.

Adopted by the following vote:

Passed for Printing.

The following resolution was *passed for printing*:

Condemnation Proceedings, Hetch Hetchy Easement.

Resolution No. ——— (New Series), as follows:

Resolved, That public interest and necessity demand the acquisition through eminent domain proceedings of the following described easements situated in the County of Alameda, State of California, for the purposes hereinafter described, for the public use of the City and County of San Francisco, said easements being more particularly described as follows, to-wit:

Parcel 1. An exclusive sub-surface right of way easement for the construction, maintenance and use of two aqueduct tunnels, in and

through the lands of Fleda O. Bunting et al. in Ex-Mission Survey No. 37, otherwise Lot No. 40, as laid down on the official connected plat of the Ex-Mission of San Jose, as certified October 28, 1865, by the United States Surveyor-General of California.

The center line of the first of said aqueduct tunnels to be constructed through said lands is described as follows:

Beginning at a point in the easterly boundary of said Ex-Mission Survey No. 37, distant along said line south 1 deg. 21 min. 50 sec. west 353.9 feet from an existing fence corner assumed to mark Station V No. 3 of the Survey of the Sunol portion of the Rancho el Valle de San Jose and also assumed to mark the northwest corner of land of Edward J. Briscoe et al.; thence from the point of beginning south 79 deg. 19 min. west 6201.9 feet to a point which bears north 9 deg. 08 min. 30 sec. west 1000.7 feet from a fence corner assumed to mark the corner common to Ex-Mission Surveys 30, 36 and 37; thence north 88 deg. 41 min. west 122.1 feet to a point in the westerly boundary of said Ex-Mission Survey No. 37.

In the above description it is assumed that existing fences mark the easterly and westerly boundaries of Ex-Mission Survey No. 37.

The second of said aqueduct tunnels to be constructed shall be located parallel to said first tunnel and the center line of said second tunnel shall be 175 feet southerly from the center line of said first tunnel.

Parcel 2. The right to construct, maintain, replace, patrol and operate an electric transmission line consisting of conductors supported on one line of poles, with all necessary accessories, and a telephone line of one or more circuits supported on one line of poles, with all necessary accessories, along, upon and over the surface of the ground in and through the lands of Fleda O. Bunting et al. in said Ex-Mission Survey No. 37.

Together with the right to cut down or trim any trees or brush which may interfere with or constitute a menace to the safety of said transmission line or telephone line.

Said transmission line shall be located parallel to the first of the aqueduct tunnels to be constructed in Parcel 1 and the center line of said transmission line shall be 6 feet southerly from the center line of said tunnel. Said telephone line shall be located parallel to said transmission line and 40 feet southerly therefrom.

The taking of said easements is necessary for the construction, maintenance and operation by the City and County of San Francisco of a portion of the Hetch Hetchy aqueduct now being constructed by said City and County of San Francisco, and designed and intended to convey water from Lake Eleanor and the Tuolumne River, and its tributaries, to the said City and County of San Francisco for municipal and domestic purposes; that the taking of said easements is further necessary for the future proper development and control of said aqueduct, electric transmission lines and telephone lines to be used in connection with the construction, maintenance and operation of said aqueduct and the appurtenances thereto.

The City Attorney is hereby authorized and directed to commence eminent domain proceedings against the owners of said property and of all interests therein or claims against or liens upon said property, and for the condemnation of said rights, interests, claims and liens to the public use of the City and County of San Francisco for the said purposes above specified.

The Board was invited, and the invitation was accepted, to attend the dahlia show at the Palace Hotel Thursday, Friday and Saturday, this week.

NEW BRIDGE COMMITTEE.

The following motion, made upon the discharge of the Special Bridge Committee at meeting of August 20, and laid over until this day, was taken up.

Motion.

Supervisor Marks moved that the bridge matters be placed in the hands of a committee which shall consist of the members of the Board, the Mayor, the City Engineer, the City Attorney and the three Special Bridge Engineers employed by the City; the Mayor to act as chairman.

Communication.

A communication from the Pacific American Steamship Association, transmitting copy of letter addressed to Chief Engineer M. M. O'Shaughnessy by Captain Robert Dollar, relative to proposed bridge site north of Hunters Point, expressing opposition thereto unless certain requirements for protection of navigation are observed and requesting a conference in the matter, was read by the Clerk to the Board.

Privilege of the Floor.

Chief Engineer M. M. O'Shaughnessy was sent for and interrogated as to the foregoing and as to other pertinent matters.

Adopted.

Whereupon, there being no objection, the foregoing motion of Supervisor Marks was declared *adopted.*

SPECIAL ORDER, 10 A. M.

Hearing Bridge Application, T. A. Tomasini.

Application of T. A. Tomasini for franchise to construct, maintain and operate a toll bridge from the City and County of San Francisco, State of California, to a point of intersection with the proposed Berkeley-Marin Bridge, running from Point Fleming, in the City of Albany, County of Alameda, State of California, to Bluff Point, in the County of Marin, State of California.

The said toll bridge and tunnel is to be located across San Francisco Bay along the following described line, to-wit:

Beginning at the point of intersection of the southerly line of Bay street with the easterly line of Grant avenue, in the City and County of San Francisco; thence south 67 deg. 0 min. east 403 feet; thence on a curve of 375 feet radius, left 235.62 feet; thence north 81 deg. 0 min. east 510 feet; thence on a curve of 375 feet radius, left 346.88 feet; thence north 28 deg. 0 min. east 560 feet; thence on a curve of 500 feet radius, right 148.35 feet; thence north 45 deg. 0 min. east 9383 feet; thence on a curve of 500 feet radius, left 410.15 feet; thence north 2 deg. 0 min. west 20,066 feet, more or less, to a point of intersection with the necessary curves and deviations proper to accommodate traffic, of the following described line:

Beginning at a point on the easterly shore of San Francisco Bay 500 feet, more or less, southerly of the northwesterly point of Point Fleming, in the City of Albany, County of Alameda, and thence south approximately 88 deg. 0 min. west to a point on Bluff Point, in the County of Marin; thence westerly to Bluff Point, in the County of Marin, and easterly to Albany, in the County of Alameda, along said line last described.

Upon which said last described line there is to be built a toll bridge pursuant to the provisions of a certain franchise granted to the undersigned by the Board of Supervisors of the County of Alameda, State of California, on March 26, 1928, and which said last described line and the toll bridge to be erected thereon, and the necessary curves, deviations and intersections proper to conduct traffic at such point of intersection, shall constitute the northern terminal of the toll bridge and tunnel, for the construction, operation and maintenance of which, and for the right to collect tolls, application for a franchise is hereby made.

That the length of said bridge and tunnel will be approximately

thirty-two thousand and sixty-two (32,062) feet and that the breadth thereof will be thirty (30) feet, more or less.

Section 1. That pursuant to the authority and provisions of an Act of the Legislature of the State of California, approved May 23, 1927, entitled, "An Act to authorize the creation of County Adjustment Schools for the care of minors under eighteen years of age; to provide for the maintenance and management of the same, and the making of commitments and transfer of said minors thereto, and the support of said minors therein," there is hereby organized and established in the City and County of San Francisco, State of California, an adjustment school for the purpose of furnishing to certain minors under the age of eighteen years, in the manner prescribed in said Act above mentioned, care, custody, education, training and adjustment to good citizenship, which shall be continuous and uninterrupted during the period that such minors shall remain in said school.

Section 2. That said school shall be organized and established by the City and County of San Francisco, without the aid of another county.

Section 3. The government and management of said Adjustment School shall be vested in a board of seven trustees, four of whom shall be members of the Board of Education of the City and County of San Francisco, and three of whom shall be members of the County Probation Committee of the Juvenile Court of the said City and County of San Francisco. That said trustees shall be chosen and appointed by the Board of Supervisors of the City and County of San Francisco, by resolution of said board duly adopted by a majority of said board. The said trustees shall hold office for the term of six years, provided that the seven trustees first appointed as herein provided, shall so classify themselves by lot, that two shall hold office for two years, two for four years, and three for six years. That upon any of the said trustees appointed as aforesaid from said Board of Education ceasing to be members thereof, and upon any of said trustees appointed from said County Probation Committee ceasing to be members of said committee, said member or members shall ipso facto cease to be a member of said board of trustees of said Adjustment School. Whenever a vacancy shall exist on said board of trustees, either by expiration of term of office or otherwise, said vacancy shall be filled by said Board of Supervisors in the manner above specified, said appointment to be made so that the number of members of said board of trustees from said Board of Education and from said County Probation Committee shall remain as in this ordinance provided.

Section 4. That said Board of Trustees shall have all of the powers given to or provided for board of trustees of said Adjustment Schools by the aforesaid Act of the Legislature, and shall be subject to all of the responsibilities, and perform and discharge all of the duties, provided in said Act to be borne, performed or discharged by said trustees.

Section 5. That such male minors shall be received into said Adjustment School as are provided by said Act of the Legislature to be so received, and the manner of their reception therein and transfer or discharge therefrom shall be as provided in said Act. Provided further, that there may be received into said school, minors from other counties otherwise eligible for entrance thereto, upon such conditions and upon the payment of such per capita charges as may be fixed by the board of trustees, and the said board of trustees is hereby given the power to fix the conditions and per capita charges, upon which said minors from other counties will be received into said school.

Section 6. That no female minors shall be received into said Adjustment School.

Section 7. That the course of study for said minors who may be received into said Adjustment School shall be that provided by the common elementary and high schools of the State of California, and in addition thereto, there shall be provided such vocational and trade training as is provided by said Act of Legislature, and the Board of Education of the City and County of San Francisco is hereby authorized to organize said course of study and vocational training, and supply the necessary teachers and supervisors therefor, and make provision in its annual budget of an amount sufficient to defray the cost of said study and training and education.

Section 8. This ordinance shall take effect immediately upon its passage.

Privilege of the Floor.

Death of Brigadier-General James F. Smith.

Supervisor Colman presented the following resolution, which was *adopted* unanimously by rising vote:

Resolution No. 29576 (New Series), as follows:

Whereas, death has called Brigadier-General James Francis Smith, a native of San Francisco, former colonel of the First California Volunteers, third Governor-General of the Philippine Islands, and a member of the Customs Court of Appeals in Washington, D. C.; and

Whereas, General Smith served well his country, having filled various public offices with dignity and distinction and added considerably to the fame of the State of California in fulfilling his public duties; therefore

Resolved, That it is with profound regret that we record his passing, and that we join with others in their expressions of sorrow; and that when this Board adjourns it does so as a tribute of respect to his memory.

Supervisors Andriano and Hayden, personal friends of the deceased, joined in eulogy of the character and work of Brigadier-General James F. Smith and extended their condolence to the family of the deceased.

Joint Highway District Declared Created for Extension of Junipero Serra Boulevard Into San Mateo County.

Supervisor Gallagher presented:

Resolution No. 29577 (New Series), as follows:

Whereas, the Board of Supervisors of the Counties of San Francisco and San Mateo jointly initiated proceedings for the formation of a Joint Highway District, to be composed of the Counties of San Francisco and San Mateo; and

Whereas, the Boards of Supervisors of said Counties of San Francisco and San Mateo have heretofore duly adopted resolutions agreeing that said Joint Highway District should be formed and that the same would be to the public interest and necessity of said counties; and

Whereas, a Board of Directors of said Joint Highway District composed of members of the Board of Supervisors of each of said counties has been duly appointed, as follows, to-wit:

Supervisor Andrew J. Gallagher, representing San Francisco County,

Supervisor Thomas L. Hickey, representing San Mateo County, and

Supervisor Alfred Roncovieri of San Francisco County, representing the third member of said Board; and

Whereas, said Board of Directors have, by their report, tentatively fixed the route of the proposed district highway, determined the approximate total cost thereof, amounting to the sum of two million eight hundred thousand ($2,800,000) dollars, and the portion thereof that should be borne by each of said counties, and has made and filed a copy of said report with the Board of Supervisors of each of said counties, and which report tentatively found that the cost of said district highway should be borne by said counties in the following proportions, to-wit:

San Francisco County, 85 per cent thereof; San Mateo County, 15 per cent thereof; and

Whereas, it appears to this Board that the Board of Supervisors of each of said counties, within thirty days of its receipt of said report of said Board of Directors, did, by resolution, duly approve and adopt said report, and signify its approval of the formation of said Joint Highway District and declare its intention to join in the creation and formation of said Joint Highway District and that certified copies of such resolutions have been duly received by this Board of Supervisors from the Board of Supervisors of the said County of San Mateo; now, therefore, be it

Resolved, That this Board now finds, determines and declares that each of said Boards of Supervisors has finally approved the formation of said Joint Highway District and has finally approved said report of said Board of Directors, and that, in so far as this Board may do so, said Joint Highway District is, by this Board, declared duly created; and be it

Further Resolved, That a certified copy of this resolution be transmitted to the Board of Supervisors of the County of San Mateo, and that a certified copy thereof be filed with the Secretary of State of the State of California.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd—15.

Absent—Supervisors Deasy, Shannon, Toner—3.

Approval of Proposed Joint Highway District, Shore Line Highway.

Supervisor Gallagher presented:

Resolution No. 29578 (New Series), as follows:

Whereas, a certified copy of a resolution adopted by the County of Mendocino, proposing the creation of a Joint Highway District, has been received by this Board, which resolution is as follows:

"Resolved, By the Board of Supervisors of the County of Mendocino, State of California, as follows:

"(a) That the public interest requires the construction of a public highway, the general location and course of which shall be commencing within the Counties of Humboldt and Mendocino at a point of connection with a state highway already existing and extending southerly as closely as practicable to the shore line of the Pacific Ocean, through the Counties of Humboldt, Mendocino, Sonoma, Marin and the City and County of San Francisco.

"(b) That the Counties of Humboldt, Mendocino, Sonoma, Marin and San Francisco hereby named as the counties interested in and which will be benefited by such highway construction.

"(c) That it is proposed to create a Joint Highway District composed of the counties herein named as provided by an act of the Legislature of the State of California, entitled, 'An act providing for the creation, organization and government of Joint Highway Districts composed of two or more counties of the State of California,' approved April 5, 1927.

"The County Clerk of the County of Mendocino is hereby directed to transmit to the Clerks of the Boards of Supervisors of the Counties of Humboldt, Sonoma, Marin and San Francisco certified copies of this resolution."

Whereas, it is deemed advisable that such Joint Highway District be created and organized; therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the proposition to create and organize a Joint Highway District as proposed in the foregoing resolution be given a tentative approval.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd—15.

Absent—Supervisors Deasy, Shannon, Toner—3.

Supervisor Fred Suhr Appointed Director Joint Highway District.

Supervisor Gallagher presented:

Resolution No. 29579 (New Series), as follows:

Resolved, That, pursuant to proceedings heretofore taken by this Board of Supervisors, in the matter of the creation of a Joint Highway District composed of the Counties of Humboldt, Mendocino, Sonoma, Marin and the City and County of San Francisco, Supervisor Fred Suhr is hereby named and appointed as director of said proposed Joint Highway District to represent the City and County of San Francisco.

(c) Suitable signs shall be placed and maintained to designate the provisions of this section. The Board of Supervisors shall designate the location of loading zones as defined by Section 1 of this ordinance, provided that in the Central Traffic District or in any business district, as herein defined, a curb space not to exceed fifty (50) per cent of the total curb length of any street between intersections may be reserved for loading zones. A curb space not to exceed one hundred (100) feet may be reserved temporarily or in emergency by the Police Department at any place where required by public convenience.

Section 3. This ordinance shall take effect immediately.

Final Passage.

The following resolution heretofore passed for printing was taken up and *finally passed by the following vote:*

Condemnation of Land for Hetch Hetchy Right of Way.

On recommendation of Public Utilities Committee.

Resolution No. 29597 (New Series), as follows:

Resolved, That public interest and necessity demand the acquisition through eminent domain proceedings of the following described easements situated in the County of Alameda, State of California, for the purposes hereinafter described, for the public use of the City and County of San Francisco; said easements being more particularly described as follows, to-wit:

Parcel 1—An exclusive sub-surface right of way easement for the construction, maintenance and use of two aqueduct tunnels, in and through the lands of Fleda O. Bunting et al. in Ex-Mission Survey No. 37, otherwise Lot No. 40, as laid down on the official connected plat of the Ex-Mission of San Jose, as certified October 28, 1865, by the United States Surveyor-General of California.

The center line of the first of said aqueduct tunnels to be constructed through said lands is described as follows:

Beginning at a point in the easterly boundary of said Ex-Mission Survey No. 37 distant along said line south 1 degree 21 minutes 50 seconds west 353.9 feet from an existing fence corner assumed to mark Station V No. 3 of the Survey of the Sunol portion of the Rancho el Valle de San Jose and also assumed to mark the northwest corner of land of Edward J. Briscoe et al. Thence from the point of beginning south 79 degrees 19 minutes west 6201.9 feet to a point which bears north 9 degrees 08 minutes 30 seconds west 1000.7 feet from a fence corner, assumed to mark the corner common to Ex-Mission Surveys 30, 36 and 37; thence north 88 degrees 41 minutes west 122.1 feet to a point in the westerly boundary of said Ex-Mission Survey No. 37.

In the above description it is assumed that existing fences mark the easterly and westerly boundaries of Ex-Mission Survey No. 37.

The second of said aqueduct tunnels to be constructed shall be located parallel to said first tunnel and the center line of said second tunnel shall be 175 feet southerly from the center line of said first tunnel.

Parcel 2—The right to construct, maintain, replace, patrol and operate an electric transmission line consisting of conductors supported on one line of poles, with all necessary accessories, and a telephone line of one or more circuits supported on one line of poles, with all necessary accessories, along, upon and over the surface of the ground in and through the lands of Fleda O. Bunting et al. in said Ex-Mission Survey No. 37.

Together with the right to cut down or trim any trees or brush which may interfere with or constitute a menace to the safety of said transmission line or telephone line.

Said transmission line shall be located parallel to the first of the aqueduct tunnels to be constructed in Parcel 1, and the center line of said transmission line shall be 6 feet southerly from the center line of said tunnel. Said telephone line shall be located parallel to said transmission line and 40 feet southerly therefrom.

The taking of said easements is necessary for the construction, maintenance and operation by the City and County of San Francisco of a portion of the Hetch Hetchy aqueduct now being constructed by said City and County of San Francisco, and designed and intended to convey water from Lake Eleanor and the Tuolumne River, and its tributaries, to the said City and County of San Francisco for municipal and domestic purposes; that the taking of said easements is further necessary for the future proper development and control of said aqueduct, electric transmission lines and telephone lines to be used in connection with the construction, maintenance and operation of said aqueduct and the appurtenances thereto.

The City Attorney is hereby authorized and directed to commence eminent domain proceedings against the owners of said property and of all interests therein or claims against or liens upon said property, for the condemnation of said rights, interests, claims and liens to the public use of the City and County of San Francisco for the said purposes above specified.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

TAX LEVY, 1928-1929.

Consideration of proposed tax rate for the fiscal year 1928-1929.

Report of Finance Committee on Tax Levy, 1928-1929.

The following was presented and read by the Clerk:

San Francisco, September 6, 1928.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Finance Committee presents to you herewith its recommended tax rate ordinance for the fiscal year 1928-29, which has been compiled after careful conferences with the City Attorney and the City's Financial Expert.

The Board of Education, acting under the authority of a decision rendered by the State Supreme Court a year ago, has submitted a budget for the School Department of the City and County, totaling $10,491,138, and has made formal demand that a tax be levied sufficient to finance this entire budget. Your Finance Committee has been advised by the City Attorney that, under the mandatory ruling of the Supreme Court, the Board of Supervisors cannot amend or revise the Board of Education budget and that it is compelled to levy the entire tax demanded by this department. In other words, the Court ruling in effect establishes the Board of Education as an independent tax-levying branch of the City and County government and divests the Board of Supervisors of any right to limit or control the amount of the tax which that department may decide to levy in accordance with the provisions of the State Law.

Acting upon this advice from the City Attorney, your Finance Committee this year divorced the budget of the Board of Education entirely from the budget for the other departments of the Municipal government and your Honorable Board adopted the budget ordinance in that form. The tax rate required to finance the budget as approved by your Honorable Board is $2.89. The additional tax rate necessary to finance the school budget presented by the Board of Education is $1.07. This will make the total tax rate for the current fiscal year $3.96.

Your Finance Committee believes that the rate of tax recommended for maintenance and operation of the various departments of the Municipal government, exclusive of the School Department, is conservative and in keeping with the sane principles of economy to which this Board of Supervisors is pledged, and at the same time ample to provide for the growing needs of the City.

For your information the Finance Committee presents to you again its report upon the features of the budget adopted by your Honorable Board for the current fiscal year.

We desire to emphasize the fact that the recent determination of the Board of Education to levy an independent tax has greatly reduced the authority and control of the Board of Supervisors over the rate of taxation which will be levied annually upon the property owners

of San Francisco. One year ago, when the Board of Education first adopted this new policy, it compelled an increase in the tax rate recommended by your Honorable Board of 14 cents. This year the gross increase of the Board of Education budget over its budget of last year is $932,301. Giving the department credit for assuming the cost of its retirement and pension charges, the net increase demanded this year is $557,801, representing approximately seven cents in the tax rate. Thus in two years, the Department of Education alone has assumed the responsibility for an increase of 21 cents over the tax rate adopted by your Honorable Board in 1926-27. The small remaining increase which has been necessitated since that time is due in large part to the requirements for interest and redemption on bonds voted by the people of San Francisco and to the growing charges for charter and statutory requirements, such as the maintenance of the Courts, support of indigents and minors and the maintenance of the Pension and Retirement System.

We respectfully recommend the adoption of the tax rate ordinance as submitted.

Respectfully submitted,

FRANCK R. HAVENNER, Chairman,
MILO KENT,
CHAS. J. POWERS.

Referred to Streets Committee.

Eureka Valley Improvement Club Criticism Relative to Lack of Activity in Commercial Development.

Supervisor Gallagher presented and the Clerk read:

A communication from the Eureka Valley Improvement Association criticising alleged lack of activity on part of the Mayor, Board of Supervisors and Chamber of Commerce in the matter of obtaining industries for this city, together with his (Supervisor Gallagher's) reply on behalf of the Streets and Commercial Development Committee refuting statement and requesting more specific charge.

Motion.

Supervisor Stanton moved that the matter of the commercial development and city control of harbor be referred to a Special Legislative Committee of five members to be appointed by the Finance Committee.

Motion *carried.*

Initiative Petition, Market Street Railway Franchise.

Supervisor Schmidt called attention to activities among improvement associations by proponents of the initiative petition for indeterminate franchise to the Market Street Railway Company.

Supervisor Havenner suggested to Supervisor Shannon, chairman of the Public Utilities Committee, that a study be made of the initiative measure and that the Board at this time get in touch with improvement clubs and impress on them the importance of not placing themselves on record until the Board's view can be presented to them officially. The City Attorney, he said, considers this measure very detrimental to the people's interest.

Supervisor Shannon moved that the Public Utilities Committee be authorized to meet with the City Attorney for the purpose of considering initiative petition and on reporting on same to the Board.

So ordered.

Charter Amendment Hearing.

Supervisor Marks moved that Charter amendments be made a Special Order for 11 a. m. Monday, September 17, 1928, and that the Clerk notify members.

The following motion was taken up:

Application of T. A. Tomasini for franchise to construct, maintain and operate a toll bridge from the City and County of San Francisco, State of California, to a point of intersection with the proposed Berkeley-Marin Bridge, running from Point Fleming, in the City of Albany, County of Alameda, State of California, to Bluff Point, in the County of Marin, State of California.

The said toll bridge and tunnel is to be located across San Francisco Bay along the following described line, to-wit:

Beginning at the point of intersection of the southerly line of Bay street with the easterly line of Grant avenue, in the City and County of San Francisco; thence south 67 deg. 0 min. east 403 feet; thence on a curve of 375 feet radius, left 235.62 feet; thence north 81 deg. 0 min. east 510 feet; thence on a curve of 375 feet radius, left 346.88 feet; thence north 28 deg. 0 min. east 560 feet; thence on a curve of 500 feet radius, right 148.35 feet; thence north 45 deg. 0 min. east 9383 feet; thence on a curve of 500 feet radius, left 410.15 feet; thence north 2 deg. 0 min. west 20,066 feet, more or less, to a point of intersection with the necessary curves and deviations proper to accommodate traffic, of the following described line:

Beginning at a point on the easterly shore of San Francisco Bay 500 feet, more or less, southerly of the northwesterly point of Point Fleming, in the City of Albany, County of Alameda, and thence south approximately 88 deg. 0 min. west to a point on Bluff Point, in the County of Marin; thence westerly to Bluff Point, in the County of Marin, and

easterly to Albany, in the County of Alameda, along said line last described.

Upon which said last described line there is to be built a toll bridge pursuant to the provisions of a certain franchise granted to the undersigned by the Board of Supervisors of the County of Alameda, State of California, on March 26, 1928, and which said last described line and the toll bridge to be erected thereon, and the necessary curves, deviations and intersections proper to conduct traffic at such point of intersection, shall constitute the northern terminal of the toll bridge and tunnel, for the construction, operation and maintenance of which, and for the right to collect tolls, application for a franchise is hereby made.

That the length of said bridge and tunnel will be approximately thirty-two thousand and sixty-two (32,062) feet and that the breadth thereof will be thirty (30) feet, more or less.

Filed August 27, 1928, in Board, and hearing continued until September 4, 1928, at 10 a. m.

Communications.

Communications from Sausalito Chamber of Commerce and Chamber of Commerce of San Rafael urging the importance of granting the application of T. A. Tomasini for a franchise for a tube and bridge joining Marin county were read by the Clerk.

Privilege of the Floor.

Mr. Frederick Olds, attorney for T. A. Tomasini; Erle L. Cope, engineer for T. A. Tomasini; W. Robert Miller, realtor, Sausalito; F. B. Anderson, editor "Sausalito News"; Casper Gardiner, chairman Board of Supervisors, Marin county; Wm. Hughson, San Francisco automobile agent; Jos. E. Bien, San Francisco attorney, and T. A. Tomasini, applicant for the franchise, were heard at length as to the urgency of granting the franchise and the ability to finance it and other matters appurtenant to the matter in hand.

Action Deferred.

Supervisor Powers, seconded by Supervisor McGovern, moved that the application be *denied*.

Supervisor Gallagher moved, as an amendment, that further hearing of the foregoing application be continued until Monday, September 17, 1928, at 4 p. m.

Amendment *carried* by the following vote:

Ayes: Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Toner—16.

Absent: Supervisors Deasy, Suhr—2.

Bond Issue Plans and Estimates.

The following matters were presented, read by the Clerk and referred to the City Attorney to prepare the necessary ordinances or resolutions:

Sewer Bond Issue.

Resolution of the Board of Public Works No. 103466 (Second Series), transmitting plans, estimates of cost in the sum of $2,200,000, and copy of letter from the City Engineer, dated August 30, 1928, relating to the proposed bond issue for the extension of the sewer system of the City and County of San Francisco, as per Ordinance No. 8169 (New Series) of the Board of Supervisors, approved August 27, 1928.

HEALTH BONDS.

Tuberculosis Preventorium Health Farm and Cancer Institute. Bond Issue.

Resolution of the Board of Public Works No. 103467 (Second Series), transmitting plans, estimates of cost in the sum of $3,500,000, and copy of letter of the City Engineer, dated September 5, 1928, relating to the proposed bond issue for the acquisition, construction, completion and equipment of additions to the Tuberculosis Preventorium Health Farm, in San Mateo county, and Cancer Institute, in the City and County of San Francisco, as per Ordinance No. 8170 (New Series) of the Board of Supervisors, approved August 27, 1928.

Playgrounds Bond Issue.

Resolution of the Board of Public Works No. 103468 (Second Series), transmitting plans, estimates of cost in the sum of $3,100,000, and copy of letter from the City Engineer, dated September 5, 1928, relating to the proposed bond issue for the acquisition and development of certain lands for playground purposes, as per Ordinance No. 8171 (New Series) of the Board of Supervisors, approved August 27, 1928.

Broadway Tunnel Bond Issue.

Resolution of the Board of Public Works No. 103425 (Second Series), transmitting estimate of cost in the sum of $1,500,000, blue-print plan, File No. 8352, and copy of letter of the City Engineer, dated August 30, 1928, and recommending that the Board of Supervisors take further action in the construction of the proposed Broadway tunnel.

Award of Contract, Motor Trucks.

The Supplies Committee presented:

Resolution No. ———— (New Series), as follows:

Resolved, That award of contract be hereby made to Fageol Motor Sales Company on bid submitted July 9, 1928 (Proposal No. 395), for furnishing the following, viz.: 12 motor trucks with dump bodies, 5-ton, for the sum of $54,864.

Delivery: First truck in twenty-five days, then one truck every second day thereafter. The conditions of said delivery are more fully set forth as follows (quoting from the specifications), viz.:

Time of Delivery: The delivery of the trucks called for herein at the earliest possible date will be of material advantage to the City and County of San Francisco. For this reason each bidder will be required to submit as a part of his bid the number of days following the date on which the contract is executed within which he undertakes to deliver said trucks.

Bonus for Delivery Before Time Specified: In order to compensate the contractor hereunder for the additional expense which it will be necessary to incur in order to deliver said trucks before the date fixed for delivery, the City and County will pay to the contractor a bonus of $10 per day for each and every calendar day that each truck is delivered before the date fixed for the delivery thereof.

Liquidated Damages: Any delay beyond the date fixed for delivery will be of material disadvantage to the City and County. Should the delivery of said trucks, or any of them, be delayed beyond the date fixed for the delivery thereof, the sum of $10 shall be deducted from the price named in the contract for each and every calendar day that the delivery of each truck is delayed beyond the date fixed for the delivery thereof.

It is further understood and agreed that said sum shall not be considered as a penalty, but as liquidated damages, which it is agreed upon, fixed, determined and understood by the parties to this contract

the City will suffer by reason of the failure of contractor to make delivery hereunder within the period fixed for such delivery.

Any money due or to become due the contractor may be forfeited to cover the liquidated damages hereinbefore named, and should such money not be sufficient to cover such damages the City and County of San Francisco shall have the right to recover the balance from the contractor or his sureties.

The filing of any bid for the work herein contemplated shall be taken and understood to mean that the contractor filing the bid understands, agrees and has ascertained that the City will actually suffer damages to the amount of $10 per day for each and every day during which the delivery of each truck shall be delayed beyond the expiration of the time fixed for such delivery.

Resolved, That a bond in the sum of $5,000 be required for faithful performance of contract.

Note: All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality as determined by such tests as required or recommended by the Purchaser of Supplies.

Resolved: That all other bids submitted thereon be rejected.

Amendment.

Supervisor Gallagher moved that the resolution be amended to read eight Fageol trucks at the price bid and four Mack trucks at the price bid.

Supervisor Todd moved as a substitute for the whole that the subject matter lay over one week.

Supervisor Havenner requested that in the meantime the City Engineer be requested to advise the Board officially whether or not he agrees with the policy of the Board of Public Works and that he give an engineering report as to that policy respecting use of four-wheel brakes in hilly sections of the city.

Substitute Carried.

Whereupon, Supervisor Todd's substitute was *carried* by the following vote:

Ayes—Supervisors Colman, Gallagher, Havenner, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Roncovieri, Shannon, Todd, Toner—13.

Noes—Supervisors Andriano, Schmidt, Stanton—3.

Absent—Supervisors Deasy, Suhr—2.

ADJOURNMENT.

There being no further business, the Board at 6:45 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors September 17, 1928.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

Organization, Equipment, Etc., Adjustment School.

Also, Bill No. 8691, Ordinance No. 8193 (New Series), as follows:

Organizing and establishing and providing for the equipment and maintenance of an adjustment school in the City and County of San Francisco, for the purpose of furnishing to certain minors under the age of eighteen years, care, custody, education, training and adjustment to good citizenship, which shall be continuous and uninterrupted during the period that such minors shall remain in such school, and to provide for a governing board for such school, and for the manner of the appointment of the members thereof, and specifying their powers and duties, and providing for the support of said minors therein, all pursuant to the provisions of an Act of the Legislature of the State of California, approved May 23, 1927, and entitled, "An Act to authorize the creation of County Adjustment Schools for the care of minors under eighteen years of age; to provide for the maintenance and management of the same, and the making of commitments and transfer of said minors thereto, and the support of said minors therein."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That pursuant to the authority and provisions of an Act of the Legislature of the State of California, approved May 23, 1927, entitled, "An Act to authorize the creation of County Adjustment Schools for the care of minors under eighteen years of age; to provide for the maintenance and management of the same, and the making of commitments and transfer of said minors thereto, and the support of said minors therein," there is hereby organized and established in the City and County of San Francisco, State of California, an adjustment school for the purpose of furnishing to certain minors under the age of eighteen years, in the manner prescribed in said Act above mentioned, care, custody, education, training and adjustment to good

citizenship, which shall be continuous and uninterrupted during the period that such minors shall remain in said school.

Section 2. That said school shall be organized and established by the City and County of San Francisco, without the aid of another county.

Section 3. The government and management of said Adjustment School shall be vested in a board of seven trustees, four of whom shall be members of the Board of Education of the City and County of San Francisco, and three of whom shall be members of the County Probation Committee of the Juvenile Court of the said City and County of San Francisco. That said trustees shall be chosen and appointed by the Board of Supervisors of the City and County of San Francisco, by resolution of said board duly adopted by a majority of said board. The said trustees shall hold office for the term of six years, provided that the seven trustees first appointed as herein provided, shall so classify themselves by lot, that two shall hold office for two years, two for four years, and three for six years. That upon any of the said trustees appointed as aforesaid from said Board of Education ceasing to be members thereof, and upon any of said trustees appointed from said County Probation Committee ceasing to be members of said committee, said member or members shall ipso facto cease to be a member of said board of trustees of said Adjustment School. Whenever a vacancy shall exist on said board of trustees, either by expiration of term of office or otherwise, said vacancy shall be filled by said Board of Supervisors in the manner above specified, said appointment to be made so that the number of members of said board of trustees from said Board of Education and from said County Probation Committee shall remain as in this ordinance provided.

Section 4. That said Board of Trustees shall have all of the powers given to or provided for board of trustees of said Adjustment Schools by the aforesaid Act of the Legislature, and shall be subject to all of the responsibilities, and perform and discharge all of the duties, provided in said Act to be borne, performed or discharged by said trustees.

Section 5. That such male minors shall be received into said Adjustment School as are provided by said Act of the Legislature to be so received, and the manner of their reception therein and transfer or discharge therefrom shall be as provided in said Act. Provided further, that there may be received into said school, minors from other counties otherwise eligible for entrance thereto, upon such conditions and upon the payment of such per capita charges as may be fixed by the board of trustees, and the said board of trustees is hereby given the power to fix the conditions and per capita charges, upon which said minors from other counties will be received into said school.

Section 6. That no female minors shall be received into said Adjustment School.

Section 7. That the course of study for said minors who may be received into said Adjustment School shall be that provided by the common elementary and high schools of the State of California, and in addition thereto, there shall be provided such vocational and trade training as is provided by said Act of Legislature, and the Board of Education of the City and County of San Francisco is hereby authorized to organize said course of study and vocational training, and supply the necessary teachers and supervisors therefor, and make provision in its annual budget of an amount sufficient to defray the cost of said study and training and education.

Section 8. This ordinance shall take effect immediately upon its passage.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McGovern, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—16.

Absent—Supervisors Deasy, McSheehy—2.

Plans and Estimates of Cost of Proposed Extension of Sewer System Under Bond Issue.

Resolution No. 29612 (New Series), as follows:

Reciting that plans and estimates of the cost of the original construction and completion of permanent improvements, to-wit, the construction and extension of the sewer system in the City and County of San Francisco have been filed with the Board of Supervisors by the Board of Public Works, and declaring that the estimated cost thereof cannot be paid from the annual revenue or other funds derived from taxes levied for that purpose, but that all of said estimated cost will require the incurring of a bonded debt.

Resolved, By the Board of Supervisors of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 11th day of September, 1928, placed on file with the Board of Supervisors plans and estimates of the cost of the original construction and completion of the following described permanent improvements, to-wit: The construction and extension of the sewer system in the City and County of San Francisco in and along Fillmore street from the vicinity of Sutter and Divisadero streets through the Fillmore Valley and Hayes Valley to Tenth and Harrison streets; Fourteenth, Market and Fifteenth streets from the vicinity of Fourteenth and Market streets to Fifteenth and Harrison streets; College Hill tunnel from the Mission street viaduct to the vicinity of San Jose avenue and Army street; Alemany boulevard (Islais Creek) from Mission street to the vicinity of Revere avenue and Industrial street; Twenty-third avenue and Geary street from the vicinity of Twenty-seventh avenue and Geary street to Twenty-third avenue and Lake street.

That the total estimated cost of such permanent improvements is the sum of two million two hundred thousand dollars ($2200,000); that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to cause the construction of the said described permanent improvements and to make the declarations herein contained.

Section 2. It is hereby determined and declared that of the said sum of two million two hundred thousand dollars ($2,200,000) no part can be paid out of the annual revenue of the City and County of San Francisco in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million two hundred thousand dollars ($2,200,000) for the purposes herein recited.

Section 3. This resolution shall take effect immediately.

Section 2. Sections 35 and 36 of Article V are hereby amended to read as follows.

ARTICLE V.

Stopping, Standing and Parking.

Stopping Prohibited in Specified Places—

Section 35. It shall be unlawful for the operator of a vehicle to stop such vehicle in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

(1) In an intersection:

(2) In a crosswalk;

(3) Between a safety zone and the adjacent curb or within twenty (20) feet of a point on the curb immediately opposite the end of a safety zone;

(4) Within fifteen (15) feet of an intersection ahead on the right half of a roadway;

(5) Within ten (10) feet of an intersection to the rear on the right half of a roadway;

(6) Within ten (10) feet of an intersection formed by a street and an alley; provided, that nothing contained in paragraphs (4), (5) and (6) of this section shall apply to intersections formed by a street and a blind alley;

(7) Within twenty (20) feet of the entrance to any fire station;

(8) At any place not to exceed 10 feet from the driveway to a garage when designated by official markings.

Upon all streets within the central traffic district or any business district the Police Department shall designate the provisions of paragraphs (3), (4), (5) and (6) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area, omitting any crosswalk area.

Provisions of paragraph (8) of this section shall be designated by placing red paint or other red material upon the curb at locations designated by the Police Department. Records shall be kept of all zones so established.

Section 36 is hereby amended to read as follows:

Standing for Loading Only in Certain Places—

Section 36. (a) During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes, nor for an operator to stand any commercial vehicle for a period of time longer than it is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes in any of the following places:

(1) In any public alley in the Central Traffic District or in any business district during any hour of any day;

(2) In any loading zone between the hours of seven (7) a. m. and six (6) p. m. of any day:

(3) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hospital during any hour of any day;

(4) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any police station during any hour of any day;

(5) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hotel during any hour of any day;

(6) At any place not to exceed one hundred (100) feet from the intersection of any street with the southerly property line of Market street from The Embarcadero to Van Ness avenue between the hours of seven (7) a. m. and six (6) p. m. of any day; at any place not to exceed one hundred (100) feet from the prolongation of the northerly and westerly property lines at intersections immediately adjacent to

Market street, of those streets intersecting Market street from the northerly side, from The Embarcadero to Van Ness avenue between the hours of seven (7) a. m. and six (6) p. m. of any day;

(7) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any public buildings between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays and legal holidays;

(8) At any place not to exceed seventy-five (75) feet before the entrance to any theater during the hours said theater is open for business;

(9) At any place between the portal of any tunnel and seventy-five (75) feet therefrom at any hour of any day.

(10) At any place where the grade of the roadway exceeds twenty (20) per cent.

(b) It shall be unlawful for any operator of a vehicle to stand said vehicle in a duly established taxicab stand, provided, however, that this provision shall not apply to the operators of duly licensed taxicabs authorized to occupy said stands.

(c) Suitable signs shall be placed and maintained to designate the provisions of this section. The Board of Supervisors shall designate the location of loading zones as defined by Section 1 of this ordinance, provided that in the Central Traffic District or in any business district, as herein defined, a curb space not to exceed fifty (50) per cent of the total curb length of any street between intersections may be reserved for loading zones. A curb space not to exceed one hundred (100) feet may be reserved temporarily or in emergency by the Police Department at any place where required by public convenience.

Section 3. This ordinance shall take effect immediately.

Ordinance Regulating Parades and Processions.

Also, Bill No. ———, Ordinance No. ——— (New Series), as follows:

Regulating holding of parades and processions over and along the public streets, and preventing interference by any person without authority; empowering the Chief of Police to establish lines along routes of procession, and restricting certain districts and hours for processions other than funeral processions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No person shall, without authority of law, interfere with or obstruct the free and uninterrupted passage in, upon, along, or through any street of any procession or disturb any assemblage of people met for the purpose of a funeral for the burial of the dead.

Section 2. No parade or procession shall occupy or march on any street unless written notice of the time and route of such procession or parade be given to the Chief of Police not less than twenty-four (24) hours previous to its forming or marching and said Chief of Police may designate the street or streets such procession or parade can occupy, and when so designated the officer in charge of such procession or parade shall direct the same only along the route designated by the Chief of Police. Provided, however, that no parade or procession shall occupy or march upon any street in the Central Traffic District unless special permit in writing has been granted by the Chief of Police.

Section 3. Any person who, upon making application, has been denied such written permit may refer such application to the "Committee on Parades" for further consideration and action.

Section 4. The Police Committee of the Board of Supervisors is hereby authorized to act as a "Committee on Parades" for the purposes of this ordinance.

Said Committee is hereby given the right and it shall be its duty to consider and act upon any application for a permit, provided for in Section 3 hereof, that has been referred to it in accordance with

the provisions of said section. The findings of such Committee shall be binding upon the Chief of Police.

Section 5. The Chief of Police is hereby empowered to establish lines, if he deem it necessary, on both sides of the street along the proposed route over which the parade or procession is to pass and no person or vehicle of any kind, excepting those having accredited badges and the apparatus of the Fire Department, responding to an alarm of fire, the vehicles of the Police Department and Fire Marshal and auxiliary fire apparatus, belonging to any person, firm or corporation when such apparatus is responding to a call to a fire, and any vehicle belonging to any person, firm or corporation engaged in the business of transporting persons to the premises of the persons transported when such vehicle is responding to a call to a fire or to a burglar alarm, ambulances, whether of public or private character, or any other vehicle when such vehicle is employed in carrying a sick or injured person to a hospital or other place for relief or treatment and the United States mail wagons shall pass over or through said lines.

Section 6. The lines at the intersecting streets and crossings along the line of march of such parade or procession are within one (1) block of said crossings and the intersections and said line shall be removed when the parade or procession has passed.

Section 7. In case of fire, accident or any emergency along the line of march of such parade or procession the Chief of Police or the police officer in charge of the detail on the streets along which such parade or procession shall pass is hereby given full power to divert said parade or procession around such fire, accident or emergency over and along the nearest cross street from such fire, accident or emergency and shall direct the return of such parade or procession to the line of march originally authorized.

Section 8. The provisions of this ordinance shall not apply to funeral processions or to parades or processions composed wholly of the military or naval forces of the United States or of the State of California.

Section 9. The "Central Traffic District" referred to herein is that portion of the City defined as the "Central Traffic District" in Ordinance No. 7691 (New Series) of the City and County of San Francisco.

Section 10. Any ordinance or part thereof in conflict herewith is hereby expressly repealed.

Section 11. This ordinance shall take effect immediately.

Award of Contract, Motor Trucks.

Resolution No. ———— (New Series), as follows:

Resolved, That award of contract be hereby made to Fageol Motor Sales Company on bid submitted July 9, 1928 (Proposal No. 395), for furnishing the following, viz.: 12 motor trucks with dump bodies, 5-ton, for the sum of $54,864.

Delivery: First truck in 25 days, then one truck every second day thereafter.

The conditions of said delivery are more fully set forth as follows (quoting from the specifications), viz.:

Time of Delivery: The delivery of the trucks called for herein at the earliest possible date, will be of material advantage to the City and County of San Francisco. For this reason each bidder will be required to submit as a part of his bid the number of days following the date on which the contract is executed within which he undertakes to deliver said trucks.

Bonus for Delivery Before Time Specified: In order to compensate the contractor hereunder for the additional expense which it will be necessary to incur in order to deliver said trucks before the date fixed for delivery, the City and County will pay to the contractor a bonus of $10 per day for each and every calendar day that each truck is delivered before the date fixed for the delivery thereof.

Liquidated Damages: Any delay beyond the date fixed for delivery will be of material disadvantage to the City and County. Should the delivery of said trucks or any of them be delayed beyond the date fixed for the delivery thereof, the sum of ten dollars ($10) shall be deducted from the price named in the contract for each and every calendar day that the delivery of each truck is delayed beyond the date fixed for the delivery thereof.

It is further understood and agreed that said sum shall not be considered as a penalty but as liquidated damages which it is agreed upon, fixed, determined and understood by the parties of this contract, the City will suffer by reason of the failure of contractor to make delivery hereunder within the period fixed for such delivery.

Any money due or to become due the contractor may be forfeited to cover the liquidated damages hereinbefore named, and should such money not be sufficient to cover such damages, the City and County of San Francisco shall have the right to recover the balance from the contractor or his sureties.

The filing of any bid for the work herein contemplated shall be taken and understood to mean that the contractor filing the bid understands, agrees and has ascertained that the City will actually suffer damages to the amount of ten dollars ($10) per day for each and every day during which the delivery of each truck shall be delayed beyond the expiration of the time fixed for such delivery.

Resolved, That a bond in the sum of $5,000 be required for faithful performance of contract.

Note: All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality as determined by such tests as required or recommended by the Purchaser of Supplies.

Resolved, That all other bids submitted thereon be rejected.

Amendment.

Supervisor Shannon moved to amend the resolution, third line, by striking out 12 motor trucks, etc., $54,864, and inserting in lieu thereof "8 motor trucks, etc., $36,576."

Amendment *carried.*

Adopted.

Whereupon, the foregoing resolution, amended as follows, was *adopted* by the following vote:

Bonus for Delivery Before Time Specified: In order to compensate the contractor hereunder for the additional expense which it will be necessary to incur in order to deliver said trucks before the date fixed for delivery, the City and County will pay to the contractor a bonus of $10 per day for each and ever calendar day that each truck is delivered before the date fixed for the delivery thereof.

Liquidated Damages: Any delay beyond the date fixed for delivery will be of material disadvantage to the City and County. Should the delivery of said trucks or any of them be delayed beyond the date fixed for the delivery thereof, the sum of ten dollars ($10) shall be deducted from the price named in the contract for each and every calendar day that the delivery of each truck is delayed beyond the date fixed for the delivery thereof.

It is further understood and agreed that said sum shall not be considered as a penalty, but as liquidated damages which it is agreed upon, fixed, determined and understood by the parties of this contract, the City will suffer by reason of the failure of contractor to make delivery hereunder within the period fixed for such delivery.

Any money due or to become due the contractor may be forfeited to cover the liquidated damages hereinbefore named, and should such money not be sufficient to cover such damages, the City and County of San Francisco shall have the right to recover the balance from the contractor or his sureties.

The filing of any bid for the work herein contemplated shall be taken and understood to mean that the contractor filing the bid understands, agrees and has ascertained that the City will actually suffer damages

to the amount of ten dollars ($10) per day for each and every day during which the delivery of each truck shall be delayed beyond the expiration of the time fixed for such delivery.

Resolved, That a bond in the sum of $5,000 be required for faithful performance of contract.

Note: All above awards are made to the lowest bidder except when award is made in consideration of deliveries or on account of the quality as determined by such tests as required or recommended by the Purchaser of Supplies.

Resolved, That all other bids submitted thereon be rejected.

CONSIDERATION OF PROPOSED CHARTER AMENDMENTS

Motion.

Supervisor Marks: Mr. Chairman, I move you that the Board proceed to the consideration of Charter Amendments, and that in doing so, the amendments be considered by the Board in the order in which they appear in the report of the Judiciary Committee; that following the action of the Board upon the submission of Charter Amendments, the Board then pass a blanket resolution prescribing the order in which these amendments which we favorably act upon should be presented to the Registrar, with the request that they appear in that order upon the ballot in November.
Supervisor Hayden: I second the motion.

PUBLIC UTILITIES COMMISSION.

The following title and Section 1, Article XII-A was read and explained by Supervisor Marks, chairman of the Judiciary Committee:
Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto to be designated as Article XII-A, relating to the operation, maintenance, control and construction of municipally-owned public utilities.
The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 6th day of November, 1928, a proposal to amend the Charter as follows:
That a new article be added to said Charter, to be designated Article XII-A, to read as follows:

ARTICLE XII-A.

Utilities Commission.

Section 1. The construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the City and County of San Francisco, as well as all extensions, additions and betterments thereto, for the purpose of supplying to the said City and County and to its residents and inhabitants, and to territory outside the limits of said City and County and to the residents and inhabitants thereof, with water, light, heat, power or transportation shall be exclusively vested in a Utility Commission of three members, anything in this Charter to the contrary notwithstanding. The Commission shall have power to make all rules and regulations not inconsistent with the provisions of this article which it deems necessary or proper for the conduct of its business and the regulation of the matters herein committed to its charge. The Commission shall observe all City and County ordinances, and the regulation of the Department of Public Works relative to utility openings, structures and poles in streets and other public places, as well as all

ordinances and regulations relative to barricades, construction lights, refilling excavations and replacing and maintaining street pavements; and in connection with all of such matters, the said Commission shall be subject to the same inspection rules and pay fees to the proper department in the same manner and at the same rates as any private person or corporation.

Amendment.

On motion of Supervisor Marks, the words "Utilities Commission", wherever it appears, was amended to read "Public Utilities Commission."

Approved.

Whereupon, on motion of Supervisor Marks, seconded by Supervisor Hayden, the foregoing, as amended, was *approved without objection.*

Appointment and Compensation.

Supervisor Marks proceeded, read and explained the following section:

Section 2. Members of the Utility Commission shall be appointed by the Mayor and said appointment shall be confirmed by the Board of Supervisors as herein provided, and may be removed from office in the same manner as elective officers of the City and County, or may be recalled as provided in this article. Each member of the Commission must be at the time of his appointment an elector of the City and County and must have been such for at least five years next preceding his appointment.

The terms of members of the Commission shall be six years from and after the date of their respective appointments, provided that the persons first appointed as members of said Commission shall by lot classify their respective terms of office so that the term of one of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1931, and that the term of another of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1933, and that the term of the third of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1935, and upon the expiration of the term of each of said Commissioners the Mayor shall appoint his successor to serve for the full term of six years from the said first Monday after the first day of January of said year in which said appointment is made. Vacancies occurring on said Commission from any cause shall be filled by appointment to be made in the same manner as are full-term appointments, provided that those appointed to fill a vacancy on said Commission shall serve only for the unexpired term of the person whom they succeed.

Appointments shall be made as follows: Within fifteen days after this amendment becomes effective, the Mayor shall appoint the three members of said Commission, and shall at the meeting of the Board of Supervisors held next after making said appointment submit in writing to the said Board the names of the persons appointed to said Commission, and the said Board shall by a vote of a majority of all of its members at a meeting of said Board to be held within thirty days thereafter, by resolution, confirm or reject the appointment of any or all of said persons so appointed. Should said appointment or appointments be confirmed as aforesaid by said Board of Supervisors, said person or persons so confirmed shall become a member or members of said Commission for the respective term for which they may have been appointed, but should said persons, or any of them, be rejected by said Board, the said Board shall cause written notice of its action to be given to the Mayor, who shall, within fifteen days thereafter, make a new appointment or appointments in the place or places of the one or ones failing to receive the confirmation of said Board of Supervisors, and in writing certify said appointment or appointments to said Board, and said Board shall either confirm or reject said appointment or appointments as hereinbefore set forth. That in filling any

vacancy occurring on said Commission either by resignation, expiration of term, or otherwise, the same procedure shall be had by the Mayor and by the Board of Supervisors as in the case of original appointment. That should the said Board of Supervisors fail or neglect, for a period of fifteen days after receiving written notice from the Mayor of any appointment or appointments to said Commission, to reject said appointment or appointments, the said failure shall be deemed to be a confirmation of said appointment or appointments. Any person appointed to said Commission whose appointment shall be rejected by said Board of Supervisors shall not be eligible for appointment to said Commission for one year after said rejection.

Any member of the Commission may be recalled at a special election called for the purpose of voting on such recall, in the following manner: When a petition for the recall of such member, containing a statement of the grounds on which such recall is sought, shall be signed by registered voters equal in number to at least fifteen per cent of the entire vote cast at the last preceding general municipal election, such petition shall be filed with the Board of Election Commissioners. Such petition, and the verification and reporting of sufficiency or insufficiency thereof, shall be in accordance with Sections 2 and 3 of Chapter 3 of Article XI of this Charter, and the election shall be called as provided in Sections 3 and 4 of Chapter 5 of Article XI of this Charter and the General Election Laws of the State of California; provided, however, that no recall petition may be filed against a member of the Commission until he has actually held his office for at least four months; and provided further, that the question to be submitted to the voters shall be restricted to "Shall (name) be removed from the Utility Commission for (stated cause or causes)?" with provision for voting affirmatively or negatively thereon, the ballot to be in accordance with Section 6 of Chapter V of Article XI of this Charter; and provided further, that if a majority of the qualified electors voting on the question shall vote in favor of such recall, the office of such Commissioner shall be declared vacant, and the successor thereto shall be appointed by the Mayor and confirmed or rejected by the Board of Supervisors as in this section provided; and provided further, that if a majority of the qualified electors voting on the question shall vote negatively on such recall, such Commissioner shall be reimbursed for his election expenses as provided by Section 9, Chapter V of Article XI of this Charter.

No person who has been recalled or who has resigned from the office of Utility Commissioner while recall proceedings were pending against him shall be appointed to any office within two years after such recall or resignation.

The compensation of members of said Commission shall be twenty dollars for each meeting of the Commission, or of a committee thereof actually attended by said members, provided that the aggregate amount paid to any member for his service as a member of said Commission shall not exceed two thousand dollars per year. Each member of the Commission shall furnish and file an official bond in the sum of twenty-five thousand dollars, duly conditioned as in this Charter elsewhere provided. The premium on said bonds so furnished as well as the compensation to be paid to the members of said Commission shall be paid out of public utility revenues.

On motion of Supervisor Marks, Section 2, paragraph 3, at end of line 9 the words "30 days" was amended to read "15 days."

Motion.

Supervisor Stanton moved "that the City Attorney be instructed to forthwith prepare an amendment to Section 2 of the proposed Charter Amendment providing for an elective commission at the time when a

special election shall be called for the election of the members of said Commission."

Motion *lost* by the following vote:

Ayes—Supervisors McGovern, Roncovieri, Stanton—3.

Noes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Suhr, Todd, Toner—13.

Absent—Supervisors Deasy, Shannon—2.

Approved.

Whereupon, the foregoing section, as amended, was *approved.*

Organization and Meetings.

Supervisor Marks proceeded, read and explained the following section:

Section 3. Immediately after it is first constituted and thereafter on the first Monday after the first day of January of each year, the Utility Commission shall meet for the purpose of organization. At such meeting the Commission shall elect one of its members as president, who shall hold such office for the ensuing year and until the election of his successor. The Commission shall thereafter hold regular weekly public meetings at a designated time and place. The Commission shall adopt its own rules of procedure and shall keep a record of its proceedings and the name of each member attending each meeting held. A majority of the Commission shall constitute a quorum for the transaction of business. The Commission may appoint a secretary, subject to the civil service provisions of this Charter, and shall prescribe the duties of such secretary and fix his compensation. Special meetings may be called by the president or by two members of the Commission on twelve hours' written notice, which shall be served personally on each member or left at his usual place of residence, which notice shall state the subjects to be considered at the special meeting and no other subjects shall be there considered.

Amendment.

On motion of Supervisor Marks, the words "Utility Commission" were amended to read "Public Utilities Commission."

Approved.

Whereupon, the foregoing section, as amended, was *approved without objection.*

Subordinates, Assistants and Employees, and Their Compensation.

Supervisor Marks proceeded, read and explained the following section:

Section 4-a. The Commission shall appoint a Manager of Utilities, who shall be the chief executive and administrative official of the Commission, and who shall hold office at the pleasure of the Commission. Each separate utility under the control of the Commission shall be designated as a department, and in addition the Commission may create a Bureau of Engineering, a Bureau of Public Relations and such other bureaus as it deems necessary for the handling of matters that do not pertain exclusively to any one utility department. The manager, subject to the ratification of the Commission, shall have the power of appointment and dismissal of the heads of such departments and bureaus. The Manager of Utilities and the heads of each separate department and of the Bureau of Engineering need not, at the date of appointment, be a resident of the City and County of San Francisco, and said manager, as well as such department heads and the heads of the Bureaus of Engineering and of Public Relations shall not be subject to the civil service provisions of the Charter. The Manager of Utilities shall, subject to the control of the Commission, have the

management of all public utilities operated, owned or controlled by the City and County, and each bureau or department head shall, subject to the control of the manager, have sole executive control of his department or bureau.

b. The Commission may also, subject to the civil service provisions of the Charter, appoint an auditor and prescribe his duties; provided that nothing herein contained shall be construed as abrogating or interfering with the authority and control under the Charter of the City Auditor and City Treasurer over the receipt and disbursement of public funds which may come under the Commission's jurisdiction; provided, further, that all demands on funds in the City and County Treasury which are placed under the jurisdiction of the Utility Commission by the provisions of this article shall require the approval of the Commission, and the Manager, which shall be evidenced by the signatures of its secretary and auditor, or of such other officials of each utility as the Commission may designate before being allowed by the City and County Auditor and paid by the Treasurer.

c. The Commission shall appoint such other employees, subordinates and assistants as may be necessary for the proper conduct of the affairs and properties hereby committed to said Commission, and all of such appointments shall be made in conformity with, and the appointees shall be entitled to the benefit of the provisions of Article XIII of the Charter, except as in this article specifically excepted. All employees of the Board of Public Works who are engaged in public utility work at the time this amendment becomes effective shall be taken over by the Commission, under the classification now held by them, or under classification equivalent thereto, and all employees employed in the operating service of any public utility which may be or may have been acquired by the City and County and who have been continuously employed for one year in such operating service shall be considered to have been appointed to such positions under the provisions of Article XIII of this Charter, and shall be entitled to all civil service rights therein provided.

Provided, that employees engaged in construction work outside of the limits of the City shall be exempt from civil service regulations, and all employees whose duties are performed outside of the limits of the City and County shall not be subject to the Charter provisions regarding residence within said City and County, except that all provisions relating to conditions of employment and preference for employment shall be observed in all cases as prescribed by the provisions of Section 1, of Chapter III, of Article II, of this Charter; and provided further, that said civil service provisions of the Charter shall not apply to persons employed for temporary service in positions requiring high technical skill.

d. The salaries, wages or other compensation of all persons employed by the Commission or engaged in work under its direction shall be fixed by the Commission, and the Commission may also fix and determine working conditions of said employees, provided that all regulations provided by law and by this Charter relative to hours of labor shall apply to all employees of said Commission, and provided further, that no compensation to any of said employees shall be less than is paid in the case of similar employments in the service of the City and County.

e. The Commission may require a bond in such amount as it shall deem proper, from any employee, which said bond shall be duly conditioned for the faithful performance of the duties of such employee, and the Commission may provide that the premium on said bond be paid out of the revenues of the particular utility in which said employee is serving, and where said employee is rendering service to more than one utility, the cost of said bond shall be equitably prorated among the utilities receiving the benefit of said service.

Amendment.

On motion of Supervisor Marks, the words "Utility Commission" were amended to read: "Public Utilities Commission."

On motion of Supervisor Marks, the words "immediately prior to such acquisition" were inserted after the words "one year" in the thirteenth line; and the words "and County" after the word "City" in the eighteenth line of Subdivision (c).

Motion.

Supervisor Stanton moved that the following language be stricken: "The Manager of Utilities and the heads of each separate department and of the Bureau of Engineering, need not, at the date of appointment be a resident of the City and County of San Francisco."

Supervisor Powers: I second the motion.

Motion *lost* by the following vote:

Ayes—Supervisors Gallagher, Kent, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Stanton—8.

Noes—Supervisors Andriano, Colman, Havenner, Hayden, Marks, Shannon, Suhr, Todd, Toner—9.

Absent—Supervisor—Deasy—1.

Approved.

Whereupon, the foregoing section, as amended, was *approved without objection.*

Powers and Duties of Managers and Department Heads.

Supervisor Marks proceeded, read and explained the following section:

Section 5-a. The Manager of Utilities shall possess the necessary executive, administrative and technical qualifications and shall have full power to administer the affairs of his department as chief executive officer, and may, with the consent of the Commission, act as the head of any department or bureau created by the Commission. He shall, when possible, attend all meetings of the Commission, and shall at least once in each month, and more frequently if required by the Commission, make a report in writing to the Commission of all matters connected with the work of the Commission. He shall execute all orders of the Commission when directed to do so and supervise the work of all departments and bureaus under the jurisdiction of the Commission. He may suspend any employee of the Commission, save the secretary and auditor, for cause or for disciplinary purposes, and shall report said suspension and the reasons therefor to the Commission at its meeting immediately following said suspension, and said Commission may, on the report of said manager, order that charges be filed against said person so suspended, or may continue said suspension in force for a period of not more than thirty days from the date thereof, for disciplinary purposes, and said order as to said suspension shall be final. Should charges be ordered filed against said suspended employee, the said manager shall file the same, and the same shall be heard and determined by the Commission, after reasonable opportunity to the accused to be heard, and all of Article XIII of the Charter relative to trials and appeals shall apply to said hearing.

b. Department and bureau heads shall possess the necessary executive and technical qualifications to qualify them for their respective departments or bureaus, and shall conduct the affairs of their respective bureaus or departments under the order and direction of the Manager of Utilities, and shall, as often as required by said Manager, or by the Commission, make reports in writing to said Manager or to the Commission on all matters pertaining to said departments.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Legal Department.

Supervisor Marks proceeded, read and explained the following section:

Section 6. The City Attorney shall be the legal adviser of the Commission and shall render such legal advice and services as the Commission may deem necessary, and shall prosecute and defend, as the Commission may require, any and all actions and proceedings involving matters under its jurisdiction. He shall have authority, with the prior approval of the Commission, to compromise, settle or dismiss any litigation or proceedings which may be pending for, or on behalf, or against said Commission relative to any matter or property under its jurisdiction.

He shall appoint and detail to the Commission such attorneys as the Commission may deem necessary to conduct its legal work, and the compensation of said attorneys so detailed shall be fixed by the Commission, and shall be paid from the revenues of the utilities under its jurisdiction. Said attorneys, when so appointed, shall be deputies of the City Attorney, and shall be in addition to the deputies and assistants now allowed to him by Charter or by ordinance.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Purchasers and Contracts.

Supervisor Marks proceeded, read and explained the following section:

Section 7. The Commission shall have power to contract for work, supplies, materials or equipment when the cost of these can be met from the revenues or reserves of the utility requiring same, or from other moneys appropriated for the use of such utility by the Board of Supervisors or from the proceeds of bonds authorized for such utility. The Manager of Utilities shall have the power to make requisition for or order supplies, material or equipment required for the operation or maintenance of any utility under the control of the Commission; and, on the recommendation of the Manager of Utilities, the Commission may, by resolution, delegate such power with such restrictions as it may deem necessary, to a duly authorized subordinate of the manager, or to the directing head of each utility.

The manager, subject to the ratification of the Commission, may appoint or dismiss a purchasing agent, who shall not be subject to the civil service provisions of this Charter. All materials, supplies and equipment shall be purchased under contract; provided, however, that all supplies and material other than equipment, required in the operation of any utility or bureau of the Commission for use within the limits of the City and County, that are covered by the general supply contracts of the City and County, as awarded through the City and County Purchaser of Supplies, shall be purchased from such contractors; except, however, and provided further, that upon the certification of the head of a utility that the necessities of construction or operation so require, and with the approval of the Manager of Utilities, the materials, supplies or equipment required may be purchased in the open market at the lowest price obtainable. The Commission, on request, shall advise the general purchaser of supplies of the City and County government of the kind and quantity of its probable future needs for materials and supplies to be used in utility operation within the City and County and for record purposes shall file copies of all purchase orders with such purchaser of supplies.

The Commission, on the recommendation of the Manager of Utilities, may authorize the sale or transfer of any materials, supplies or equipment under its control when no longer used or useful for its purposes, and the proceeds of said sale or transfer shall be placed to the credit of the utility controlling the same.

All construction work shall be done by public contract unless the Commission, upon recommendation of the Manager of Utilities, shall determine that the work in question can be more advantageously carried on by the Commission's employees.

The Commission may prescribe rules of procedure which it shall follow in letting contracts for the purchase of materials, supplies and equipment and for construction work and amend the same from time to time as it may deem proper; provided, that such rules shall provide for not less than five days' public advertisement, for sealed bids on such contracts, for the award of contracts to the lowest responsible bidder, and shall require of all contractors adequate surety bonds in an amount to be fixed by the Commission in each case for the protection of the City and County in the performance of such contracts and for the protection of all persons, firms or corporations furnishing labor or materials in connection with the same. Suitable provision may also be made for the rejection of all bids and readvertisement and for the rejection of the proposal of any bidder who in the opinion of the Commission is not competent to fulfill the contract if awarded. All contracts shall be signed by the president or acting president and secretary or acting secretary of the Commission.

Approved.

Whereupon, the foregoing section was *approved.* Supervisor Stanton voting *no.*

Additions, Betterments and Extensions.

Supervisor Marks proceeded, read and explained the following section:

Section 8. The Commission shall locate and determine the character and type of all construction and additions, betterments and extensions to utilities under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions out of public funds under its jurisdiction; provided, that in each such case it shall secure the recommendation of the Manager of Utilities, which recommendation shall be presented in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed that such alternatives exist.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Accounts, Revenues and Expenditures.

Supervisor Marks proceeded, read and explained the following section:

Section 9. Proper accounts shall be maintained, separately for each utility under the control of the Commission, in such manner as to show the true and complete financial results of ownership, management and operation. Such accounts shall be so kept as to show the actual cost of each such public utility; all costs of maintenance, extension and improvement; all operating expenses of every description; the general expenses of the Commission and bureaus thereof appointed to such utility; the amounts paid or set aside for depreciation, insurance, interest and sinking fund; and also estimates of the amount of taxes that would be chargeable against such property and the revenue thereof if owned by a private corporation. Monthly statements shall be submitted to the Mayor and the Board of Supervisors by the Utility Com-

mission not later than the fifteenth day of the succeeding month, and annual reports shall be submitted to the Mayor and the Board of Supervisors not later than three months following the close of the fiscal year, and shall be printed for public distribution. Such monthly and annual reports shall show receipts and expenditures for each utility, the general expenses of the Commission and bureaus thereof, and such additional information as the Commission may desire or the Supervisors require to show the details and results of the Commission's operation and management.

Accounts shall be maintained in accordance with forms and requirements of the State Railroad Commission for public utilities engaged in like character of service, in so far as these shall be public owned and operated utilities. The accounts of each utility shall be examined annually by a certified public accountant, who shall be appointed by and report to the Supervisors the result of such examination, and whose fees shall be paid out of utility funds. The salaries and general expenses of the Commission or bureaus thereof, not chargeable to a specific utility, shall be apportioned fairly among the utilities under the control of the Commission in such manner as the Commission may deem proper, and such appointments shall be shown as expenses of such utilities.

Amendment.

On motion of Supervisor Marks. the words "Utility Commission" were amended to read "Public Utilities Commission"; the word "appointed," in the seventh line, was corrected to "apportioned"; the words "applicable to" were inserted after the words "shall be," in the twenty-third line, and the word "appointments," in the last line of the foregoing section, was corrected to "apportionments."

Approved.

Whereupon, the foregoing section as amended and corrected was *approved without objection.*

Budget and Appropriations.

Supervisor Marks proceeded, read and explained the following section:

Section 10. The Manager of Utilities shall, not later than April 15th of each year, file with the Utility Commission a budget estimate for the ensuing fiscal year, of anticipated revenues and needed appropriations, separately for each utility department and bureau under the control of the Commission. These shall be submitted in such detail as to furnish a basis and guide for accounting and expenditure control during the succeeding fiscal year. The Commission may modify such budget estimates in any manner that it may deem proper, and shall, by public advertisement, give all interested persons an opportunity to be heard at one or more meetings of the Commission with reference to the amounts and purposes of expenditure to be included in such budget. Upon completion of said hearings the Commission shall by resolution adopt a budget for each utility department and bureau under its jurisdiction and transmit copies thereof to the Mayor, the Board of Supervisors and the City and County Auditor. The budgets so adopted shall govern the expenditures for the fiscal year covered thereby, and any additions thereto or changes therein shall require the unanimous vote of the Commission and shall be reported to the Mayor, the Board of Supervisors and the City and County Auditor. Under no circumstances shall the budget of any utility, including a proper proportion of the expenses of the Commission and bureaus thereof, include a total of items of expenditure and reserves in excess of the estimated revenues to be derived from said utility during the succeeding fiscal year, except as authorized by Section 15 of this article; provided, also, that this limitation on expenditures shall not apply to expenditures which may be lawfully paid out of the proceeds of bond sales or accumulated surpluses or reserves under the Commission's jurisdiction. The funds

of one utility shall not be diverted to any other utility. The Commission may, by resolution approved by vote of all its members, adopt, and, having adopted, may amend by adding thereto a program for the accumulation of a surplus for each utility, to cover a period not exceeding ten years, for the purpose of financing extensions and additions to such utility out of said surplus, the annual increment to which shall not exceed ten per cent of the gross operating revenue of such utility in any fiscal year. When such a program is so adopted or added to the Commission shall notify the Board of Supervisors thereof. Funds set aside for such purpose shall be carried as reserves in the accounts of the Commission and appropriations shall be made to such reserve accounts from time to time to meet the contemplated expenditures under such program, and no part of such accumulated funds shall be used for any purpose other than that provided for in said program except on the recommendation of the Commission, expressed by resolution, and the approval of the Board of Supervisors expressed by ordinance authorizing such other use.

If any accumulation in the surplus fund of any utility, exclusive of such reserves for extensions and additions as in this section provided, shall in any fiscal year exceed twenty-five per cent of the total expenditures of such utility for the preceding fiscal year for operation, repairs and maintenance, as defined in subdivisions (a) and (b) of Section 13 of this article, such excess shall revert to the general fund of the City and County and such amount shall be deposited by the Commission with the Treasurer to the credit of such general fund.

Amendment.

On motion of Supervisor Marks the words "Utility Commission" were amended to read "Public Utilities Commission."

Approved.

Whereupon, the foregoing section as amended was *approved without objection.*

Bond Sales.

Supervisor Marks proceeded, read and explained the following section:

Section 11. The Utility Commission is hereby vested with full and exclusive authority to sell or order the sale of bonds which have heretofore been or may hereafter be authorized pursuant to the provisions of this Charter for the acquisition, construction, extension or completion of any public utility or utilities; provided, that such sale shall otherwise be conducted in accordance with the procedure specified by this Charter for the sale of bonds. For the purpose of such sales the secretary of the Commission is hereby vested with the authority and duties conferred upon the Clerk of the Board of Supervisors by Section 10 of Article XII of this Charter, and the Commission is authorized to perform all acts and exercise all powers conferred upon the Board of Supervisors and the Mayor by Article XII of the Charter, with reference to the sale of such public utility bonds, and where the concurrence of fourteen votes of the Supervisors is required, such act shall require the unanimous vote of the Commission. Each of such public utility bonds shall be signed by the Mayor, the President of the Utility Commission and the City Treasurer, and shall be countersigned by the City Auditor. The signature of the Mayor and the President of the Public Utility Commission may be by facsimile. The provisions of Section 11a of Article XII of the Charter shall apply to all such signatures.

Amendment.

On motion of Supervisor Marks the words "Utility Commission" were amended to read "Public Utilities Commission."

Approved.

Whereupon, the foregoing section as amended was *approved without objection.*

Provision for Interest and Sinking Fund.

Supervisor Marks proceeded, read and explained the following section:

Section 12. In any case where bonds have been authorized for the acquisition, construction or completion of a public utility or of extensions thereto, interest which may become due on said bonds during the actual period of construction of said utility, or of extensions to an existing utility, as the case may be, and during the period of six months immediately following the completion of the same, shall be paid by the Commission out of the proceeds of sale of the bonds authorized and sold for such purposes, if such method of payment of interest be expressly provided for in the proceedings authorizing such bond issue. When the revenues on hand in the Treasury to the credit of any bond interest and redemption fund of a utility for which bonds have been authorized are insufficient to meet all interest and redemption charges on said bonds for the balance of the fiscal year, no sale of bonds shall be made by the Commission unless and until the Commission shall have allotted out of the proceeds to be realized from the sale of said bonds a sum sufficient to meet the interest and sinking fund requirements for such balance of such fiscal year; provided, further, that nothing contained in this section shall in any way relieve the City and County from liability to the holders of bonds issued on the faith and credit of the City and County and for which the Supervisors by the provisions of Section 12 of Article XII of this Charter are required to levy an annual tax for the payment of interest and principal thereof when and as the same become due, and in the event of any failure, refusal or neglect on the part of the Commission to make provision for payment of bond interest and redemption on bonds issued for utility purposes the Commissioners so failing, refusing or neglecting shall be forthwith removed from office and the Board of Supervisors shall provide for the same as required by other provisions of this Charter.

Amendment.

Supervisor Marks moved that Section 12, on line 39, be amended to include, after the word "authorized," the following language: "And which issue provides for the payment of interest and redemption out of proceeds." That language is suggested by Mr. Eckart to clear up an uncertainty that he called to the attention of the Board earlier in the afternoon. That section will read as follows: "When revenues on hand in the Treasury to the credit of any bond interest and redemption fund of a utility for which bonds have been authorized, and which issue provides for the payment of interest and redemption out of the proceeds, are insufficient to meet all interest and redemption charges on said bonds for the balance of the fiscal year, no sale of bonds shall be made by the Commission unless and until the Commission shall have allotted out of the proceeds to be realized from the sale of said bonds a sum sufficient to meet the interest and sinking fund requirements for such balance of such fiscal year." That is to make it clear that that is applicable to the issue—for the payment of interest and redemption out of the proceeds of such issue.

Supervisor Hayden: I second the motion.

Amendment *carried.*

Approved.

Whereupon, the foregoing section as amended was *approved without objection.*

Operating Expenses and Reserves.

Supervisor Marks proceeded, read and explained the following section:

Section 13. The receipts from each utility operated by the Commission shall be paid daily into the City Treasury and maintained in a special fund set aside for such utility. The Commission shall make

appropriations at least monthly from said fund to the following purposes, in the order named, viz.:

(a) For payment of the operating expenses of such utility, including pension charges and compensation insurance;

(b) For repairs and maintenance;

(c) For depreciation and accident reserves as hereinafter described;

(d) For payment of interest and sinking fund on the bonds issued for the acquisition or construction of such utility and extensions thereto;

(e) For a surplus subject to the provisions of Section 10 of this article.

The Commission shall maintain pension and compensation insurance accounts for each utility, and shall cause an estimate to be made annually of the proper reserves required for each such account, and any surpluses in any such accounts may be transferred to the surplus account of the utility concerned.

The Commission shall, on the written recommendation of the Manager of Utilities, which recommendation shall be based on an appraisal of the life of the several classes of property for each utility, determine the amount of a reasonable depreciation reserve for each utility to be set up out of the revenues of such utility to provide for depreciation and obsolescence as they accrue. There shall be credited monthly to the depreciation reserve for each utility one-twelfth of the amount required annually, as so determined. Pending such appraisal, the monthly appropriations to be made to the depreciation reserve shall be at the rate of not less than four per cent per annum of the historical cost of the utility. Such depreciation reserves shall be used only for replacement due to depreciation or obsolescence; provided, however, that at least every five years the Commission shall cause a reappraisal to be made of depreciation reserves, replacement expenditures therefrom, and probable useful life of each of the several kinds of property, and on the basis of such reappraisal may increase or diminish the amount to be appropriated to the depreciation reserve.

The Commission shall cause a reasonable accident reserve to be created for each utility by monthly credits thereto from the revenues of such utility, and shall reappraise this at five-year intervals, and may increase or diminish the amount of payments thereto on the basis of such reappraisal. The accident reserve fund for every utility shall be used only for the payment of accident and damage claims against such utility.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Rates.

Supervisor Marks proceeded, read and explained the following section:

Section 14. The Commission shall have the power to fix and adjust rates or fares for the furnishing of public utility service by the City and County; to collect, and by appropriate means, including the discontinuation of service to delinquent consumers, or by civil action in the name of the City and County, enforce the collection of such rates and charges; and to adjust and settle all complaints and claims of consumers or the public with reference to service credits or refunds; provided, that such rates may be fixed at varying scales, for different classes of service or consumers, which said rates must include rates for services rendered any department or other utilities of the City and County, the aggregate revenue from which for each specific utility shall represent not less than the actual total cost of the service of that utility as determined by the Commission, except as authorized by Section 15 of this Article; and provided, further, that before adopting or revising any schedule of rates or fares, the Commission shall publish in the official newspaper of the City and County notice of intention so to do, and shall fix a time for public hearing or hearings thereon not less

than ten days after such public notice, at which public hearing or hearings any person, on behalf of himself or others interested, may present his objections to or views on the proposed schedule of rates or fares and may submit such evidence in support thereof as he may desire. The Commission may provide for the rendition of utility services without the limits of the City and County at rates which may include proportionate compensation for interest during construction of the utility which may have been paid out of the revenues derived from taxation in the City and County. Services rendered by any other City and County department to any publicly owned utility under the jurisdiction of the Commission shall be paid for by the Commission at cost, out of the revenues of the utility served. Rates for services rendered by any publicly owned utility to the City and County or any department thereof, or to any other utility of the City and County, shall be paid into the fund of the specific utility rendering such services, out of appropriate funds of the City and County, or of the department or utility using such services.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Appropriations for Utility Purposes.

Supervisor Marks proceeded, read and explained the following section:

Section 15. The budget of and the expenditures for any utility, as authorized and required by Section 10 of this Article, shall not exceed the amount of estimated revenue of such utility for the succeeding fiscal year, nor shall a schedule of rates as authorized and required by Section 14 of this Article be established for any utility on a basis that will produce a total estimated revenue of less than the total cost of the utility service, including all charges for operation, maintenance, debt and reserves—unless the Board of Supervisors by a two-thirds vote of all members thereof approve such budget or rate schedule, and at the same time appropriate or provide for the funds to make up such deficiency; provided, however, that no budget of expenditures in excess of estimated revenues and no schedule of rates estimated to produce less than estimated total costs shall be so approved to provide for and include proposed expenditures for additions, betterments, extensions, acquisition or other capital costs in excess of annual revenues and which, by other provisions of this Charter, require financing by the authorization and sale of bonds; and provided, further, that such part of the annual interest and redemption charges on bonds issued for the construction of the Hetch Hetchy water system that cannot be paid out of revenues derived from the operation of such water system and appurtenant structures shall continue to be provided by taxation.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Lease and Sale of Lands.

Supervisor Marks proceeded, read and explained the following section:

Section 16. The Commission may, with the approval of the Board of Supervisors, lease, for purposes not in conflict with public utility uses, any lands controlled by it or placed in its charge, for terms not exceeding ten years. The Commission may, in the name of the City and County, acquire and take by purchase, lease, condemnation or otherwise, and hold any or all property situated within or without the limits of the City and County that it may determine to be necessary for the construction, maintenance, extension or operation of the works under its jurisdiction and control. It shall be the duty of the Board of Supervisors, upon its receipt of a resolution of the Commis-

sion that the acquisition of any property or properties is necessary for the conduct, operation, maintenance or extension of any utility under the jurisdiction of the Commission, to take the necessary legislative action by resolution or ordinance determining that public interest and necessity require the taking of said property or properties for the purpose specified in said resolution of said Commission and that said property or properties are necessary for said utility, and the said resolution of said Commission shall be deemed to be conclusive proof to the Board of Supervisors as to the necessity of said property for the said use specified therein.

The Commission may, with the prior approval of the Board of Supervisors, expressed by ordinance, on terms to be expressed in said ordinance, sell such lands or other property under its control as are no longer used or useful for its purposes, or may, upon like authority, transfer such lands or other property to any other department of the City and County government, upon there being transferred to the special fund of the utility concerned such funds as will represent proper and adequate consideration for the land or other property transferred, as determined in the ordinance authorizing the same. The Commission shall have full power and authority to enter into such arrangements and agreements as it shall deem proper for the joint use with any other person, firm or corporation owning the same, or having jurisdiction of the same, of poles, conduits, towers, stations, aqueducts, reservoirs and tracks for the operation of any of the utilities under its jurisdiction, and may make such arrangements as it shall deem proper for the exchange of transfer privileges with any privately owned transportation company or system which will tend for the betterment of its service.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Pensions.

Supervisor Marks proceeded, read and explained the following section:

Section 17. All employees of the utilities under the jurisdiction of the Commission shall be entitled to the benefits of the provisions of Article XVII of the Charter, relative to the retirement of aged and disabled employees, and for the purpose of enjoying the benefits provided for in said article all employees of said utilities shall be deemed to be public employees of the City and County, and all amounts to be contributed to said fund to equal the amounts contributed by said employees thereto shall be paid from the particular utility to which said employee is attached, and should any employee be rendering service to more than one utility, the amount contributed to equal said employee's contribution shall be divided among the utilities in which he is serving, in such proportion as the Commission shall determine.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Additional Powers.

Supervisor Marks proceeded, read and explained the following section:

Section 18. The Board of Supervisors, by ordinance, may confer additional and other powers on said Commission incident to those herein conferred, or incident to the powers of the City and County relative to any utility service, and may empower the Commission to regulate, superintend and control, subject to the annual appropriations made for such purposes, the lighting of public streets, parks, buildings and other public places, and to that extent this section shall supersede the provisions of Section 1, Chapter II of Article II and Section 9, Chapter I of Article VI, and Section 6, Chapter III, Article II of this Charter.

Approved.

Whereupon the foregoing section was *approved without objection.*

Deposit of Surplus Money.

Supervisor Marks proceeded, read and explained the following section:

Section 19. At any time that there is on deposit in the office of the Treasurer of the City and County funds belonging to said Commission or to the utilities under its control, in an amount greater than is necessary for the immediate needs of said utilities, the said Treasurer shall, upon the direction of the Commission, offer so much of said funds as said Commission shall direct for deposit in such bank or banks as shall accept the same, said deposits to be made only upon the security provided for in and pursuant to the provisions of Section 2, Chapter III of Article IV of the Charter, and all interest received by the said Treasurer upon the said funds so deposited shall be credited to the particular utility to which the said funds deposited may belong.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Constitutionality.

Supervisor Marks proceeded, read and explained the following section:

Section 20. If any section, subsection, sentence, clause or phrase of this article is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this Article. The people of the City and County of San Francisco hereby declare that they would have ratified and adopted and the Legislature hereby declares that it would have approved this Article and each section, subsection, sentence, clause and phrase thereof as an amendment to the Charter of the City and County of San Francisco, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Approved.

Whereupon, the foregoing section was *approved without objection.*

Name and Service of Process.

Supervisor Marks proceeded, read and explained the following section:

Section 21. The Commission created herein shall be known as the "Public Utilities Commission of San Francisco," and may sue and be sued under said name. Service of process in all matters affecting said Commission, or any of the utilities under its jurisdiction, may be made by service upon any one Commissioner and on the Secretary of said Commission. Provided, however, that any action commenced or prosecuted for the recovery of damages for any injury to any person or property by reason of the negligence of said Commission or of any of its agents, servants or employees shall be commenced and prosecuted against said Commission. And no action shall be maintained for the recovery of any such damage unless a written statement, verified by the oath of the claimant, setting forth the nature and items of the claim and the time and place where the alleged injury may have occurred, or where said damage was sustained, shall have been filed with said Commission within six months after the date of the sustaining of said injury or damage; otherwise there shall be no recovery on said claim.

On motion of Supervisor Marks, the words "Utility Commission" were amended to read "Public Utilities Commission."

Approved.

Whereupon, the foregoing section, as amended, was *approved without objection.*

Repeal of Conflicting Provisions.

Supervisor Marks proceeded, read and explained the following section:

Section 22. All provisions of the City Charter in conflict with this Article are superseded by the provisions hereof to the extent of such conflict. Subdivision 8 of Section 9 of Chapter I of Article VI and Section 16 of Article XII of this Charter are hereby repealed. All functions now required to be performed under Article XII of the Charter by the Board of Public Works shall, upon ratification of this amendment, devolve upon and be performed thereafter by the Public Utilities Commission. All duties required to be performed by the City Engineer under the provisions of Article VI and Article XII in so far as they relate to public utilities, shall, upon ratification of this amendment, devolve upon and be performed by the Manager of Utilities herein provided for.

Approved.

Whereupon, the foregoing section, as amended, was *approved without objection.*

Motion.

Supervisor Marks: Mr. Chairman, I move you that the Board of Supervisors, in accordance with the constitutional provision and the Charter provision, submit to the people for their action at the election of November 6, 1928, the text of the Public Utilities Commission amendment as contained in the report of the Judiciary Committee, with the amendments adopted today, as appears from page 2 to 10 of our report.

Supervisor Hayden: I second the motion.

Supervisor Marks: What I mean by that, gentlemen, is to state plainly—some question was raised as to a previous submission, some question as to whether or not pamphlet provided by law had been published and other objections that were urged. We desire first that the Clerk of the Board take the transcript, if necessary, of the proceedings today because we have made some changes in the text, to see that it is carefully prepared and insertions made in the proper place; that the City Attorney prepare a title to the ordinance and the Charter Amendment, and that it then be submitted. I shall furnish the Clerk with my copy of it. I have been making notes upon it. He has his copy and with the reporter we can get a double check to see that the amendments are made in the right place. Then the pamphlet can subsequently be prepared.

I intend to make the same motion with respect to each Charter Amendment that we determine to submit, so that a title may be prepared, and that the same may be carefully and properly edited and a pamphlet prepared in accordance with law. But the initial part of my motion is now the blanket motion that the Board submit this amendment to the people.

Thereupon, Supervisor Marks' motion was *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Deasy—1.

Ordered Submitted.

Thereupon, the proposed Charter Amendment creating a Public Utilities Commission, aforesaid, as amended and corrected and in words and figures following was, on motion of Supervisor Marks, *ordered submitted* to the electors by the following vote:

Public Utilities Commission—Charter Amendment No. 22.

Creating and defining the powers and duties of a Public Utilities Commission for the management of municipal water, transportation, power and other utilities.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto to be designated as Article XII-A, relating to the operation, maintenance, control and construction of municipally-owned public utilities.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 6th day of November, 1928, a proposal to amend the Charter as follows:

That a new article be added to said Charter to be designated Article XII-A, to read as follows:

ARTICLE XII-A.

Public Utilities Commission.

Section 1. The construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the City and County of San Francisco, as well as all extensions, additions and betterments thereto, for the purpose of supplying to the said City and County and to its residents and inhabitants, and to territory outside the limits of said City and County and to the residents and inhabitants thereof, with water, light, heat, power or transportation shall be exclusively vested in a Public Utilities Commission of three members, anything in this Charter to the contrary notwithstanding. The Commission shall have power to make all rules and regulations not inconsistent with the provisions of this Article which it deems necessary or proper for the conduct of its business and the regulation of the matters herein committed to its charge. The Commission shall observe all City and County ordinances, and the regulation of the Department of Public Works relative to utility openings, structures and poles in streets and other public places, as well as all ordinances and regulations relative to barricades, construction lights, refilling excavations and replacing and maintaining street pavements; and in connection with all of such matters, the said Commission shall be subject to the same inspection rules and pay fees to the proper department in the same manner and at the same rates as any private person or corporation.

Appointment and Compensation.

Section 2. Members of the Public Utilities Commission shall be appointed by the Mayor and said appointment shall be confirmed by the Board of Supervisors as herein provided, and may be removed from office in the same manner as elective officers of the City and County, or may be recalled as provided in this Article. Each member of the Commission must be at the time of his appointment an elector of the City and County and must have been such for at least five years next preceding his appointment.

The term of members of the Public Utilities Commission shall be six years from and after the date of their respective appointments, provided that the persons first appointed as members of said Commission shall by lot classify their respective terms of office so that the term of one of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1931, and that the term of another of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1933, and that the term of the third of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1935, and upon the expiration of the term of each of said Commissioners the

Mayor shall appoint his successor to serve for the full term of six years from the said first Monday after the first day of January of said year in which said appointment is made. Vacancies occurring on said Commission from any cause shall be filled by appointment to be made in the same manner as are full-term appointments, provided that those appointed to fill a vacancy on said Commission shall serve only for the unexpired term of the person whom they succeed.

Appointments shall be made as follows: Within fifteen days after this amendment becomes effective, the Mayor shall appoint the three members of said Commission, and shall at the meeting of the Board of Supervisors held next after making said appointment submit in writing to the said Board the names of the persons appointed to said Commission, and the said Board shall by a vote of a majority of all of its members at a meeting of said Board to be held within fifteen days thereafter, by resolution confirm or reject the appointment of any or all of said persons so appointed. Should said appointment or appointments be confirmed as aforesaid by said Board of Supervisors, said person or persons so confirmed shall become a member or members of said Commission for the respective term for which they may have been appointed, but should said persons, or any of them, be rejected by said Board, the said Board shall cause written notice of its action to be given to the Mayor, who shall, within fifteen days thereafter, make a new appointment or appointments in the place or places of the one or ones failing to receive the confirmation of said Board of Supervisors, and in writing certify said appointment or appointments to said Board, and said Board shall either confirm or reject said appointment or appointments as hereinbefore set forth. That in filling any vacancy occurring on said Commission either by resignation, expiration of term, or otherwise, the same procedure shall be had by the Mayor and by the Board of Supervisors as in the case of original appointment. That should the said Board of Supervisors fail or neglect, for a period of fifteen days after receiving written notice from the Mayor of any appointment or appointments to said Commission, to reject said appointment or appointments, the said failure shall be deemed to be a confirmation of said appointment or appointments. Any person appointed to said Commission whose appointment shall be rejected by said Board of Supervisors shall not be eligible for appointment to said Commission for one year after said rejection.

Any member of the Commission may be recalled at a special election called for the purpose of voting on such recall, in the following manner: When a petition for the recall of such member, containing a statement of the grounds on which such recall is sought, shall be signed by registered voters equal in number to at least fifteen per cent of the entire vote cast at the last preceding general municipal election, such petition shall be filed with the Board of Election Commissioners. Such petition, and the verification and reporting of sufficiency or insufficiency thereof, shall be in accordance with Sections 2 and 3 of Chapter III of Article XI of this Charter, and the election shall be called as provided in Sections 3 and 4 of Chapter V of Article XI of this Charter and the General Election Laws of the State of California; provided, however, that no recall petition may be filed against a member of the Commission until he has actually held his office for at least four months; and provided further, that the question to be submitted to the voters shall be restricted to "Shall (name) be removed from the Public Utilities Commission for (stated cause or causes)?" with provision for voting affirmatively or negatively thereon, the ballot to be in accordance with Section 6 of Chapter V of Article XI of this Charter; and provided further, that if a majority of the qualified electors voting on the question shall vote in favor of such recall, the office of such Commissioner shall be declared vacant, and the successor thereto shall be appointed by the Mayor and confirmed or rejected by the Board of Supervisors as in this section provided; and provided further, that if a majority of the qualified electors voting on the question shall

vote negatively on such recall, such Commissioner shall be reimbursed for his election expenses as provided by Section 9, Chapter V of Article XI of this Charter.

No person who has been recalled or who has resigned from the office of Public Utilities Commissioner while recall proceedings were pending against him, shall be appointed to any office within two years after such recall or resignation.

The compensation of members of said Commission shall be twenty dollars for each meeting of the Commission, or of a committee thereof actually attended by said members, provided that the aggregate amount paid to any member for his service as a member of said Commission shall not exceed two thousand dollars per year. Each member of the Commission shall furnish and file an official bond in the sum of twenty-five thousand dollars, duly conditioned as in this Charter elsewhere provided. The premium on said bonds so furnished as well as the compensation to be paid to the members of said Commission shall be paid out of public utility revenues.

Organization and Meetings.

Section 3. Immediately after it is first constituted and thereafter on the first Monday after the first day of January of each year, the Public Utilities Commission shall meet for the purpose of organization. At such meeting the Commission shall elect one of its members as president, who shall hold such office for the ensuing year and until the election of his successor. The Commission shall thereafter hold regular weekly public meetings at a designated time and place. The Commission shall adopt its own rules of procedure and shall keep a record of its proceedings and the name of each member attending each meeting held. A majority of the Commission shall constitute a quorum for the transaction of business. The Commission may appoint a secretary, subject to the civil service provisions of this Charter, and shall prescribe the duties of such secretary and fix his compensation. Special meetings may be called by the president or by two members of the Commission on twelve hours' written notice, which shall be served personally on each member or left at his usual place of residence, which notice shall state the subjects to be considered at the special meeting, and no other subjects shall be there considered.

Subordinates, Assistants and Employees, and Their Compensation.

Section 4. (a) The Commission shall appoint a Manager of Utilities, who shall be the chief executive and administrative official of the Commission, and who shall hold office at the pleasure of the Commission. Each separate utility under the control of the Commission shall be designated as a department, and in addition the Commission may create a Bureau of Engineering, a Bureau of Public Relations and such other bureaus as it deems necessary for the handling of matters that do not pertain exclusively to any one utility department. The manager, subject to the ratification of the Commission, shall have the power of appointment and dismissal of the heads of such departments and bureaus. The Manager of Utilities and the heads of each separate department and of the Bureau of Engineering need not, at the date of appointment, be a resident of the City and County of San Francisco, and said manager, as well as such department heads and the heads of the Bureaus of Engineering and of Public Relations, shall not be subject to the civil service provisions of the Charter. The Manager of Utilities shall, subject to the control of the Commission, have the management of all public utilities operated, owned or controlled by the City and County, and each bureau or department head shall, subject to the control of the manager, have sole executive control of his department or bureau.

(b) The Commission may also, subject to the civil service provisions of the Charter, appoint an auditor and prescribe his duties; provided that nothing herein contained shall be construed as abrogating or

interfering with the authority and control under the Charter of the City Auditor and City Treasurer over the receipt and disbursement of public funds which may come under the Commission's jurisdiction; provided, further, that all demands on funds in the City and County Treasury which are placed under the jurisdiction of the Public Utilities Commission by the provisions of this Article shall require the approval of the Commission, and the Manager, which shall be evidenced by the signatures of its secretary and auditor, or of such other officials of each utility as the Commission may designate before being allowed by the City and County Auditor and paid by the Treasurer.

(c) The Commission shall appoint such other employees, subordinates and assistants as may be necessary for the proper conduct of the affairs and properties hereby committed to said Commission, and all of such appointments shall be made in conformity with, and the appointees shall be entitled to the benefit of the provisions of Article XIII of the Charter, except as in this Article specifically excepted. All employees of the Board of Public Works who are engaged in public utility work at the time this amendment becomes effective shall be taken over by the Commission, under the classification now held by them, or under classification equivalent thereto, and all employees employed in the operating service of any public utility which may be or may have been acquired by the City and County and who have been continuously employed for one year immediately prior to such acquisition in such operating service shall be considered to have been appointed to such positions under the provisions of Article XIII of this Charter, and shall be entitled to all civil service rights therein provided.

Provided, that employees engaged in construction work outside of the limits of the City and County shall be exempt from civil service regulations, and all employees whose duties are performed outside of the limits of the City and County shall not be subject to the Charter provisions regarding residence within said City and County, except that all provisions relating to conditions of employment and preference for employment shall be observed in all cases, as prescribed by the provisions of Section 1, of Chapter III, of Article II, of this Charter; and provided further, that said civil service provisions of the Charter shall not apply to persons employed for temporary service in positions requiring high technical skill.

(d) The salaries, wages or other compensation of all persons employed by the Commission or engaged in work under its direction shall be fixed by the Commission, and the Commission may also fix and determine working conditions of said employees, provided that all regulations provided by law and by this Charter relative to hours of labor shall apply to all employees of said Commission, and provided further, that no compensation to any of said employees shall be less than is paid in the case of similar employments in the service of the City and County.

(e) The Commission may require a bond in such amount as it shall deem proper from any employee, which said bond shall be duly conditioned for the faithful performance of the duties of such employee, and the Commission may provide that the premium on said bond be paid out of the revenues of the particular utility in which said employee is serving, and where said employee is rendering service to more than one utility, the cost of said bond shall be equitably prorated among the utilities receiving the benefit of said service.

Powers and Duties of Managers and Department Heads.

Section 5. (a) The Manager of Utilities shall possess the necessary executive, administrative and technical qualifications and shall have full power to administer the affairs of his department as chief executive officer, and may, with the consent of the Commission, act as the head of any department or bureau created by the Commission. He shall, when possible, attend all meetings of the Commission, and shall

at least once in each month, and more frequently if required by the Commission, make a report in writing to the Commission of all matters connected with the work of the Commission. He shall execute all orders of the Commission when directed to do so and supervise the work of all departments and bureaus under the jurisdiction of the Commission. He may suspend any employee of the Commission, save the secretary and auditor, for cause or for disciplinary purposes, and shall report said suspension and the reasons therefor to the Commission at its meeting immediately following said suspension, and said Commission may, on the report of said manager, order that charges be filed against said person so suspended, or may continue said suspension in force for a period of not more than thirty days from the date thereof, for disciplinary purposes, and said order as to said suspension shall be final. Should charges be ordered filed against said suspended employee, the said Manager shall file the same, and the same shall be heard and determined by the Commission, after reasonable opportunity to the accused to be heard, and all of Article XIII of the Charter relative to trials and appeals shall apply to said hearing.

(b) Department and bureau heads shall possess the necessary executive and technical qualifications to qualify them for their respective departments or bureaus, and shall conduct the affairs of their respective bureaus or departments under the order and direction of the Manager of Utilities, and shall, as often as required by said Manager or by the Commission, make reports in writing to said Manager or to the Commission on all matters pertaining to said departments.

Legal Department.

Section 6. The City Attorney shall be the legal adviser of the Commission and shall render such legal advice and services as the Commission may deem necessary, and shall prosecute and defend, as the Commission may require, any and all actions and proceedings involving matters under its jurisdiction. He shall have authority, with the prior approval of the Commission, to compromise, settle or dismiss any litigation or proceedings which may be pending for, or on behalf, or against said Commission relative to any matter or property under its jurisdiction.

He shall appoint and detail to the Commission such attorneys as the Commission may deem necessary to conduct its legal work, and the compensation of said attorneys so detailed shall be fixed by the Commission, and shall be paid from the revenues of the utilities under its jurisdiction. Said attorneys, when so appointed, shall be deputies of the City Attorney, and shall be in addition to the deputies and assistants now allowed to him by Charter or by Ordinance.

Purchases and Contracts.

Section 7. The Commission shall have power to contract for work, supplies, materials or equipment when the cost of these can be met from the revenues or reserves of the utility requiring same, or from other moneys appropriated for the use of such utility by the Board of Supervisors or from the proceeds of bonds authorized for such utility. The Manager of Utilities shall have the power to make requisition for or order supplies, material or equipment required for the operation or maintenance of any utility under the control of the Commission; and, on the recommendation of the Manager of Utilities, the Commission may, by resolution, delegate such power with such restrictions as it may deem necessary to a duly authorized subordinate of the manager, or to the directing head of each utility.

The Manager, subject to the ratification of the Commission, may appoint or dismiss a purchasing agent, who shall not be subject to the civil service provisions of this Charter. All materials, supplies and equipment shall be purchased under contract; provided, however, that all supplies and materials other than equipment, required in the operation of any utility or bureau of the Commission for use within the

limits of the City and County, that are covered by the general supply contracts of the City and County, as awarded through the City and County Purchaser of Supplies, shall be purchased from such contractors; except, however, and provided further, that upon the certification of the head of a utility that the necessities of construction or operation so require, and with the approval of the Manager of Utilities, the materials, supplies or equipment required may be purchased in the open market at the lowest price obtainable. The Commission, on request, shall advise the general purchaser of supplies of the City and County government of the kind and quantity of its probable future needs for materials and supplies to be used in utility operation within the City and County and for record purposes shall file copies of all purchase orders with such purchaser of supplies.

The Commission, on the recommendation of the Manager of Utilities, may authorize the sale or transfer of any materials, supplies or equipment under its control when no longer used or useful for its purposes, and the proceeds of said sale or transfer shall be placed to the credit of the utility controlling the same.

All construction work shall be done by public contract unless the Commission, upon recommendation of the Manager of Utilities, shall determine that the work in question can be more advantageously carried on by the Commission's employees.

The Commission may prescribe rules of procedure which it shall follow in letting contracts for the purchase of materials, supplies and equipment and for construction work and amend the same from time to time as it may deem proper; provided, that such rules shall provide for not less than five days' public advertisement, for sealed bids on such contracts, for the award of contracts to the lowest responsible bidder, and shall require of all contractors adequate surety bonds in an amount to be fixed by the Commission in each case for the protection of the City and County in the performance of such contracts and for the protection of all persons, firms or corporations furnishing labor or materials in connection with the same. Suitable provision may also be made for the rejection of all bids and readvertisement and for the rejection of the proposal of any bidder who in the opinion of the Commission is not competent to fulfill the contract if awarded. All contracts shall be signed by the president or acting president, and secretary or acting secretary of the Commission.

Additions, Betterments and Extensions.

Section 8. The Commission shall locate and determine the character and type of all constructon and additions, betterments and extensions to utilities under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions out of public funds under its jurisdiction; provided, that in each such case it shall secure the recommendation of the Manager of Utilities, which recommendation shall be presented in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed that such alternatives exist.

Accounts, Revenues and Expenditures.

Section 9. Proper accounts shall be maintained, separately for each utility under the control of the Commission, in such manner as to show the true and complete financial results of ownership, management and operation. Such accounts shall be so kept as to show the actual cost of each such public utility; all costs of maintenance, extension and improvement; all operating expenses of every description; the general expenses of the Commission and bureaus thereof apportioned to such utility; the amounts paid or set aside for depreciation, insurance, interest and sinking fund; and also estimates of the amount of taxes that would be chargeable against such property and the revenue thereof if owned by a private corporation. Monthly statements shall be submitted to the Mayor and the Board of Supervisors by the Public Utilities Commission not later than the fifteenth day of the succeeding month and annual reports shall be submitted to the Mayor and the Board of Super-

visors not later than three months following the close of the fiscal year, and shall be printed for public distribution. Such monthly and annual reports shall show receipts and expenditures for each utility, the general expenses of the Commission and bureaus thereof, and such additional information as the Commission may desire or the Supervisors require to show the details and results of the Commission's operation and management.

Accounts shall be maintained in accordance with forms and requirements of the State Railroad Commission for public utilities engaged in like character of service, in so far as these shall be applicable to public-owned and operated utilities. The accounts of each utility shall be examined annually by a certified public accountant, who shall be appointed by and report to the Supervisors the result of such examination, and whose fees shall be paid out of utility funds. The salaries and general expenses of the Commission or bureaus thereof, not chargeable to a specific utility, shall be apportioned fairly among the utilities under the control of the Commission in such manner as the Commission may deem proper, and such apportionments shall be shown as expenses of such utilities.

Budget and Appropriations.

Section 10. The Manager of Utilities shall, not later than April 15th of each year, file with the Public Utilities Commission a budget estimate for the ensuing fiscal year of anticipated revenues and needed appropriations, separately for each utility department and bureau under the control of the Commission. These shall be submitted in such detail as to furnish a basis and guide for accounting and expenditure control during the succeeding fiscal year. The Commission may modify such budget estimates in any manner that it may deem proper and shall, by public advertisement, give all interested persons an opportunity to be heard at one or more meetings of the Commission, with reference to the amounts and purposes of expenditure to be included in such budget. Upon completion of said hearings the Commission shall by resolution adopt a budget for each utility department and bureau under its jurisdiction and transmit copies thereof to the Mayor, the Board of Supervisors and the City and County Auditor. The budgets so adopted shall govern the expenditures for the fiscal year covered thereby, and any additions thereto or changes therein shall require the unanimous vote of the Commission and shall be reported to the Mayor, the Board of Supervisors and the City and County Auditor. Under no circumstances shall the budget of any utility, including a proper proportion of the expenses of the Commission and bureaus thereof, include a total of items of expenditure and reserves in excess of the estimated revenues to be derived from said utility during the succeeding fiscal year, except as authorized by Section 15 of this Article; provided, also, that this limitation on expenditures shall not apply to expenditures which may be lawfully paid out of the proceeds of bond sales or accumulated surpluses or reserves under the Commission's jurisdiction. The funds of one utility shall not be diverted to any other utility. The Commission may, by resolution approved by vote of all its members, adopt, and having adopted, may amend by adding thereto, a program for the accumulation of a surplus for each utility to cover a period not exceeding ten years, for the purpose of financing extensions and additions to such utility out of said surplus, the annual increment to which shall not exceed ten per cent of the gross operating revenue of such utility in any fiscal year. When such a program is so adopted or added to, the Commission shall notify the Board of Supervisors thereof. Funds set aside for such purpose shall be carried as reserves in the accounts of the Commission and appropriations shall be made to such reserve accounts from time to time to meet the contemplated expenditures under such program and no part of such accumulated funds shall be used for any purpose other than that provided for in said program except on the recommendation of the Commission,

expressed by resolution, and the approval of the Board of Supervisors expressed by ordinance authorizing such other use.

If any accumulation in the surplus fund of any utility, exclusive of such reserves for extensions and additions as in this section provided, shall in any fiscal year exceed twenty-five per cent of the total expenditures of such utility for the preceding fiscal year for operation, repairs and maintenance as defined in subdivisions (a) and (b) of Section 13 of this Article, such excess shall revert to the general fund of the City and County, and such amount shall be deposited by the Commission with the Treasurer to the credit of such general fund.

Bond Sales.

Section 11. The Public Utilities Commission is hereby vested with full and exclusive authority to sell or order the sale of bonds which have heretofore been or may hereafter be authorized pursuant to the provisions of this Charter for the acquisition, construction, extension or completion of any public utility or utilities; provided that such sale shall otherwise be conducted in accordance with the procedure specified by this Charter for the sale of bonds. For the purpose of such sales the secretary of the Commission is hereby vested with the authority and duties conferred upon the Clerk of the Board of Supervisors by Section 10 of Article XII of this Charter and the Commission is authorized to perform all acts and exercise all powers conferred upon the Board of Supervisors and the Mayor by Article XII of the Charter, with reference to the sale of such public utility bonds, and where the concurrence of fourteen votes of the Supervisors is required, such act shall require the unanimous vote of the Commission. Each of such public utility bonds shall be signed by the Mayor, the President of the Public Utilities Commission and the City Treasurer, and shall be countersigned by the City Auditor. The signature of the Mayor and the President of the Public Utilities Commission may be by facsimile. The provisions of Section 11a of Article XII of the Charter shall apply to all such signatures.

Provision for Interest and Sinking Fund.

Section 12. In any case where bonds have been authorized for the acquisition, construction or completion of a public utility or of extensions thereto, interest which may become due on said bonds during the actual period of construction of said utility, or of extensions to an existing utility, as the case may be, and during the period of six months immediately following the completion of the same, shall be paid by the Commission out of the proceeds of sale of the bonds authorized and sold for such purposes, if such method of payment of interest be expressly provided for in the proceedings authorizing such bond issue. When the revenues on hand in the Treasury to the credit of any bond interest and redemption fund of a utility for which bonds have been authorized and which issue provides for the payment of interest and redemption out of proceeds are insufficient to meet all interest and redemption charges on said bonds for the balance of the fiscal year, no sale of bonds shall be made by the Commission unless and until the Commission shall have allotted out of the proceeds to be realized from the sale of said bonds a sum sufficient to meet the interest and sinking fund requirements for such balance of such fiscal year; provided, further, that nothing contained in this section shall in any way relieve the City and County from liability to the holders of bonds issued on the faith and credit of the City and County and for which the Supervisors by the provisions of Section 12 of Article XII of this Charter are required to levy an annual tax for the payment of interest and principal thereof when and as the same become due, and in the event of any failure, refusal or neglect on the part of the Commission to make provision for payment of bond interest and redemption on bonds issued for utility purposes the Commissioners so failing, refusing or neglecting shall be

forthwith removed from office and the Board of Supervisors shall provide for the same as required by other provisions of this Charter.

Operating Expenses and Reserves.

Section 13. The receipts from each utility operated by the Commission shall be paid daily into the City Treasury and maintained in a special fund set aside for such utility. The Commission shall make appropriations at least monthly from said fund for the following purposes, in the order named, viz.:

(a) For payment of the operating expenses of such utility, including pension charges and compensation insurance;

(b) For repairs and maintenance;

(c) For depreciation and accident reserves as hereinafter described;

(d) For payment of interest and sinking fund on the bonds issued for the acquisition or construction of such utility and extensions thereto;

(e) For a surplus subject to the provisions of Section 10 of this Article.

The Commission shall maintain pension and compensation insurance accounts for each utility, and shall cause an estimate to be made annually of the proper reserves required for each such account, and any surpluses in any such accounts may be transferred to the surplus account of the utility concerned.

The Commission shall, on the written recommendation of the Manager of Utilities, which recommendation shall be based on an appraisal of the life of the several classes of property for each utility, determine the amount of a reasonable depreciation reserve for each utility to be set up out of the revenues of such utility to provide for depreciation and obsolescence as they accrue. There shall be credited monthly to the depreciation reserve for each utility one-twelfth of the amount required annually, as so determined. Pending such appraisal, the monthly appropriations to be made to the depreciation reserve shall be at the rate of not less than four per cent per annum of the historical cost of the utility. Such depreciation reserves shall be used only for replacement due to depreciation or obsolescence; provided, however, that at least every five years the Commission shall cause a reappraisal to be made of depreciation reserves, replacement expenditures therefrom, and probable useful life of each of the several kinds of property, and on the basis of such reappraisal may increase or diminish the amount to be appropriated to the depreciation reserve.

The Commission shall cause a reasonable accident reserve to be created for each utility by monthly credits thereto from the revenues of such utility, and shall reappraise this at five-year intervals, and may increase or diminish the amount of payments thereto on the basis of such reappraisal. The accident reserve fund for every utility shall be used only for the payment of accident and damage claims against such utility.

Rates.

Section 14. The Commission shall have the power to fix and adjust rates or fares for the furnishing of public utility service by the City and County; to collect, and by appropriate means, including the discontinuation of service to delinquent consumers, or by civil action in the name of the City and County, enforce the collection of such rates and charges; and to adjust and settle all complaints and claims of consumers or the public with reference to service credits or refunds; provided, that such rates may be fixed at varying scales, for different classes of service or consumers, which said rates must include rates for services rendered any department or other utilities of the City and County, the aggregate revenue from which for each specific utility shall represent not less than the actual total cost of the service of that utility as determined by the Commission, except as authorized by Section 15 of this Article; and provided, further, that before adopting or revising any schedule of rates or fares, the Commission shall publish in the official newspaper of the City and County notice of intention so to do,

and shall fix a time for public hearing or hearings thereon not less than ten days after such public notice, at which public hearing or hearings any person, on behalf of himself or others interested, may present his objections to or views on the proposed schedule of rates or fares and may submit such evidence in support thereof as he may desire. The Commission may provide for the rendition of utility services without the limits of the City and County at rates which may include proportionate compensation for interest during construction of the utility which may have been paid out of the revenues derived from taxation in the City and County. Services rendered by any other City and County department to any publicly owned utility under the jurisdiction of the Commission shall be paid for by the Commission at cost, out of the revenues of the utility served. Rates for services rendered by any publicly owned utility to the City and County or any department thereof, or to any other utility of the City and County, shall be paid into the fund of the specific utility rendering such services, out of appropriate funds of the City and County, or of the department or utility using such services.

Appropriations for Utility Purposes.

Section 15. The budget of and the expenditures for any utility, as authorized and required by Section 10 of this Article, shall not exceed the amount of estimated revenue of such utility for the succeeding fiscal year, nor shall a schedule of rates as authorized and required by Section 14 of this Article be established for any utility on a basis that will produce a total estimated revenue of less than the total cost of the utility service, including all charges for operation, maintenance, debt and reserves—unless the Board of Supervisors by a two-thirds vote of all members thereof approve such budget or rate schedule, and at the same time appropriate or provide for the funds to make up such deficiency; provided, however, that no budget of expenditures in excess of estimated revenues and no schedule of rates estimated to produce less than estimated total costs shall be so approved to provide for and include proposed expenditures for additions, betterments, extensions, acquisition or other capital costs in excess of annual revenues and which, by other provisions of this Charter, require financing by the authorization and sale of bonds; and provided, further, that such part of the annual interest and redemption charges on bonds issued for the construction of the Hetch Hetchy water system that cannot be paid out of revenues derived from the operation of such water system and appurtenant structures shall continue to be provided by taxation.

Lease and Sale of Lands.

Section 16. The Commission may, with the approval of the Board of Supervisors, lease, for purposes not in conflict with public utility uses, any lands controlled by it or placed in its charge, for terms not exceeding ten years. The Commission may, in the name of the City and County, acquire and take by purchase, lease, condemnation or otherwise, and hold any or all property situated within or without the limits of the City and County that it may determine to be necessary for the construction, maintenance, extension or operation of the works under its jurisdiction and control. It shall be the duty of the Board of Supervisors, upon its receipt of a resolution of the Commission that the acquisition of any property or properties is necessary for the conduct, operation, maintenance or extension of any utility under the jurisdiction of the Commission, to take the necessary legislative action by resolution or ordinance determining that public interest and necessity require the taking of said property or properties for the purpose specified in said resolution of said Commission and that said property or properties are necessary for said utility, and the said resolution of said Commission shall be deemed to be conclusive proof to the Board of Supervisors as to the necessity of said property for the said use specified therein.

The Commission may with the prior approval of the Board of Supervisors, expressed by ordinance, on terms to be expressed in said ordinance, sell such lands or other property under its control as are no longer used or useful for its purposes, or may, upon like authority, transfer such lands or other property to any other department of the City and County government, upon there being transferred to the special fund of the utility concerned such funds as will represent proper and adequate consideration for the land or other property transferred, as determined in the ordinance authorizing the same. The Commission shall have full power and authority to enter into such arrangements and agreements as it shall deem proper for the joint use with any other person, firm or corporation owning the same, or having jurisdiction of the same, of poles, conduits, towers, stations, aqueducts, reservoirs and tracks for the operation of any of the utilities under its jurisdiction, and may make such arrangements as it shall deem proper for the exchange of transfer privileges with any privately owned transportation company or system which will tend for the betterment of its service.

Pensions.

Section 17. All employees of the utilities under the jurisdiction of the Commission shall be entitled to the benefits of the provisions of Article XVII of the Charter, relative to the retirement of aged and disabled employees, and for the purpose of enjoying the benefits provided for in said article all employees of said utilities shall be deemed to be public employees of the City and County, and all amounts to be contributed to said fund to equal the amounts contributed by said employees thereto shall be paid from the particular utility to which said employee is attached, and should any employee be rendering service to more than one utility, the amount contributed to equal said employee's contribution shall be divided among the utilities in which he is serving, in such proportion as the Commission shall determine.

Additional Powers.

Section 18. The Board of Supervisors, by ordinance, may confer additional and other powers on said Commission incident to those herein conferred, or incident to the powers of the City and County relative to any utility service, and may empower the Commission to regulate, superintend and control, subject to the annual appropriations made for such purposes, the lighting of public streets, parks, buildings and other public places, and to that extent this section shall supersede the provisions of Section 1, Chapter II of Article II and Section 9, Chapter I of Article VI, and Section 6, Chapter III, Article II of this Charter.

Deposit of Surplus Money.

Section 19. At any time that there is on deposit in the office of the Treasurer of the City and County funds belonging to said Commission or to the utilities under its control, in an amount greater than is necessary for the immediate needs of said utilities, the said Treasurer shall, upon the direction of the Commission, offer so much of said funds as said Commission shall direct for deposit in such bank or banks as shall accept the same, said deposits to be made only upon the security provided for in and pursuant to the provisions of Section 2, Chapter III of Article IV of the Charter, and all interest received by the said Treasurer upon the said funds so deposited shall be credited to the particular utility to which the said funds deposited may belong.

Constitutionality.

Section 20. If any section, subsection, sentence, clause or phrase of this article is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this Article. The people of the City and County of San Francisco hereby declare that they would have ratified and adopted and the Legislature hereby declares that it would have approved this Article

and each section, subsection, sentence, clause and phrase thereof as an amendment to the Charter of the City and County of San Francisco, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Name and Service of Process.

Section 21. The Commission created herein shall be known as the "Public Utilities Commission of San Francisco," and may sue and be sued under said name. Service of process in all matters affecting said Commission, or any of the utilities under its jurisdiction, may be made by service upon any one Commissioner and on the Secretary of said Commission. Provided, however, that any action commenced or prosecuted for the recovery of damages for any injury to any person or property by reason of the negligence of said Commission or of any of its agents, servants or employees, shall be commenced and prosecuted against said Commission. And no action shall be maintained for the recovery of any such damage, unless a written statement verified by the oath of the claimant, setting forth the nature and items of the claim, and the time and place where the alleged injury may have occurred, or where said damage was sustained, shall have been filed with said Commission within six months after the date of the sustaining of said injury or damage; otherwise there shall be no recovery on said claim.

Repeal of Conflicting Provisions.

Section 22. All provisions of the City Charter in conflict with this Article are superseded by the provisions hereof to the extent of such conflict. Subdivision 8 of Section 9 of Chapter I of Article VI and Section 16 of Article XII of this Charter are hereby repealed. All functions now required to be performed under Article XII of the Charter by the Board of Public Works shall, upon ratification of this amendment, devolve upon and be performed thereafter by the Public Utilities Commission. All duties required to be performed by the City Engineer under the provisions of Article VI and Article XII, in so far as they relate to public utilities, shall, upon ratification of this amendment, devolve upon and be performed by the Manager of Utilities herein provided for.

HEARING BRIDGE APPLICATION, T. A. TOMASINI, 4 P. M.

Application of T. A. Tomasini for franchise to construct, maintain and operate a toll bridge from the City and County of San Francisco, State of California, to a point of intersection with the proposed Berkeley-Marin Bridge, running from Point Fleming, in the City of Albany, County of Alameda, State of California, to Bluff Point, in the County of Marin, State of California.

The said toll bridge and tunnel is to be located across San Francisco Bay along the following described line, to-wit:

Beginning at the point of intersection of the southerly line of Bay street with the easterly line of Grant avenue, in the City and County of San Francisco; thence south 67 deg. 0 min. east 403 feet; thence on a curve of 375 feet radius, left 235.62 feet; thence north 81 deg. 0 min. east 510 feet; thence on a curve of 375 feet radius, left 346.88 feet; thence north 28 deg. 0 min. east 560 feet; thence on a curve of 500 feet radius, right 148.35 feet; thence north 45 deg. 0 min. east 9383 feet; thence on a curve of 500 feet radius, left 410.15 feet; thence north 2 deg. 0 min. west 20,066 feet, more or less, to a point of intersection with the necessary curves and deviations proper to accommodate traffic, of the following described line:

Beginning at a point on the easterly shore of San Francisco Bay 500 feet, more or less, southerly of the northwesterly point of Point Fleming, in the City of Albany, County of Alameda, and thence south approximately 88 deg. 0 min. west to a point on Bluff Point, in the County of Marin; thence westerly to Bluff Point, in the County of Marin, and easterly to Albany, in the County of Alameda, along said line last described.

Upon which said last described line there is to be built a toll bridge pursuant to the provisions of a certain franchise granted to the undersigned by the Board of Supervisors of the County of Alameda, State of California, on March 26, 1928, and which said last described line and the toll bridge to be erected thereon, and the necessary curves, deviations and intersections proper to conduct traffic at such point of intersection, shall constitute the northern terminal of the toll bridge and tunnel, for the construction, operation and maintenance of which, and for the right to collect tolls, application for a franchise is hereby made.

That the length of said bridge and tunnel will be approximately thirty-two thousand and sixty-two (32,062) feet and that the breadth thereof will be thirty (30) feet, more or less.

Filed August 27, 1928, *in Board, and hearing continued until September* 4, 1928, *at* 10 *a. m.*

September 11, 1928—*Hearing had on, continued until Monday, September* 17, 1928, *at* 4 *p. m.*

Privilege of the Floor.

T. A. Tomasini, applicant, was granted the privilege of the floor. He declared that he did not wish to withdraw his application, as he had indicated last week, but that inasmuch as there was to be a government hearing on his application on October 17, 1928, he preferred that a vote be taken so as to protect his interests.

Application Denied.

Whereupon, on motion of Supervisor Powers, the foregoing application was *denied* by the following vote:

PRESENTATION OF PROPOSALS.

Water Bonds.

Sealed proposals were received and opened at the hour of 3 p. m. this day for the following described 4½% Hetch Hetchy bonds, issue of July 1, 1928, to-wit:

Four million four and one-half per cent Hetch Hetchy bonds, issue of July 1, 1928, comprising 100 bonds of $1,000 denomination, maturing each year from 1938 to 1977, inclusive.

The said described bonds bear interest at the rate of four and one-half per centum per annum, payable semi-annually, and shall not be sold at a price less than the par value thereof, together with accrued interest thereon at date of delivery.

Bidders may bid for the whole or any part of the bonds here offered, and when a less amount of the whole amount offered is bid on, the bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt, State and Federal.

Delivery of the bonds to the purchaser will be made within ten days from the date of award, or within such time thereafter as may be agreed upon by the purchaser and Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of a certified check payable to J. S. Dunnigan, Clerk of

the Board of Supervisors of the City and County, for a like sum, provided that no deposit need exceed the sum of $10,000, and that no deposit be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds is on file in the Clerk's office.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted August 27, 1928.

J. S. DUNNIGAN,

Reconsideration and Correction of Resolutions Relating to Proposed Civic Center and Broadway Tunnel Bond Issues.

Whereas, it was called to the attention of the Board that Resolution No. 29618 (New Series), in re Civic Center Bond Issue, and Resolution No. 29619 (New Series), in re Broadway Tunnel Bond Issue, adopted this morning, contained certain inaccuracies, Dion Holm, Assistant City Attorney, was granted the privilege of the floor to explain the discrepancies and to indicate the procedure for their correction.

Motion.

Thereupon, on motion of Supervisor Kent, action whereby Resolution No. 29618 (New Series) was adopted in this morning's session was rescinded by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—16.

Civic Center Bonds.

Whereupon, the following resolution was *adopted* on motion of Supervisor Havenner:

Resolution No. 29618 (New Series), as follows:

Reciting that plans and estimates of the cost of a permanent improvement, to-wit, the acquisition of land for the projection of Fulton street to Market street, and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street, and for the extension, development and beautification of the Civic Center of the City and County of San Francisco, and the purchase of all necessary lands and buildings, have been filed with the Board of Supervisors by the Board of Public Works, and declaring that the estimated cost thereof cannot be paid from the annual revenue or other funds derived from taxes levied for that purpose, but that all of said estimated cost will require the incurring of a bonded debt.

Resolved, By the Board of Supervisors of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 17th day of September, 1928, placed on file with the Board of Supervisors plans and estimates of the cost of a permanent improvement, to-wit: The acquisition of land for the projection of Fulton street, at the width said street now is between Larkin street and Hyde street, to Market street, and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street, and for the extension, development and beautification of the Civic Center of the City and County of

San Francisco, and the purchase of all necessary lands and buildings. That the total estimated cost of such permanent improvement is the sum of one million dollars ($1,000,000); that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to cause the acquisition, construction and completion of the said described permanent improvement and to make the declarations herein contained.

Section 2. It is hereby determined and declared that of the said sum of one million dollars ($1,000,000) no part can be paid out of the annual revenue of the City and County of San Francisco in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of one million dollars ($1,000,000) for the purposes herein recited.

Section 3. This resolution shall take effect immediately.

Broadway Tunnel Bonds.

On motion of Supervisor Suhr the following resolution was *adopted* in lieu of a resolution of similar purport temporarily postponed at the morning session:

Resolution No. 29619 (New Series), as follows:

Reciting that plans and estimates of the cost of the acquisition, construction and completion of a permanent improvement, to-wit: a tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements, have been filed with the Board of Supervisors by the Board of Public Works, and declaring that the estimated cost thereof cannot be paid from the annual revenue or other funds derived from taxes levied for that purpose, but that all of said estimated cost will require the incurring of a bonded debt.

Resolved, by the Board of Supervisors of the City and County of San Francisco as follows:

Section 1. It is hereby recited that the Board of Public Works, on the 7th day of September, 1928, placed on file with the Board of Supervisors plans and estimates of the cost of the acquisition, construction and completion of a permanent improvement, to-wit: a tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements. That the total estimated cost of such permanent improvement is the sum of one million five hundred thousand dollars ($1,500,000); that said plans and estimates contain sufficient information to enable the Board of Supervisors to take further proceedings to cause the construction of the said described permanent improvement and to make the declarations herein contained.

Section 2. It is hereby determined and declared that of the said sum of one million five hundred thousand dollars ($1,500,000) no part can be paid out of the annual revenue of the City and County of San Francisco in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of one million five hundred thousand dollars ($1,500,000) for the purposes herein recited.

Section 3. This resolution shall take effect immediately.

The following matters were *passed for printing*:

Calling and Providing for Special Election—Sewer Bonds.

Bill No. 8710, Ordinance No. ———— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two million two hundred thousand dollars ($2,200,000) for the construction and completion of certain permanent improvements, to-wit: the construction and extension of the Sewer System in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of two million two hundred thousand dollars ($2,200,000) for the construction and completion of certain permanent improvements, to-wit: The construction and extension of the Sewer System in the City and County of San Francisco in and along Fillmore Street from the vicinity of Sutter and Divisadero Streets through the Fillmore Valley and Hayes Valley to Tenth and Harrison Streets; Fourteenth, Market and Fifteenth Streets from the vicinity of Fourteenth and Market Streets to Fifteenth and Harrison Streets; College Hill Tunnel from the Mission Street viaduct to the vicinity of San Jose Avenue and Army Street; Alemany Boulevard (Islais Creek) from Mission Street to the vicinity of Revere Avenue and Industrial Street; Twenty-third Avenue and Geary Street from the vicinity of Twenty-seventh Avenue and Geary Street to Twenty-third Avenue and Lake Street.

Section 2. The estimated cost of the construction and completion of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 11th day of September, 1928, and was and is fixed by Resolution No. 29612 (New Series), in the sum of two million two hundred thousand dollars ($2,200,000).

Section 3. By Resolution No. 29612 (New Series), it was declared that no part of the said sum of two million two hundred thousand dollars ($2,200,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million two hundred thousand dollars ($2,200,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascer-

tained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"SEWER BONDS 1929"

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of two million two hundred thousand dollars ($2,200,000) for the construction and completion of permanent improvements, to-wit:

YES	
NO	

The construction and extension of the Sewer System in the City and County of San Francisco in and along Fillmore Street from the vicinity of Sutter and Divisadero Streets through the Fillmore Valley and Hayes Valley to Tenth and Harrison Streets; Fourteenth, Market and Fifteenth streets from the vicinity of Fourteenth and Market Streets to Fifteenth and Harrison Streets; College Hill Tunnel from the Mission Street viaduct to the vicinity of San Jose Avenue and Army Street; Alemany Boulevard (Islais Creek) from Mission Street to the vicinity of Revere Avenue and Industrial Street; Twenty-third Avenue and Geary Street from the vicinity of Twenty-seventh Avenue and Geary Street to Twenty-third Avenue and Lake Street."

Bonds issued for the construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize

the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Sewer Bonds 1929."

Bonds issued for the purpose stated shall be numbered from 1 to 2200, both inclusive, and shall be payable $100,000 thereof five years from the date of said bonds, beginning with the lowest numbers, and $100,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"SEWER BOND, 1929"

No..... $1,000

For valued received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Calling and Providing for Special Election—Health Bonds.

Also, Bill No. 8711, Ordinance No. ——— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of three million five hundred thousand dollars ($3,500,000) for the acquisition, construction, completion, and equipment of permanent improvements, to-wit: Permanent buildings within and without the City and County of San Francisco to be used as additions to the Tuberculosis Preventorium Health Farm in San Mateo County, and in San Francisco County construct a Psychopathic Building, Cancer Institute, additions to the Laguna Honda Home, additional stories to be added to the present Ward Buildings and Tuberculosis Hospital on the San Francisco Hospital site, enlarge Central Emergency Hospital, including a Health Center Building on lands adjacent to the Civic Center and additional lands, allowing for the extension of the San Francisco Hospital and the purchase of existing hospitals or institutions, erection of Health Centers in districts throughout San Francisco, and the purchase of necessary lands, buildings, equipment and furnishings.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount

of three million five hundred thousand dollars ($3,500,000) for the acquisition, construction, completion and equipment of permanent improvements, to-wit: Permanent buildings within and without the City and County of San Francisco, to be used as additions to the Tuberculosis Preventorium Health Farm in San Mateo County, and in San Francisco County construct a psychopathic building, Cancer Institute, additions to the Laguna Honda Home, additional stories to be added to the present ward buildings and Tuberculosis Hospital on the San Francisco Hospital Site, enlarge Central Emergency Hospital, including a health center building on lands adjacent to the Civic Center and additional lands, allowing for the extension of the San Francisco Hospital and the purchase of existing hospitals or institutions, erection of Health Centers in districts throughout San Francisco, and the purchase necessary lands, buildings, equipment and furnishings.

Section 2. The estimated cost of the acquisition, construction, completion and equipment of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 11th day of September, 1928, and was and is fixed by Resolution No. 29613 (New Series), in the sum of three million five hundred thousand dollars ($3,500,000).

Section 3. By Resolution No. 29613 (New Series), it was declared that no part of the said sum of three million five hundred thousand dollars ($3,500,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of three million five hundred thousand dollars ($3,500,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction, completion and equipment of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"HOSPITAL BONDS, 1929"

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of three million five hundred thousand dollars ($3,500,000) for the acquisition, construction, completion, and equipment of permanent improvements, to-wit:

YES	
NO	

Permanent buildings within and without the City and County of San Francisco, to be used as additions to the Tuberculosis Preventorium Health Farm in San Mateo County, and in San Francisco County construct a psychopathic building, Cancer Institute, additions to the Laguna Honda Home, additional stories to be added to the present ward buildings and Tuberculosis Hospital on the San Francisco Hospital Site, enlarge Central Emergency Hospital, including a health center building on lands adjacent to the Civic Center and additional lands, allowing for the extension of the San Francisco Hospital and the purchase of existing hospitals or institutions, erection of Health Centers in districts throughout San Francisco, and the purchase of all necessary lands, buildings, equipment and furnishings."

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition, said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the in-

curring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Hospital Bonds, 1929."

Bonds issued for the purpose stated shall be numbered from 1 to 3500, both inclusive, and shall be payable $175,000 thereof five years from the date of said bonds, beginning with the lowest numbers, and $175,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

Calling and Providing for Special Election—Playground Bonds.

Also, Bill No. 8712, Ordinance No. ——— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of three million one hundred thousand dollars ($3,100,000) for permanent improvements, to-wit: the acquisition and development of necessary lands within the City and County of San Francisco for playground purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of three million one hundred thousand dollars ($3,100,000) for permanent improvements, to-wit: The acquisition and development of necessary lands within the City and County of San Francisco for playground purposes. The locations of said playground sites are to be selected by the Playground Commission of the City and County of San Francisco where, in the opinion of the Commission, the sites so selected will best serve the needs of the children of San Francisco for recreational purposes.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 11th day of September, 1928, and was and is fixed by Resolution No. 29614 (New Series) in the sum of three million one hundred thousand dollars ($3,100,000).

Section 3. By Resolution No. 29614 (New Series) it was declared that no part of the said sum of three million one hundred thousand dollars ($3,100,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of three million one hundred thousand dollars ($3,100,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed and the returns thereof made and the result thereof ascer-

tained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"PLAYGROUND BONDS, 1929."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of three million one hundred thousand dollars ($3,100,000) for the acquisition and development of permanent improvements, to-wit:

YES	
NO	

The acquisition and development of necessary lands within the City and County of San Francisco for playground purposes. The locations of said playground sites are to be selected by the Playground Commission of the City and County of San Francisco where, in the opinion of the Commission, the sites so selected will best serve the needs of the children of San Francisco for recreational purposes."

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, se-

lected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Playground Bonds, 1929."

Bonds issued for the purpose stated shall be numbered from 1 to 3100, both inclusive, and shall be payable $124,000.00 thereof six years from the date of said bonds, beginning with the lowest numbers, and $124,000.00 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"PLAYGROUND BOND, 1929."

No. ———— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed

by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Section 10. The amount of tax levy to be made for the payment of said three million one hundred thousand dollars bonds shall be the sum of $139,500 for the first 6 years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the 7th year after the date of said bonds the sum of $133,920 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $124,000 thereof due 6 years from their date have been paid, and for the 8th year after

the date of said bonds the sum of $128,340 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $124,000 thereof due 7 years from their date have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of $5,580 by reason of the payment each year beginning 6 years from the date of said bonds of $124,000 of said bonds, and the sum of $124,000 each year beginning 5 years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Calling and Providing for Special Election—McLaren Park Bonds.

Also, Bill No. 8713, Ordinance No. ———— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two million dollars ($2,000,000) for a permanent improvement, to-wit: The acquisition, development, completion and equipment of that certain tract of land located within the southeasterly section of the City and County of San Francisco known as McLaren Park, and the purchase of all necessary lands and buildings.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of two million dollars ($2,000,000) for a permanent improvement, to-wit: The acquisition, development, completion and equipment of that certain tract of land located within the southeasterly section of the City and County of San Francisco known as McLaren Park, and the purchase of all necessary lands and buildings which are contiguous to and comprise portions of the Reis Tract, Sunnyvale Homestead Association, Paul Tract Homestead Association, University Mound Tract, University Homestead Association, Superior Homestead Association and other tracts, to comprise approximately five hundred and fifty (550) acres of land to be used for park purposes.

Section 2. The estimated cost of the acquisition, construction and

completion of the permanent improvement herein described was, by plans and estimates of the Board of Public Works, procured through the City Engineer, and filed with the Board of Supervisors on the 14th day of September, 1928, and was and is fixed by Resolution No. 29615 (New Series) in the sum of two million dollars ($2,000,000).

Section 3. By Resolution No. 29615 (New Series) it was declared that no part of the said sum of two million dollars ($2,000,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million dollars ($2,000,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvement are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvement herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"McLAREN PARK BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO".

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of two million dollars ($2,000,000) for the acquisition, development, completion and equipment of a permanent improvement, to-wit:

YES	
NO	

The acquisition, development, completion and equipment of that certain tract of land located within the southeasterly section of the City and County of San Francisco known as McLaren Park, and the purchase of all necessary lands and buildings which are contiguous to and comprise portions of the Reis Tract, Sunnyvale Homestead Association, Paul Tract Homestead Association, University Mound Tract, University Homestead Association, Superior Homestead Association and other tracts, to comprise approximately five hundred and fifty (550) acres of land to be used for park purposes."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election

the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election and the places of voting and the officers to conduct such election and all other necessary proceedings in that behalf shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "McLaren Park Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 2000, both inclusive, and shall be payable $80,000 thereof 6 years from the date of said bonds, beginning with the lowest numbers, and $80,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"McLAREN PARK BOND."

No. ——. $1,000.

For value received the City and County of San Francisco, a munici-

pal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Calling and Providing for Special Election—Aquatic Park Bonds.

Also, Bill No. 8714, Ordinance No. ———— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of nine hundred and fifty thousand dollars ($950,000) for the acquisition, construction and completion of permanent improvements, to-wit:

the completion and equipment of the Aquatic Park and the purchase of lands for additions to the Aquatic Park and Marina Park in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of nine hundred and fifty thousand dollars ($950,000) for the purpose of the acquisition, construction, completion and equipment of permanent improvements, to-wit: The completion and equipment of the Aquatic Park located within the City and County of San Francisco, adding to said park whatever equipment and construction are necessary to render it adequate for the purposes for which it is dedicated; and the acquisition of lands for additions to the Aquatic Park and Marina Park in the City and County of San Francisco.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 15th day of September, 1928, and was and is fixed by Resolution No. 29616 (New Series) in the sum of nine hundred and fifty thousand dollars ($950,000).

Section 3. By Resolution No. 29616 (New Series) it was declared that no part of the said sum of nine hundred and fifty thousand dollars ($950,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of nine hundred and fifty thousand dollars ($950,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"AQUATIC AND MARINA PARK BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO".

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco

to the amount of nine hundred and fifty thousand dollars ($950,000) for the acquisition, construction, completion and equipment of permanent improvements, to-wit:

YES	
NO	

The completion and equipment of the Aquatic Park located within the City and County of San Francisco, adding to said park whatever equipment and construction are necessary to render it adequate for the purposes for which it is dedicated; and the acquisition of lands for additions to the Aquatic Park and Marina Park in the City and County of San Francisco."

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places for voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized

the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials". All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Aquatic and Marina Park Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 950, both inclusive, and shall be payable $50,000 thereof three years from the date of said bonds, beginning with the lowest numbers, and $50,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

"AQUATIC AND MARINA PARK BOND."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ———, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written

upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Calling and Providing for Special Election—Airport Bonds.

Also, Bill No. 8715, Ordinance No. ———— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of one million seven hundred thousand dollars ($1,700,000) for a permanent improvement, to-wit: The acquisition, construction and equipment of a tract of land situate in San Mateo County, California, to be used by the City and County of San Francisco as an Airport, and all necessary Hangars, Machine Shop, Administration Building, Roads, Runways, Drainage Facilities, necessary lighting and equipment, consisting of Tractors, Rollers and Turntable, to be used by the City and County of San Francisco as an Airport to accommodate commercial, charter and passenger air lines, private, pleasure and sightseeing transportation airplanes and all other classes of air travel that may hereafter be developed.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of one million seven hundred thousand dollars ($1,700,000) for a permanent improvement, to-wit: The acquisition, construction and equipment of a tract of land situate in San Mateo County, California, to be used by the City and County of San Francisco as an Airport, and all necessary Hangars, Machine Shop, Administration Building, Roads, Runways, Drainage Facilities, necessary lighting and equipment, consisting of Tractors, Rollers and Turntable, to be used by the City and County of San Francisco as an Airport to accommodate commercial, charter and passenger air lines, private, pleasure and sightseeing transportation airplanes and all other classes of air travel that may hereafter be developed.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 12th day of September, 1928, and was and is fixed by Resolution No. 29617 (New Series), in the sum of one million seven hundred thousand dollars ($1,700,000).

Section 3. By Resolution No. 29617 (New Series), it was declared that no part of the said sum of one million seven hundred thousand dollars ($1,700,000) could be paid out of the annual revenue of the

City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of one million seven hundred thousand dollars ($1,700,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"AIRPORT BONDS"

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of one million seven hundred thousand dollars ($1,700,000) for a permanent improvement, to-wit:

YES	
NO	

The acquisition, construction and equipment of a tract of land situate in San Mateo County, California, to be used by the City and County of San Francisco as an Airport, and all necessary Hangars, Machine Shop, Administration Building, Roads, Runways, Drainage Facilities, necessary lighting and equipment, consisting of Tractors, Rollers and Turntable, to be used by the City and County of San Francisco as an Airport to accommodate commercial, charter and passenger air lines, private, pleasure and sightseeing transportation airplanes and all other classes of air travel that may hereafter be developed."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper

or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Airport Bonds."

Bonds issued for the purpose stated, shall be numbered from 1 to 1700, both inclusive, and shall be payable $100,000 thereof 3 years from the date of said bonds, beginning with the lowest numbers, and $100,000 thereof of the next higher numbers, on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA,
State of California.
City and County of San Francisco.
"AIRPORT BOND."

No. ———— $1,000.

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ....., 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively be-

come due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Calling and Providing for Special Election—Civic Center Bonds.

Also, Bill No. 8716, Ordinance No. ———— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of one million dollars ($1,000,000) for a permanent improvement, to-wit: The acquisition of land for the projection of Fulton street to Market street and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street and for the extension, development and beautification of the Civic Center of the City and County of San Francisco and the purchase of all necessary lands and buildings.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of one million dollars ($1,000,000) for a permanent improvement, to-wit: The acquisition of land for the projection of Fulton street at the width said street now is between Larkin street and Hyde street to Market street, and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street and for the extension, development and beautification of the Civic Center of the City and County of San Francisco, consisting of a facade from Market and Fulton streets to Hyde and Fulton streets, improvements in Civic Center Plaza and the purchase of all necessary lands and buildings.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was by plans and estimates of the Board of Public Works, procured through the City Engineer, and filed with the Board of Supervisors on the 12th day of September, 1928, and was and is fixed by Resolution No. 29618 (New Series) in the sum of one million dollars ($1,000,000).

Section 3. By Resolution No. 29618 (New Series) it was declared that no part of the said sum of one million dollars ($1,000,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt to the amount of one million dollars ($1,000,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvement are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvement herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"CIVIC CENTER EXTENSION BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of one million dollars ($1,000,000) for the acquisition of a permanent improvement, to-wit:

YES	
NO	

The acquisition of land for the projection of Fulton street at the width said street now is between Larkin street and Hyde street to Market street, and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street and for the extension, development and beautification of the Civic Center of the City and County of San Francisco, consisting of a facade from Market and Fulton streets to Hyde and Fulton streets, improvements in Civic Center Plaza and the purchase of all necessary lands and buildings."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting and the officers to conduct such election and all other necessary proceedings in that behalf shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections and shall also certify said results to the Board of Supervisors.

Section 8. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the

electors and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annualy, shall be of the denomination of one thousand dollars each and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Civic Center Extension Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 1000, both inclusive, and shall be payable $100,000 thereof two years from the date of said bonds, beginning with the lowest numbers, and $100,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA,
State of California,
City and County of San Francisco.
"CIVIC CENTER EXTENSION BOND."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by

such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 10. The amount of tax levy to be made for the payment of said one million dollars bonds shall be the sum of $45,000 for the first two years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the third year after the date of said bonds the sum of $40,500 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $100,000 thereof due two years from their date have been paid, and for the fourth year after the date of said bonds the sum of $36,000 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $100,000 thereof due three years from their date have been paid, and so on, a sum each year for seven succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of $4,500 by reason of the payment each year beginning two years from the date of said bonds of $100,000 of said bonds, and the sum of $100,000 each year beginning one year from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nine years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Super-

visors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Calling and Providing for Special Election—Broadway Tunnel Bond Issue.

Also, Bill No. 8717, Ordinance No. ———— (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of seven hundred and fifty thousand dollars ($750,000) for the acquisition, construction and completion of a permanent improvement, to-wit: A tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of seven hundred and fifty thousand dollars ($750,000) for the acquisition, construction and completion of a permanent improvement, to-wit: a tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 7th day of September, 1928, and was and is fixed by Resolution No. 29619 (New Series) in the sum of one million five hundred thousand dollars ($1,500,000) and of said sum of one million five hundred thousand dollars ($1,500,000) it is hereby declared and determnied that one-half of said sum, to-wit, seven hundred and fifty thousand dollars ($750,000) will be contributed by the City and County of San Francisco out of the proceeds of bonds to be issued for that purpose, and the balance of seven hundred and fifty thousand dollars ($750,000) to complete the permanent improvement described herein shall be contributed by assessments to be levied from an assessment district to be formed for the purpose of obtaining funds to complete the said permanent improvement.

Section 3. By Resolution No. 29619 (New Series) it was declared that no part of the said sum of one million five hundred thousand dollars ($1,500,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and it is hereby declared that of the said sum of seven hundred and fifty thousand dollars ($750,000) to defray one-half of the cost of the acquisition, construction and completion of said permanent improvement, no part of said sum can be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the sum of seven hundred and fifty thousand dollars ($750,000) for the purposes herein recited. The method and manner of payment of the said seven hundred and fifty thousand dollars ($750,000) of said described permanent improvement are by the issuance of bonds of the City and County of San Francisco in the amount of seven hundred and fifty thousand dollars ($750,000) and the application of the proceeds arising from the sale thereof to defray one-half of the cost of the acquisition, construction and completion of said permanent improvement herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted and the votes cast thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"BROADWAY TUNNEL BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of seven hundred and fifty thousand dollars ($750,000) for the acquisition, construction and completion of a permanent improvement, to-wit:

YES	
NO	

A tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector

may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Broadway Tunnel Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 750, both inclusive, and shall be payable $75,000 thereof two years from the date of said bonds, beginning with the lowest numbers, and $75,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"BROADWAY TUNNEL BOND."

No. ———— $1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State

of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Closing Fulton Street From Van Ness Avenue to Franklin Street.

Supervisor McSheehy presented:

Resolution No. 29644 (New Series), as follows:

Resolved, That the public interest requires that Fulton street, from the westerly line of Van Ness avenue to the easterly line of Franklin street, be closed and abandoned as a public street; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close up and abandon Fulton street, from the westerly line of Van Ness avenue to the easterly line of Franklin street.

Said closing up and abandonment of Fulton street, from the westerly line of Van Ness avenue to the easterly line of Franklin street, shall be done and made in the manner and in accordance with the provisions of Section 2 of Chapter 3 of Article 6 of the Charter of the City and County of San Francisco, as amended, and the sections of said chapter and article following said Section 2; and be it

Further Resolved, That there are no costs or expenses to be incurred in connection with said closing and abandoning.

And the Clerk is hereby directed to transmit to the Board of Public Works a certified copy of this resolution, and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said Fulton street, from the westerly line of Van Ness avenue to the easterly line of Franklin street, in the manner provided by law, and to cause notice to be published in "The Bulletin," as required by law.

Red Cross Relief for Florida.

Supervisor Havenner, Chairman of the Finance Committee, in a statement to the Board, called attention to the sweeping disaster in the West Indies and Florida as a result of the recent terrible hurricane which had visited this region. He declared that Samuel Knight, chairman of the San Francisco Chapter of the American Red Cross, had indicated that San Francisco had been assessed $75,000 in a nation-wide drive to obtain a national fund of $5,000,000 to relieve the distress.

Supervisor Havenner, while he approved the steps taken to afford relief at once, questioned the method by which San Francisco's quota had been arrived at by the national headquarters.

Passed for Printing.

Thereupon, the following resolution was presented and *passed for printing*:

Resolution No. ———— (New Series), as follows:

Whereas, the people on the eastern coast of the State of Florida have been visited by a tropical storm and hurricane, which has destroyed their cities and their homes, and the said people are at the present time in dire want and distress, and have made appeal to the people in the United States for aid in the time of their distress; and

Whereas, the City and County of San Francisco for the fiscal year 1928-29 levied a tax pursuant to the provisions of Subdivision 33 of Section 4041 of the Political Code of the State of California, the proceeds of said tax to be used for advertising, exploiting and making known the resources of the City and County of San Francisco, and for the purpose of inducing immigration to and increasing the trade and commerce of said City and County; and

Whereas, in the opinion of this Board of Supervisors, by no better means can a knowledge of the wealth and resources of the City and

County of San Francisco be so thoroughly broadcast to all the people of the United States, nor can there be attached to it a more desirable name and reputation than that acquired through broad benevolences, particularly such as caring for the people of cities less fortunate than our own in time of distress; and

Whereas, by heeding the appeal of the people of the State of Florida, the City and County of San Francisco will in a small way be making return for the generosity of the people of the United States in its disaster of 1906; now, therefore, be it

Resolved, in the carrying out of this expressed purpose, there be and there is hereby appropriated from the Publicity and Advertising Fund the sum of ten thousand ($10,000) dollars for the relief of the sufferers in Florida; and be it

Further Resolved, That the said sum of $10,000 is authorized in payment to Thomas F. Boyle, Auditor of the City and County, for the relief of said sufferers in Florida.

Revenue Bond Charter Amendment.

The following was read by the Clerk:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by adding a new article thereto to be designated as Article XII-B, relating to the acquisition, construction and extension of municipally owned public utilities and the issuance of bonds for that purpose to be redeemed and interest thereon paid solely from revenues of the particular utility.

ARTICLE XII-B.

Section 1. Whenever the Public Utilities Commission, created under the provisions of the proposed Charter amendment adding a new article to the Charter to be designated as Article XII-A and submitted to the voters concurrently herewith, determines that public

interest or necessity demands the acquisition, construction, completion or extension of any public utility or utilities, and that the cost of such acquisition or construction should be provided for by the sale or exchange of bonds of the City and County secured as to interest and redemption solely by the revenues of the particular utility, it shall specifically so declare such determination by a majority vote of all of its members, and shall direct its department of engineering to procure and file with said Commission plans and estimates of the cost of the acquisition, construction, completion or extension of such public utility or utilities.

Section 2. When the Public Utilities Commission certifies to the Board of Supervisors its determination that public interest or necessity requires the acqusition or construction of any utility of a class not already being operated under the charge of said Commission, or the acqusition or construction of additions or extensions of a utility then owned by the City and County which are estimated by its engineering department to cost more than one-half of the gross revenue of the particular utility for the year immediately preceding, and that bonds of the City and County of the character herein provided should be issued to provide for such acquisition or construction, the said Board of Supervisors shall within thirty days thereafter by resolution either approve or disapprove of the plan of acquisition or construction so submitted to it by the said Commission. If the Board of Supervisors shall by a majority vote approve such plan so submitted, it shall by ordinance submit to the voters of the City and County the question of the acqusition or construction of such public utility or utilities, or additions or extensions thereto, and the issuance of bonds of the character in this article provided to meet the cost thereof. Should a majority of the qualified voters voting on the proposition of the acquisition or construction of such public utility or utilities, or such additions or extensions, vote in favor thereof, the said Commission may issue bonds of the City and County of the class herein provided to meet the cost of such acquisition or construction. Such proposition may be submitted at a special election called for that purpose or at any other election authorized by law at which the qualified voters of the City and County are entitled to vote. The manner and procedure for calling any election authorized by this article shall be governed by the provisions of Article XII of the Charter, so far as applicable.

Section 3. Bonds of the character herein provided may be issued and sold or exchanged to provide the cost of construction or acquisition of additions or extensions to an existing utility owned by the City and County and being operated under the jurisdiction of the Commission, upon approval of such proposed acquisition or construction of such additions or extensions by the Board of Supervisors, without necessity for submission of the proposition to acquire or construct such additions or extensions to the voters of the City and County, when it appears from the report of the department of engineering of the Public Utilities Commission that such additions or extensions can be acquired or constructed for a sum not exceeding one-half of the gross revenues during the year immediately preceding of the particular system to which such additions or extensions are to be made.

The Public Utilities Commission may make additions or extensions to an existing utility owned by the City and County and operated under the jurisdiction of the Commission without necessity for approval of plans therefor by the Board of Supervisors when the cost of such additions or extensions can be paid from the revenues of such utility, after deducting therefrom such sums as are required to pay operating expenses, depreciation, reserves and bond obligations.

Section 4. The Public Utilities Commission in determining the amount of bonds which will be required to be issued and sold to provide funds for the acquisition or construction of any public utility, or additions or extensions thereto, may include a sufficient amount thereof to pay the interest accruing and to accrue on all such bonds sold for such purpose during the period of actual construction of such

utility, or additions or extensions thereto, and for a period of six months immediately following the completion of the same; and said Public Utilities Commission, should it determine it necessary so to do, may also include a sufficient additional amount of bonds to pay the estimated operating expenses of such utility, or additions or extensions thereto, for a period of three months after operation thereof shall commence.

Section 5. That any and all bonds issued by the Public Utilities Commission, pursuant to the provisions of this article, as well as all interest thereon, shall be payable wholly and exclusively out of the revenues received from the operation of the particular utility, for the acquisition, construction, completion or extension of which such bonds may have been issued or sold.

Section 6. The Public Utilities Commission shall by resolution determine the form and conditions of all bonds issued under the provisions of this article, but the rate of interest provided shall not exceed five and one-half per cent per annum, and redemption of all such bonds shall begin in not more than ten years and shall be completed in not more than fifty years from the date of issuance. No such bonds shall be sold for less than par. Each and every such bond issued shall state plainly upon its face that it is payable, both as to principal and interest, only from the special fund created for that purpose out of the revenues of the particular utility, and that it does not constitute a general indebtedness against the City and County. When additional bonds are authorized and issued under the provisions of this article to provide funds for the completion of any public utility or for the acquisition or construction of additions or extensions to an existing utility owned and operated by the City and County, such additional issue or issues of bonds shall be subordinate to all prior issues of bonds for such utility which may have been made hereunder.

Section 7. When the system, plants or facilities of a privately owned and operated utility are purchased by the City and County, and the seller is willing to accept bonds of the character herein provided in payment therefor, such purchase price may be paid in such duly issued bonds determined as to amount on the basis of not less than par value for the bonds so exchanged.

Section 8. The Public Utilities Commission shall cause the gross income and revenues of any utility acquired or constructed under the provisions of this article to be deposited daily in the Treasury of the City and County to the credit of a separate and special account for each utility. The Public Utilities Commission shall by resolution fix and determine (a) the proportion of the revenues of such utility which shall be necessary for the reasonable and proper operation and maintenance thereof; (b) the proportion of the said revenues which shall be set aside as a proper and adequate depreciation account; and (c) the fixed proportion of said revenues which shall be set aside and applied to the payment of the principal and interest of the bonds authorized under this article.

In fixing and determining the proportion of the revenues of any such utility required for operation and maintenance, the Public Utilities Commission shall make an estimate of the cost of operation and maintenance, and shall not set aside into such special fund for operation and maintenance a greater amount or proportion of the revenues thereof than in its judgment shall be properly required for the said operation and maintenance. The sums to be set aside for operation and maintenance shall be used and applied exclusively for that purpose until the accumulation of a surplus of the amount hereinafter specified.

The proportion set aside to the depreciation fund shall be expended in meeting the cost of depreciation in the particular utility or in extensions or additions thereto. Any accumulation of such depreciation fund may be invested, and if invested, the income from the investment shall be carried into the depreciation fund. Such fund, and the proceeds thereof, shall not be used for any purpose other than as herein provided.

The fixed proportion which shall be set aside for the payment of the principal and interest of the bonds issued under the provisions of this article for each particular utility shall from month to month as the same shall accrue and be received be set apart and paid into a special account in the Treasury of the City and County to be identified as the bond redemption and interest account of the particular utility. In fixing and determining the amount and proportion which shall be set aside for the payment of the principal and interest of the bonds issued hereunder, the Public Utilities Commission may provide that the amount to be set aside for such purpose for any year or years shall not exceed a fixed sum, which sum shall be at least sufficient to provide for the payment of the interest and principal of said bonds maturing and becoming payable in each such year, together with a surplus or margin of ten per cent in excess thereof.

If any surplus shall be accumulated in the said operating and maintenance fund, which shall be equal to the cost of maintenance and operation of the said utility during the remainder of the operating year then current and the estimated cost of maintaining and operating the said utility for a period of six months thereafter, any excess over such surplus may be by such Public Utilities Commission ordered transferred to either the depreciation account, bond redemption and interest account, or may be used for extensions or additions to the utility as the Commission may decide.

The Public Utilities Commission may by resolution adjust the amounts or portions of the gross revenue of the utility to be appropriated or credited to the operation and maintenance fund, the depreciation fund and the bond redemption and interest fund at the beginning of each operating year, and in any such adjustment shall be guided by the results experienced during the preceding years.

Section 9. The provisions of Section 11 of Article XII-A of the Charter shall govern the sale or manner of selling of all bonds issued under the provisions of this article. All such bonds shall be signed by the president of said Public Utilities Commission and by the Treasurer of the City and County, and countersigned by the Auditor of the City and County. The signature of the said Auditor may be by facsimile. The provisions of Section 11 (A) of Article XII of the Charter shall apply to all such signatures. All such bonds shall be issued in denominations of not less than ten dollars and not more than one thousand dollars as the Public Utilities Commission may decide, and shall be payable both as to interest and principal in gold coin of the United States and at the office of the Treasurer of the City and County of San Francisco, or at such places as may be designated by the Commission. The provisions of Section 10 of Article XII of the Charter shall be applicable in the matter of registration of any bonds issued hereunder.

Section 10. The provisions of said Article XII-A of the Charter shall control in all matters pertaining to the acquisition, construction and control of public utilities or extensions or additions thereto, and to the issuance or sale of bonds for such purposes where not herein otherwise provided. It is the purpose and intention of this amendment to provide for the issuance of bonds payable entirely out of revenue and for the manner of their payment and redemption, and not to change or annul any provision of said Article XII-A except as the same may apply to the issuance and payment of bonds payable wholly out of revenue, and the manner of the acquisition, construction or extension of utilities, the cost of which is to be provided for by said bonds as in this article provided; and the fact that there may be cast a greater number of votes in favor of this amendment, than may be cast in favor of the amendment hereinbefore referred to as Article XII-A, or that there may be cast a greater number of votes in favor of said last-mentioned amendment, than may be cast in favor of this amendment, shall not cause any conflicting provision in one of said amendments to prevail over the other.

Section 11. Bonds issued under the provisions of this article shall

not be subject to the limitation contained in Section 9 of Article XII of the Charter, and bonds issued hereunder shall not be considered in determining the application of the limitation contained in Section 9, Article XII of the Charter respecting the issuance of general obligation bonds of the City.

Section 12. The Board of Supervisors with the approval of the Public Utilities Commission may submit a proposition to the qualified voters of the City and County to refund all outstanding bonds of the character provided for in this article which were theretofore issued, sold or exchanged for the acquisition, construction, completion or extension of any particular utility, by the issuance in lieu thereof of general obligation bonds of the City and County bearing interest at the same rate and redeemable at the same times as such outstanding bonds. If the proposition to so refund such outstanding bonds shall receive the assent of two-thirds of the qualified electors of the City and County voting thereon at an election called for that purpose, then such outstanding bonds shall be refunded by the issuance and exchange therefor of general obligation bonds of the City and County of the character provided for in Article XII of the Charter. All bonds issued under the provisions of this article shall contain a statement written or printed thereon to the effect that the City and County reserves the right to refund such bonds by the issuance and exchange therefor of general obligation bonds of the City and County authorized and issued in accordance with this section.

Section 13. This amendment shall become effective only in the event that the proposed Charter amendment adding a new article to the Charter to be designated as Article XII-A, providing for the appointment of a Public Utilities Commission and submitted concurrently herewith, be ratified by the voters and later approved by the Legislature.

Section 14. The term "Public Utilities Commission" or "Commission," as used in this article, shall mean the Public Utilities Commission provided for by the Charter amendment referred to in the preceding section.

Section 15. Nothing in this article contained shall in any way abridge, control or revoke the power of the electors of the City and County to vote for and cause to be issued bonds or general obligations of the City and County for the acquisition, construction, completion or extension of any public utility as provided for in Article XII of the Charter, or to acquire, construct, complete or extend any public utility as provided for in said article, but this article shall be deemed to be an additional and supplemental method for the acquisition, construction, completion or extension of any public utility and for the issuance of bonds of the class herein provided to pay for the cost of the same.

Amendment and Correction.

On motion of Supervisor Marks the words "Engineering Department," wherever they occur, were ordered changed to "Engineering Bureau" to conform to the designation used in the Public Utilities Commission amendment.

On motion of Supervisor Havenner the words "it being the purpose," in section 10, were corrected to read "it is the purpose."

On motion of Supervisor Andriano section 7 was eliminated.

On motion of Supervisor Havenner, the words: "and further that in the hands of a bona fide owner such bonds shall be deemed to have all the qualities of a negotioable instrument under the law merchant," was ordered inserted after the words "City and County" in the eleventh line of section 6.

City Attorney O'Toole offered a substitute for section 8, which was read by the Clerk, as follows:

Section 8. The Public Utilities Commission shall cause the gross income and revenues of any utility acquired or constructed under the provisions of this article to be deposited daily in the treasury of the City and County to the credit of a separate and special account for

each utility. The Commission shall by resolution fix and determine: (a) the proportion of the revenues of such utility which shall be necessary for the reasonable and proper operation and maintenance thereof, including pension charges and compensation insurance; (b) the proportion of the said revenues which shall be set aside as a proper and adequate depreciation reserve, and also a reasonable and proper accident reserve; and (c) the fixed proportion of said revenues which shall be set aside and applied to the payment of the principal and interest of the bonds authorized under this article, which fixed amount or proportion of the revenue to be appropriated to the bond redemption and interest account shall never be less than the amount required for redemption and interest obligations for the ensuing year of the bonds so issued and sold.

In fixing and determining the proportion of the revenues of any such utility required for operation and maintenance, including pension charges and compensation insurance, the Commission shall make an estimate of the cost of such operation, maintenance, pension charges and compensation insurance, and shall not set aside by resolution a greater amount or proportion of the revenues than in its judgment shall be properly required for such purposes. The proportion of the revenues set aside for operation and maintenance, including pension charges and compensation insurance, shall be used and applied exclusively for that purpose until the accumulation of the surplus of the amount hereinafter specified.

The proportion of the revenues appropriated by resolution to the depreciation reserve and to the accident reserve shall be respectively expended in meeting the cost of depreciation in the particular utility, or extensions or additions thereto, and in the payment of accident claims. Any accumulation of such depreciation reserve or such accident reserve may be invested, and if invested, the income from the investment shall be carried into the particular reserve from which such investment was made. Such reserves and the proceeds thereof shall not be used for any other purpose than as herein provided.

The fixed proportion of the revenues which shall by resolution be appropriated for the payment of the principal and interest of the bonds issued under the provisions of this article for each particular utility shall, from month to month, as the same shall accrue and be received, be set apart and paid into a special account in the treasury of the City and County to be identified as the bond redemption and interest account of the particular utility. In fixing and determining the amount or proportion which shall be set aside for the payment of the principal and interest of the bonds issued hereunder, the Commission may provide that the amount to be set aside for such purpose for any year or years shall not exceed a fixed sum, which fixed amount or proportion of the revenue to be appropriated to the bond redemption and interest account shall never be less than the amount required for redemption and interest obligations for the ensuing year of the bonds so issued and sold.

If any surplus shall be accumulated in the said operating and maintenance fund which shall be equal to the cost of operation and maintenance, including pension charges and compensation insurance, of the particular utility during the remainder of the operating year then current, and the estimated cost of operation and maintenance, pension charges and compensation insurance for said utility for a period of six months thereafter, excess over such surplus may be by the Commission ordered transferred to either the depreciation account, accident reserve account, bond redemption and interest account, or may be transferred to a surplus account to be used for extensions or additions to the particular utility, as the Commission may decide.

The Commission may by resolution adjust the amounts or portions of the gross revenues of the utility to be appropriated to the particular purposes in this section specified at the beginning of each operating year, and in any such adjustment shall be guided by the results experienced during the preceding year or years, but the fixed proportion

or sum to be appropriated to the special fund to meet the redemption and interest payments shall never be reduced below the actual requirements for such purpose for the ensuing year.

Action Deferred.

Whereupon, Supervisor Gallagher moved to lay over until next session.

So ordered.

Palace of Fine Arts—Charter Amendment No. 35.

Supervisor Marks proceeded, read and explained the following proposed amendment:

Accepting the Palace of Fine Arts from the United States Government, and ratifying an ordinance granting spur track privilges to said Government.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend Section 8 of Article 1, by providing for the acceptance from the United States of deed conveying to the City and County of San Francisco the Palace of Fine Arts and the land upon which it is located, and approving, confirming and validating Ordinance No. 7531 (New Series), granting to the United States as a consideration for said conveyance the right to construct, maintain and operate, and to maintain and operate where already constructed, a spur track railroad over and along certain public streets in the City and County of San Francisco.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the General Election to be held on the 6th day of November, 1928, the following proposal to amend Section 8 of Article 1 of said Charter, to read as follows:

Section 8, Subdivision 1. The City and County of San Francisco hereby formally accepts from the United States that certain deed, dated June 3, 1927, executed by Hanford McNider, Acting Secretary of War, and recorded on the 24th day of June, 1927, in Book 1502 of Official Records, at page 11, whereby the United States conveyed to the City and County of San Francisco the Palace of Fine Arts and that part of the Military Reservation of the Presidio of San Francisco upon which it is located, under authority of an Act of Congress approved March 3, 1925, entitled:

"An Act authorizing the Secretary of War to convey certain portions of the Military Reservation of the Presidio of San Francisco to the City and County of San Francisco for educational, art, exposition and park purposes."

Subdivision 2. That certain Ordinance No. 7531 (New Series), entitled:

"Ordinance granting to the United States the right to construct, maintain and operate, and to maintain and operate where already constructed, in perpetuity, a spur track railroad, extending from Fort Mason Military Reservation, in the City and County of San Francisco, over and along certain public streets in said City and County."

Finally passed by the Board of Supervisors on May 2, 1927, and approved by the Mayor on the 14th day of May, 1927, is hereby approved, confirmed and validated.

Ordered Submitted.

Whereupon, on motion of Supervisor Marks, the foregoing proposed amendment was *ordered submitted* by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Schmidt, Stanton, Suhr, Todd, Toner—14.

Absent—Supervisors Deasy, Havenner, Roncovieri, Shannon—4.

Federal Building in Civic Center—Charter Amendment No. 36.

Supervisor Marks read and explained the following amendment:

Authorizing the Board of Supervisors to transfer to the United States a site in the Civic Center for a Federal Building.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County, by adding a new section to Chapter II of Article II, to be known as Section 10a, authorizing the Board of Supervisors to transfer to the government of the United States, without any monetary consideration, a site in the Civic Center on which the government shall erect and maintain a Federal Building.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the General Election to be held on the sixth day of November, 1928, a proposal to amend the Charter as follows:

By adding a new section to Chapter II of Article II, to be designated as Section 10a, reading as follows:

Section 10a. The Board of Supervisors is hereby authorized to cause to be conveyed to the Government of the United States by a good and sufficient deed, and without any monetary consideration, a site at the northeast corner of Hyde and Fulton streets, in the Civic Center, to be used by the Government of the United States for the erection thereon of a Federal Building, which building shall be used and occupied by the said United States Government. That the said conveyance shall be made upon such terms and conditions as the said Board of Supervisors shall deem proper, and said Board of Supervisors shall have full power and authority to determine the size of said site to be conveyed and the conditions under which the same shall be conveyed. That any action to be taken by said Board authorizing the conveyance of said site shall be had and taken by ordinance duly adopted as in this article provided.

Ordered Submitted.

Whereupon, on motion of Supervisor Marks, the foregoing amendment was *ordered submitted* by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Hayden, Kent, Marks, McGovern, McSheehy, Powers, Schmidt, Stanton, Suhr, Todd, Toner—14.

Absent—Supervisors Deasy, Havenner, Roncovieri, Shannon—4.

War Memorial.

Supervisor Colman presented the text of a proposed Charter amendment, which was read by the Clerk.

Privilege of the Floor.

Herbert E. Hall, attorney for the Regents of the University of California, was granted the privilege of the floor and reviewed the history of the War Memorial project, and stated that the purpose of this Charter amendment now is to coordinate the interests of the Regents of the University of California and of the money which was privately subscribed with the $4,000,000 which the City has voted for the purpose of this War Memorial. "It is our opinion," he said, "that the Regents, under the trust by which they were given this money and property, cannot turn it over to the Board of Supervisors as such, but must turn it over to a group of trustees who can carry out the terms of the trust under which they received it. On the other hand, it is also our opinion that the City itself cannot go ahead with the War Memorial and use this $4,000,000 as long as the land remains in the name of the Regents. Consequently, there is a stalemate, which we believe can only be eliminated by the passage of a Charter amendment such as we have suggested. In drafting this we have used as a base two Charter amendments which were passed by you gentlemen and also by the voters of the City and County of San Francisco, to-wit:

the one regarding the deYoung Museum, in which case the City itself owned all the land upon which the museum was erected, and also in the case of the Spreckels Palace of the Legion of Honor, another case where the City owned the land and the building itself was erected by private donations. Although we used that as the base, we have gone, as we believe, farther in attempting to liberalize this particular amendment. We have created a board, two members being ex-officio, the Mayor and Chairman of the Finance Committee, the remaining nine being appointees of the Mayor, but subject to the approval of the Board of Supervisors. We have also classified the groups from which these members shall be appointed: three from the Veterans, two from the San Francisco Art Association, two from the Musical Association and two from the citizens at large."

Motion.

Supervisor Gallagher: I move you that it be the sense of this Board that we will consider this amendment not as one number on the ballot but last in the consideration of amendments; that in the interim between now and its further consideration, which will not be within twenty-four hours, that Supervisor McSheehy and Supervisor Colman and Supervisor Havenner, if he will, confer with the trustees of this fund, learn exactly upon what conditions it will be turned over to the people, and that they deal with this amendment in conjunction with the Judiciary Committee, liberalizing its provisions to the end, first, that the control of this building or buildings shall be more thoroughly in the hands of the people, and, second, that in the management of its affairs, under whatever trusteeship or board to be created by Charter amendment, there shall be restrictions which shall place them, as to financial matters, subject to the Board of Supervisors.

Supervisor McSheehy: I will gladly second that.

Motion *carried*.

Excused.

Supervisor Stanton and *Supervisor McGovern* asked to be excused from attendance at tomorrow's meeting, as they were going to Sacramento at 5 p. m.

So ordered.

RECESS.

Whereupon, the Board at the hour of 12:45 a. m., September 18, 1928, took a recess until 1 p. m., September 18, 1928.

J. S. DUNNIGAN, Clerk.

TUESDAY, SEPTEMBER 18, 1928, 1:30 P. M.

In Board of Supervisors, San Francisco, Tuesday, September 18, 1928, 1:30 p. m.

The Board of Supervisors reassembled.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Colman, Gallagher, Hayden, Havenner, McSheehy, Marks, Powers, Roncovieri, Schmidt, Suhr, Todd, Toner—13.

Absent—Supervisors Deasy, Kent, McGovern, Shannon, Stanton—5.

His Honor Mayor Rolph being absent, Supervisor Toner was elected to preside.

Award of Water Bonds.

Supervisor Havenner presented:

Resolution No. 29645 (New Series), as follows:

Whereas, after due notice given as provided by the Charter of the City and County of San Francisco, that sealed proposals for the purchase of certain bonds of said City and County, to-wit: Hetch Hetchy

Bonds, Issue of July 1, 1928, to the amount of $4,000,000, would be opened and considered on Monday, the 17th day of September, 1928; and

Whereas, sundry bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore, be it

Resolved, That the bid of R. H. Moulton & Company, Harris Trust & Savings Bank, Bankers Trust Company, American National Company, Illinois Merchants Trust Company and Security Company for said $4,000,000 Hetch Hetchy Bonds, comprising 100 bonds of $1,000 denomination, maturing each year from 1938 to 1977, inclusive, be and the same is hereby accepted and said bonds are hereby struck off and sold to said R. H. Moulton & Company, Harris Trust and Savings Bank, Bankers Trust Company, American National Company, Illinois Merchants Trust Company and Security Company for the price bid therefor, to-wit: $4,071,600, and accrued interest thereon at the date of delivery.

That the Finance Committee be directed to arrange for the delivery of said bonds.

That all other bids for said bonds be rejected and the Clerk is hereby directed to return certified checks accompanying the same.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Suhr, Todd, Toner—13.

Absent—Supervisors Deasy, Kent, McGovern, Shannon, Stanton—5.

Retirement System—Charter Amendment No. 37.

Supervisor Marks read and explained the following, section by section:

Simplifying the administration and removing arbitrary limitations on rates of contribution at certain ages.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the title to Article XVII of the Charter of said City and County and Section 1, Section 2, Section 3, Section 4 and Section 8, all of Article XVII of the Charter, of the said City and County, relating to the establishment of a retirement system for aged and disabled officers and employees of the said City and County.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the sixth day of November, 1928, a proposal to amend said Charter as follows:

That the title of Article XVII be amended to read as follows:

RETIREMENT OF AGED AND DISABLED OFFICERS AND EMPLOYEES OF THE CITY AND COUNTY OF SAN FRANCISCO.

That Section 1, Section 2, Section 3, Section 4 and Section 8 of Article XVII be amended to read as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco is hereby empowered under the conditions set forth in this article, on the vote of fourteen members and the approval of the Mayor, to establish a retirement system, which shall provide for death benefits, for officers and employees of the City and County of San Francisco, provided that elective officers and officers appointed by the Mayor and persons entitled to the benefits of any pension system now or hereafter established by the City and County of San Francisco for firemen or policemen, shall not be eligible to the benefits of any retirement system established under this Article. No member of any retirement system established under the provisions of this Article shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of sixty-two years and completed ten years of continuous service, as defined by the Board of Administration hereinafter provided for, except that retirement shall be

compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service, as defined by the Board of Administration; the benefits at retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approved by said Board of Administration.

Section 2. The said Board of Administration shall secure from a competent actuary a report of the cost of establishing a general retirement system for all officers and employees of the City and County. Said actuary shall be one who has had actual experience in the establishment of retirement systems for public officers and employees, and his position shall be considered one requiring expert or technical training within the meaning of Section 2, Article XVI of this Charter.

Section 3. The retirement system shall be conducted on the contributory plan. The City and County shall contribute jointly with the members of the retirement system. Members of the system shall contribute not to exceed ten per centum of their salaries or wages, provided that members may, at their option, elect to contribute at rates in addition to those fixed as normal by the Board of Administration. The City and County shall contribute an amount equal to normal contributions of members as provided for in the preceding sentence, but the City and County shall not contribute any amount because of additional contributions by members. The system shall be applied to such offices, departments, bureaus, or classes of officers or employees of the City and County as the Supervisors shall determine. The mortality, service, or other tables calculated by the actuary and the valuation determined by him, and approved by the Board of Administration, shall be conclusive and final and any retirement system established under this Article shall be based thereon. Liabilities accruing under the retirement system because of service rendered to the City and County of San Francisco by individuals prior to the establishment of the system for their respective classes shall be met by contributions to the retirement system by the City and County, in addition to any amount contributed to match members' contributions, provided that such liabilities may be met by annual appropriations instead of by one appropriation for the total amount of the liabilities. The retirement system shall be managed by a Board of Administration as established in Section 4 hereof. The right of a person to a retirement allowance or to the return of accumulated contributions, the retirement allowance itself, the accumulated contributions themselves, any death or optional benefit, any other right accrued or accruing to any person under any retirement system established under the provisions of this Article and the moneys in any Fund created under such retirement system shall not be subject to execution, garnishment, attachment, or any other process whatsoever, and shall not be assignable except as specifically provided in the Ordinance authorized in Section 1 of this Article.

Section 4. A Board of Administration of said retirement system is hereby created, consisting of the Chairman of the Finance Committee of the Board of Supervisors, the Auditor, three members elected from the active members of the retirement system, a resident official of a life insurance company, and an officer of a bank, to be appointed by the Mayor within sixty days of the taking effect of this amendment. Such appointees shall serve without compensation. Provided, however, that pending establishment of a retirement system, the Mayor shall appoint the three members to represent the active members of the retirement system from a list of nominees presented by the officers and employees who would be affected by such a system. Members other than ex-officio members shall so classify themselves by lot, that one term shall expire each year.

Section 8. The Board of Supervisors is empowered to extend the provisions of the retirement system established under the conditions set forth in this Article to cover teachers in the San Francisco School Department; provided, however, that the contributions to be made by

such teachers and the benefits to be received by such teachers under such retirement system shall be based upon the proportion of the salaries of such teachers which have been and shall be paid out of funds contributed by the City and County, excluding therefrom the portion of such salaries which have been or shall be paid out of funds contributed by the State of California; and in determining such proportion it shall be taken to be the same proportion which the whole amount of money contributed by the City and County to the Common School Fund in any fiscal year bears to the whole amount of money contributed to such fund in such year by the State and by the City and County; and provided, further, that nothing herein contained shall be construed to deprive any teacher of the rights to receive benefits under any pension or retirement system now or hereafter established by the State of California.

Motion.

Supervisor Marks moved that the proposed Charter amendment be ordered submitted, that the City Attorney be requested to prepare a proper caption for it, and that the Clerk check it as to its correctness.
So ordered.

Ordered Submitted.

Whereupon, the foregoing proposed Charter amendment, as recommended by the Judiciary Committee, was, on motion of Supervisor Marks, *ordered submitted to the electors* by the following vote:
Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, McSheehy, Marks, Powers, Roncovieri, Schmidt, Suhr, Todd, Toner—13.
Absent—Supervisors Deasy, Kent, McGovern, Shannon, Stanton—5.

Extension of Civil Service.

Supervisor Marks read and explained the following proposed amendment:

Appointments on Probation. Conditions of Discharge. Emergency Appointments.

Repeal Section 10, Article XIII of the Charter, and substitute:
Section 10. The appointing officer shall notify the Commissioners of each position to be filled separately, and shall fill such place by the appointment of one of the persons certified to him by the Commissioners therefor. Such appointment shall be on probation for a period to be fixed by the rules of the Commissioners; but such rules shall not fix such period at exceeding six months. The Commissioners may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation the head of the department or office in which a candidate is employed may, by and with the consent of the Commissioners, discharge him upon assigning in writing his reason therefor to the Commissioners. If he is not then discharged his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or office may, with the prior approval of the Commissioners, make emergency appointments, to remain in force not exceeding four months, and only until regular appointments under the provisions of this article can be made; provided, that the same person shall not be appointed to or be permitted to occupy any position or positions under such emergency appointments for a period exceeding four months; and the appointment of any emergency appointee who has served in the aggregate a period of four months in any position shall not be renewed. No person shall receive compensation for more than four months in any one year for services performed under emergency appointment, and the Commissioners shall not approve, nor shall the Auditor audit, nor the Treasurer pay, the demand for services of any person who shall serve under emergency appointment in any position

subject to the provisions of this article for more than four months in any one calendar year. Whenever authorization is issued by the Commissioners for such emergency appointment the Commissioners shall forthwith take steps to create a list of eligibles for said position as elsewhere provided in this article.

Amendment.

City Attorney O'Toole read the following proposed amendment:

"If at any time thereafter a permanent position to which he has been appointed shall be abolished, he shall then be entitled to a position in the same department and classification and at the same salary, or if there be none, to a position in said department and classification drawing the next lower salary. In the event of such change, any appointee displaced by reason of this provision shall be entitled to a position in the same department and classification drawing the same salary, or if there be none, then to such a position drawing the next lower salary, and so on with all other employees likewise displaced, to the end that the appointee last appointed shall be the one discharged on account of the abolishment of such position. The appointee so discharged shall be entitled to appointment to the first vacancy thereafter occurring within his classification in any department."

Motion.

Supervisor Powers moved that the foregoing language be inserted after the word "complete" in the fourteenth line.

Privilege of the Floor.

Grover O'Connor, attorney representing the Civil Service Employees' Association, explained the purpose of the foregoing amendment.

James Maher, Secretary of the Civil Service Commission, declared that the proposed amendment had not been submitted to the Commission and had not received its endorsement.

Motion Lost.

Whereupon, Supervisor Powers' motion was *lost* by the following vote:

Ayes—Supervisors Marks, McSheehy, Powers, Roncovieri, Schmidt—5.

Noes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Suhr, Todd, Toner—9.

Absent—Supervisors Deasy, McGovern, Shannon, Stanton—4.

Motion Carried.

Whereupon, Supervisor Colman moved that section 10, as recommended by the Judiciary and Civil Service Committees, be ordered submitted to the electors.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—15.

Absent—Supervisors Deasy, McGovern, Stanton—3.

Departments Governed by This Article.

Repeal Section 11, Article XIII of the Charter, and substitute:

Section 11, Subdivision A. The provisions of this article shall apply to all officers and employees of all boards, commissions, departments, bureaus or offices of the City and County which may now exist or which may hereafter be created by this Charter or by ordinance, unless said employees be exempted by Charter from the operation of these provisions, as well as to all officers and employees of all boards, commissions, departments, bureaus or offices which may now exist or which may hereafter be created by virtue of any Act of the Legislature of the State of California, where the compensation of such

officers or employees is paid by the City and County of San Francisco, unless said officers or employees are specifically exempted by Charter provision from the operation of the provisions of this article. The following officers and employees shall be exempted from the provisions of this article: Officials elected by the people and all appointees of the Mayor or of any other appointing power to any board or commission authorized in this Charter; all officers and employees of the Mayor, the City Attorney, the District Attorney, the Public Defender, and the San Francisco Law Library; all attorneys and physicians appointed to perform the duties of their professions; the manager or superintending head of each public utility, and all other employees specifically exempted by the provisions of Article XIIa of the Charter; the directing heads of California Palace of the Legion of Honor and of the M. H. deYoung Memorial Museum; the Clerk of the Board of Supervisors, an accountant appointed by the Finance Committee of the Board of Supervisors; the Purchaser of Supplies; the Chief of Police, the Chief Engineer of the Fire Department, the City Engineer, the Registrar of Voters, the chief deputy or principal assistant of each official elected by the people, the Secretary of the Fire Commission, the Secretary of the Police Commission, the Chief of the Department of Electricity, the Chief Examiner and examiners appointed by the Civil Service Commission, the Superintendent of Parks and the Secretary of the Park Commission, the Superintendent of Playgrounds, the Secretary of the Board of Library Trustees, the Librarian of the Public Library, the Secretary of the Board of Education, the Superintendent of Schools and all deputy superintendents of schools; teachers engaged in teaching or in the supervision of teaching in the School Department; persons employed by the Board of Supervisors for temporary service in positions requiring high technical skill; persons employed in positions having a confidential relation to the head of the department in which the employment is held, but not more than one such position shall be established in any department, and only with the approval of the Civil Service Commission, who shall determine the necessity for such confidential employment; persons employed outside the City and County on the construction of public work of the City and County; all institutional and inmate help employed by the Department of Public Health where the monthly salary of any individual so employed shall not exceed the sum of fifty ($50.00) dollars per month, where such person or persons are specifically exempted from the provisions of this article by rule or resolution of the Civil Service Commission. Any person, not specifically exempted from the provisions of this article, who has served in any position in any office, department or board heretofore subject, or by this section made subject, to the provisions of this article, for a period of one year continuously next before the date of the approval of this amendment by the Legislature, and who at said date shall be actually employed in said position, is hereby declared to be appointed to the said position, and shall thereafter be subject to the provisions and entitled to the benefits of this article, and shall be classified by the Civil Service Commission in accordance with their respective duties.

Subdivision B. That in addition to the minimum amounts required to be appropriated annually to the Civil Service Commission by the Board of Supervisors, pursuant to the provisions of Section 1 of this article, said Board of Supervisors shall annually appropriate to said Commission not less than seven thousand five hundred ($7,500.00) dollars, for the purpose of enabling said Commission to hold examinations for the classified service provided for by this article.

Subdivision C. Persons employed in the operating service of any public utility acquired by the City, and who have been so employed for not less than one year next preceding the date of the actual taking over of said utility by the City, and who are actually employed on said date, shall continue in their positions without examination, and shall be by the Civil Service Commission classified in accordance with their respective duties.

Subdivision D. No person in the classified civil service of the City and County shall electioneer for or against any candidate for endorsement, nomination, election or appointment to any public office by soliciting votes or being a member of any organization whose purpose is to nominate, endorse or oppose candidates for public office; nor levy, collect, or pay any money, or attempt to control or influence the action of any subordinate, to assist or oppose any such candidacy of any person for an elective or appointive public office. No elective or appointed official shall levy or collect money as an assessment or contribution for any political purpose from, or attempt to control the action of, any member of the classified service in the candidacy of any person for public office. The Civil Service Commission shall investigate any case of alleged violation of these provisions, and may prefer charges and, after hearing, order the suspension or dismissal of any officer or employee violating any of the provisions of this paragraph, on the furnishing of satisfactory proof by any person of such violation.

Amendment.

City Attorney O'Toole suggested that the following be added, and designated Subdivision E:

Appointments Under This Article.

All officers, courts, boards or heads of departments vested in this Charter with the power to appoint deputies, clerks, stenographers or other employees of any designation whatsoever shall make appointments only in accordance with the provisions of this article and the rules adopted thereunder, and any appointment not so made shall be void.

On motion duly made the foregoing was thereupon *adopted* and added to Section 11 as recommended.

Amendment Lost.

Supervisor Marks moved as a substitute for the last line of the first paragraph the following, offered by Grover O'Connor, attorney for the Civil Service Employees' Association, to-wit:

Any person, not specifically exempted from the provisions of this article, who has served in any position in any office, department or board, by this section made subject, to the provisions of this article, for a period of one year continuously next before the date of the approval of this amendment by the Legislature, and who at said date shall be actually employed in said position, is hereby declared to be appointed to the said position, and shall thereafter be subject to the provisions and entitled to the benefits of this article, and shall be classified by the Civil Service Commission in accordance with their respective duties.

Motion *lost* by the following vote:

Aye—Supervisor Marks—1.

Noes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—14.

Absent—Supervisors Deasy, McGovern, Stanton—3.

Explanation of Vote.

Supervisor Marks explained his vote as follows:

Supervisor Marks: Mr. Chairman, I have expressed myself and my attitude with respect to portions of this amendment. To repeat it very briefly, I still believe in the extension of the civil service provisions to the parks, playgrounds and library trustees. However, the Board has quite decisively, by 14 to 1, indicated that they do not want so to restrict the amendment. And recognizing certain virtues in the amendment at this time I intend to abide by the decision of the Board in that respect and to vote for the amendment.

Motion.

Supervisor Andriano moved to strike out in Subdivision D the following words in the second line thereof: "electioneer for or against any candidate for endorsement, nomination, election or appointment to any public office, by soliciting votes or being a member of any organization whose purpose is to nominate, endorse or oppose candidates for public office; nor"

Amendment *carried* by the following vote:

Ayes—Supervisors Andriano, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Suhr, Todd, Toner—12.

Noes—Supervisors Colman, Gallagher, Roncovieri—3.

Absent—Supervisors Deasy, McGovern, Stanton—3.

Explanation of Vote.

Supervisor Havenner explained his vote as follows:

Supervisor Havenner: I want to be on record in this one respect to explain why I am going to vote to strike this out: The original intention of the prohibition against activities by municipal employees in politics was to prevent them from doing it in the hope of reward by appointments to some other positions or promotions, or something of that sort. We have extended civil service here to a point where we have made it, as nearly as we can make it, impossible to disregard the civil service law and to manipulate through political influence and appointments to positions. Therefore, we have done away with the original reason for this prohibition upon the activities of the individual, and I do not think there is any occasion any more to restrict his freedom of speech and his right to engage in activities of this political form of government, so I am going to vote against arbitrary restriction on the ordinary political rights of a citizen.

Motion.

Supervisor Colman moved that Section 10, heretofore approved, and the foregoing Section 11 as amended, be ordered submitted to electors as one combined Charter Amendment, that the City Attorney be requested to prepare a proper title and the Clerk check the amendment as to its correctness.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—15.

Absent—Supervisors Deasy, McGovern, Stanton—3.

Ordered Submitted.

Whereupon, Sections 10 and 11, as follows, were combined as one Charter Amendment and were *ordered submitted to the electors* by the following vote:

Extension of Civil Service—Charter Amendment No. 28.

Describing and setting forth a proposal to the qualified electors o the City and County of San Francisco, State of California, to amen the Charter of said City and County by repealing Sections 10 and 11 of Article XIII of said Charter, and substituting therefor new sections to be designated Nos. 10 and 11, providing for the method for the appointment of persons to the classified service of the City and County, for the period of probation and their tenure of office, and for the appointment of emergency appointees to avoid the stoppage of public business, and setting forth the department of the government which shall be subject to the provisions of Civil Service, and for the confirmation of certain employees in their positions, and providing for an annual appropriation to enable the Civil Service Commission to hold examinations for the classified service.

The Board of Supervisors of the City and County of San Francisco

hereby submits to the qualified electors of said City and County at the general election to be held on the sixth day of November, 1928, a proposal to amend the Charter as follows:

That Sections 10 and 11 of Article XIII be amended to read as follows:

Section 10. The appointing officer shall notify the Commissioners of each position to be filled separately, and shall fill such place by the appointment of one of the persons certified to him by the Commissioners therefor. Such appointment shall be on probation for a period to be fixed by the rules of the Commissioners; but such rules shall not fix such period at exceeding six months. The Commissioners may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation, the head of the department or office in which a candidate is employed may, by and with the consent of the Commissioners, discharge him upon assigning in writing his reason therefor to the Commissioners. If he is not then discharged his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or office may, with the prior approval of the Commissioners, make emergency appointments, to remain in force not exceeding four months, and only until regular appointments under the provisions of this article can be made; provided, that the same person shall not be appointed to or be permitted to occupy any position or positions under such emergency appointments for a period exceeding four months; and the appointment of any emergency appointee who has served in the aggregate a period of four months in any position shall not be renewed. No person shall receive compensation for more than four months in any one year for services performed under emergency appointment, and the Commissioners shall not approve, nor shall the Auditor audit, nor the Treasurer pay, the demand for services of any person who shall serve under emergency appointment in any position subject to the provisions of this article for more than four months in any one calendar year. Whenever authorization is issued by the Commissioners for such emergency appointment the Commissioners shall forthwith take steps to create a list of eligibles for said position as elsewhere provided in this article.

Section 11, Subdivision A. The provisions of this article shall apply to all officers and employees of all boards, commissions, departments, bureaus or offices of the City and County which may now exist or which may hereafter be created by this Charter or by ordinance, unless said employees be exempted by Charter from the operation of these provisions, as well as to all officers and employees of all boards, commissions, departments, bureaus or offices which may now exist or which may hereafter be created by virtue of any Act of the Legislature of the State of California, where the compensation of such officers or employees is paid by the City and County of San Francisco, unless said officers or employees are specifically exempted by Charter provision from the operation of the provisions of this article. The following officers and employees shall be exempted from the provisions of this article: Officials elected by the people and all appointees of the Mayor or of any other appointing power to any board or commission authorized in this Charter; all officers and employees of the Mayor, the City Attorney, the District Attorney, the Public Defender, and the San Francisco Law Library; all attorneys and physicians appointed to perform the duties of their professions; the manager or superintending head of each public utility, and all other employees specifically exempted by the provisions of Article XIIa of the Charter; the directing heads of California Palace of the Legion of Honor and of the M. H. deYoung Memorial Museum; the Clerk of the Board of Supervisors, an accountant appointed by the Finance Committee of the Board of Supervisors; the Purchaser of Supplies; the Chief of Police, the Chief Engineer of the Fire Department, the

City Engineer, the Registrar of Voters, the chief deputy or principal assistant of each official elected by the people, the Secretary of the Fire Commission, the Secretary of the Police Commission, the Chief of the Department of Electricity, the Chief Examiner and examiners appointed by the Civil Service Commission, the Superintendent of Parks and the Secretary of the Park Commission, the Superintendent of Playgrounds, the Secretary of the Board of Library Trustees, the Librarian of the Public Library, the Secretary of the Board of Education, the Superintendent of Schools and all deputy superintendents of schools; teachers engaged in teaching or in the supervision of teaching in the School Department; persons employed by the Board of Supervisors for temporary service in positions requiring high technical skill; persons employed in positions having a confidential relation to the head of the department in which the employment is held, but not more than one such position shall be established in any department, and only with the approval of the Civil Service Commission, who shall determine the necessity for such confidential employment; persons employed outside the City and County on the construction of public work of the City and County; all institutional and inmate help employed by the Department of Public Health where the monthly salary of any individual so employed shall not exceed the sum of fifty ($50.00) dollars per month, where such person or persons are specifically exempted from the provisions of this article by rule or resolution of the Civil Service Commission. Any person, not specifically exempted from the provisions of this article, who has served in any position in any office, department or board heretofore subject, or by this section made subject, to the provisions of this article, for a period of one year continuously next before the date of the approval of this amendment by the Legislature, and who at said date shall be actually employed in said position, is hereby declared to be appointed to the said position, and shall thereafter be subject to the provisions and entitled to the benefits of this article, and shall be classified by the Civil Service Commisison in accordance with their respective duties.

Subdivision B. That in addition to the minimum amounts required to be appropriated annually to the Civil Service Commission by the Board of Supervisors, pursuant to the provisions of Section 1 of this article, said Board of Supervisors shall annually appropriate to said Commission not less than seven thousand five hundred ($7,500.00) dollars, for the purpose of enabling said Commission to hold examinations for the classified service provided for by this article.

Subdivision C. Persons employed in the operating service of any public utility acquired by the City, and who have been so employed for not less than one year next preceding the date of the actual taking over of said utility by the City, and who are actually employed on said date, shall continue in their positions without examination, and shall be by the Civil Service Commission classified in accordance with their respective duties.

Subdivision D. No person in the classified civil service of the City and County shall levy, collect, or pay any money, or attempt to control or influence the action of any subordinate, to assist or oppose the candidacy of any person for an elective or appointive public office. No elective or appointed official shall levy or collect money as an assessment or contribution for any political purpose from, or attempt to control the action of, any member of the classified service in the candidacy of any person for public office. The Civil Service Commission shall investigate any case of alleged violation of these provisions, and may prefer charges and, after hearing, order the suspension or dismissal of any officer or employee violating any of the provisions of this paragraph, on the furnishing of satisfactory proof by any person of such violation.

Appointments Under This Article.

Subdivision E. All officers, courts, boards or heads of departments vested in this Charter with the power to appoint deputies, clerks,

stenographers or other employees of any designation whatsoever shall make appointments only in accordance with the provisions of this Article and the rules adopted thereunder and any appointment not so made shall be void.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—15.

Absent—Supervisors Deasy, McGovern, Stanton—3.

Filed.

Thereupon, on motion of Supervisor Marks, the following proposed amendments were ordered *filed*:

Appointments, on Probation, Etc.

That Section 10, Article XIII, is hereby amended to read as follows: The appointing officer shall notify the Commissioners of each position to be filled separately, and shall fill such place by the appointment of one of the persons certified to him by the Commissioners therefor. Such appointment shall be on probation for a period to be fixed by the rules of the Commissioners; but such rules shall not fix such period at exceeding six months. The Commissioners may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation, the head of the department or office in which a candidate is employed may, by and with the consent of the Commissioners, discharge him upon assigning in writing his reason therefor to the Commissioners. If he is not then discharged his appointment shall be deemed complete. *If at any time thereafter the position to which he has been appointed shall be abolished, he shall then be entitled to a position in the same department and classification and at the same salary, or if there be none, to a position in said department and classification drawing the next lower salary. In the event of such change, any appointee displaced by reason of this provision shall be entitled to a position in the same department and classification drawing the same salary, or if there be none, then to such a position drawing the next lower salary, and so on with all other employees likewise displaced, to the end that the appointee last appointed shall be the one discharged on account of the abolishment of such position. The appointee so discharged shall be entitled to appointment to the first vacancy thereafter occurring within his classification in any department.* To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or office may, with the approval of the Commissioners, make temporary appointments, to remain in force not exceeding sixty days, and only until regular appointments, under the provisions of this Article, can be made. *It shall be unlawful for such a temporary appointment of the same person to be made twice. It is hereby made mandatory upon the Civil Service Commission, the Auditor and the Treasurer, respectively, to refuse to approve, issue a warrant for, or pay, any compensation to any employee who has held, or shall hold, a position under such a temporary appointment for more than sixty days in the aggregate. If any of the members of said Commission, the Auditor or the Treasurer shall violate any of the provisions of this section, he shall be individually liable personally and on his official bond to the City and County of San Francisco for moneys paid out contrary to the provisions of this section. Any resident of said City and County is hereby authorized to commence and maintain an action in the Superior Court to enforce such liability. The foregoing amendment with regard to temporary appointments shall not be applicable to clerks, experienced clerks or deputies in the Board of Public Works and Assessor's office, who shall have been certified to said offices from some civil service clerical classification or who shall have been given some clerical standing in said offices by Charter amendment.*

Committee action: Not heard. Disapproved. Duplicates Civil Service Committee recommendation in part.

Civil Service Amendment Submitted by Civil Service Association.

That Section 12, Article XIII, is hereby amended to read as follows: No person employed in the classified civil service shall be removed or discharged except for cause, upon written charges, and after an opportunity to be heard in his own defense. Pending the hearing of such charges, the appointing office or department may suspend the person so accused, but such suspension shall not be valid for more than thirty days upon any charge unless the hearing thereon shall be delayed beyond such time by the act of the person so accused. When such charges are filed with the appointing officer or officers of the department in which the employee serves, such officers shall publicly hear and determine such charges. The finding of such officers shall be final unless, within a period of thirty days therefrom, the employee so tried appeals to the Civil Service Commission against such finding. The appeal must be in writing and must briefly state the reasons upon which it is based. The Commission may confirm the finding, or may require the officers to present in writing the grounds for discharge or dismissal, and may require the submission of additional evidence, and may thereupon make such order as it deems just. The order or decision of the Civil Service Commission upon such appeal, *unless set aside by court upon a writ of review for want of substantial evidence*, shall forthwith be enforced by the appointing officers. If the Civil Service Commission shall reverse or alter the finding of the appointing officer, it may, in its discretion, order that the employee affected shall be paid his salary from the time of his discharge or suspension. The Civil Service Commission may hear and determine charges filed by any citizen, or by the authorized agents of the Commission acting under the power conferred by Section 14 of this Article, when the appointing power neglects or refuses to act. The appointing officer or officers of a department may, for disciplinary or penal purposes, suspend a subordinate for a period not exceeding thirty days, and such suspension shall carry with it the loss of salary for the period of suspension. Removal or discharge for cause may be upon any of the following grounds: incompetence; habitual intemperance; immoral conduct; insubordination; discourteous treatment of the public; dishonesty; inattention to duties.

Committee action: *Disapproved.*

Probation Department.

Supervisor Marks read and explained the following proposed amendment:

ARTICLE V, CHAPTER X.

Probation Officers, Assistants, Deputies and Employees.

Section 1. The Superior Court Judges of the City and County of San Francisco presiding in the department or departments for the hearing and disposition of criminal cases and proceedings shall, by order entered in the minutes of the Court in the criminal department or departments thereof, appoint the Adult Probation Officer.

The Judge of the Superior Court of the City and County of San Francisco, who has been, or who hereafter may be, designated the Judge of the Juvenile Court shall, by order entered in the minutes of the Court, appoint the Probation Officer of the Juvenile Court.

The Adult Probation Officer shall appoint such assistants, deputies and employees as may be allowed or provided by the Board of Supervisors, subject to confirmation by the Adult Probation Board or committee created by State law.

The Probation Officer of the Juvenile Court shall appoint such assistants, deputies and employees as may be allowed or provided by the Board of Supervisors, subject to confirmation by the Juvenile Probation Board or committee created by State law.

The salaries of the Adult Probation Office, the Probation Officer of

the Juvenile Court, their assistants, deputies and employees shall be those fixed by the Board of Supervisors.

The Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants and deputies shall have the powers conferred upon Adult Probation Officers, Probation Officers of the Juvenile Court, their assistants and deputies, by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the Board of Supervisors.

Civil Service Provisions.

Section 2. The provisions of Article XIII of the Charter shall apply to and govern the Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees, and, for the purposes of said article, the aforesaid Superior Court Judges shall be deemed the appointing officers, department or power as to the Adult Probation Officer and the Probation Officer of the Juvenile Court; and the said Adult Probation Officer the appointing officer or power as to his assistants, deputies and employees, subject to confirmation as aforesaid; and the said Probation Officer of the Juvenile Court the appointing officer or power as to his assistants, deputies and employees, subject to confirmation as aforesaid.

Any person who has served as Adult Probation Officer, and any person who has served as Probation Officer of the Juvenile Court of the City and County of San Francisco, for a continuous period of one year immediately prior to the approval of this amendment by the Legislature and who shall be actually serving as such Adult Probation Officer, or as such Probation Officer of the Juvenile Court at the time of the approval of this amendment by the Legislature, and any person who has served as an assistant, deputy or employee of such Adult Probation Officer or Probation Officer of the Juvenile Court or in the Probation Department of the City and County of San Francisco, for a like period, and who shall be actually serving as such assistant, deputy or employee at the time of the approval of this amendment by the Legislature, are hereby declared to be appointed within the provisions of said Article XIII to the office or position in which he may then be serving; and shall be entitled to all the benefits of said article thereafter. Employment of all probation officers, their assistants, deputies and employees, shall be permanent.

Subject to State Laws.

Section 3. Nothing in this article shall be in anywise construed as curtailing or affecting the powers and jurisdiction of the said Probation Boards or Committees over the said Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees, as the same are now, or may hereafter be conferred upon the said Probation Boards or Committees by the laws of the State, except such as may be in conflict with the provisions of the Charter.

Pensions and Retirement.

Section 4. The provisions of Article XVII of the Charter shall apply to and govern the Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees.

Motion.

Thereupon, Supervisor Marks moved that the amendment be submitted, that the City Attorney be requested to prepare a proper caption and the Clerk check the amendment as to its correctness.

So ordered.

Ordered Submitted.

Whereupon, the foregoing proposed Charter Amendment, as follows, was, on motion of Supervisor Marks, *ordered submitted to the electors* by the following vote:

Probation Department.

Providing for the appointment of Adult and Juvenile Probation Officers and for their assistants and deputies, and for their qualifications and for the manner of their appointment.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County, by adding a new chapter thereto to be designated as Chapter X of Article V thereof, providing for the manner of appointment of an Adult Probation Officer and for his deputies and assistants, of a Probation Officer of the Juvenile Court, and for his deputies and assistants, and for the qualifications of said officers, deputies and assistants, and for the manner of fixing their compensation, and making all of said officers, deputies and assistants, subject to the Retirement System for aged and disabled employees.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the sixth day of November, 1928, a proposal to amend the Charter as follows:

By adding a new chapter to Article V, to be designated as Chapter X and reading as follows:

Probation Officers, Assistants, Deputies and Employees.

Section 1. The Superior Court Judges of the City and County of San Francisco presiding in the department or departments for the hearing and disposition of criminal cases and proceedings shall, by order entered in the minutes of the Court in the criminal department or departments thereof, appoint the Adult Probation Officer.

The Judge of the Superior Court of the City and County of San Francisco, who has been, or who hereafter may be, designated the Judge of the Juvenile Court shall, by order entered in the minutes of the Court, appoint the Probation Officer of the Juvenile Court.

The Adult Probation Officer shall appoint such assistants, deputies and employees as may be allowed or provided by the Board of Supervisors, subject to confirmation by the Adult Probation Board or committee created by State law.

The Probation Officer of the Juvenile Court shall appoint such assistants, deputies and employees as may be allowed or provided by the Board of Supervisors, subject to confirmation by the Juvenile Probation Board or committee created by State law.

The salaries of the Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees shall be those fixed by the Board of Supervisors.

The Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants and deputies shall have the powers conferred upon Adult Probation Officers, Probation Officers of the Juvenile Court, their assistants and deputies, by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the Board of Supervisors.

Civil Service Provisions.

Section 2. The provisions of Article XIII of the Charter shall apply to and govern the Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees, and, for the purposes of said article, the aforesaid Superior Court judges shall be deemed the appointing officers, department or power as to the Adult Probation Officer and the Probation Officer of the Juvenile Court; and the said Adult Probation Officer the appointing officer or power as to his assistants, deputies and employees, subject to confirmation as aforesaid; and the said Probation Officer of the Juvenile Court the appointing officer or power as to his assistants, deputies and employees, subject to confirmation as aforesaid.

Any person who has served as Adult Probation Officer, and any person who has served as Probation Officer of the Juvenile Court of the City and County of San Francisco, for a continuous period of one year immediately prior to the approval of this amendment by the Legislature and who shall be actually serving as such Adult Probation Officer, or as such Probation Officer of the Juvenile Court at the time of the approval of this amendment by the Legislature, and any person who has served as an assistant, deputy or employee of such Adult Probation Officer or Probation Officer of the Juvenile Court or in the Probation Department of the City and County of San Francisco, for a like period, and who shall be actually serving as such assistant, deputy or employee at the time of the approval of this amendment by the Legislature, are hereby declared to be appointed within the provisions of said Article XIII to the office or position in which he may then be serving; and shall be entitled to all the benefits of said article thereafter. Employment of all probation officers, their assistants, deputies and employees, shall be permanent.

Subject to State Laws.

Section 3. Nothing in this article shall be in anywise construed as curtailing or affecting the powers and jurisdiction of the said Probation Boards or Committees over the said Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees, as the same are now, or may hereafter be conferred upon the said Probation Boards or Committees by the laws of the State, except such as may be in conflict with the provisions of the Charter.

Pensions and Retirement.

Section 4. The provisions of Article XVII of the Charter shall apply to and govern the Adult Probation Officer, the Probation Officer of the Juvenile Court, their assistants, deputies and employees.

Ayes—Supervisors Andriano, Colman, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Todd, Toner—11.

Excused—Supervisor Marks—1.

Absent—Supervisors Deasy, Gallagher, McGovern, Shannon, Stanton, Suhr—6.

Explanation of Vote.

Supervisor Marks: I desire to be excused from voting. I desire the record to show, Mr. Chairman, at a ruling from you, that I am xcused from voting on this amendment because I am disqualified from voting.

So *ordered.*

Park Tax.

Supervisor Marks read and explained the following proposed amendment:

Section 11. The Supervisors shall provide all necessary money for the maintenance and preservation of said parks, squares, avenues and grounds, and to that end shall annually levy a tax on all property in the City and County not exempt from taxation, which shall not be less than 10 cents nor more than 15 cents upon each $100 assessed valuation of said property, exclusive of such sums as may from time to time be appropriated, from the general fund or from bond proceeds, for additions to such parks, squares, avenues and grounds or the erection of additional structures or creation of additional parked areas thereon.

Committee action: Approved by Supervisors Marks and Hayden. Disapproved by Supervisor Todd.

Motion.

Supervisor Marks: I move you, Mr. Chairman, that the Charter amendment with respect to the park tax be submitted to the voters and the City Attorney prepare a title.

Seconded by Supervisor Hayden.

Proposed Amendment.

Supervisor Roncovieri moved to insert the words "this amendment shall be in effect in the event only that the bond issue for parks, to be voted on in November, 1928, shall be approved by the people."

Seconded by Supervisor Gallagher.

Subsequently withdrawn.

Whereupon, the roll was called on Supervisor Marks' motion and the same *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Hayden, Marks, McSheehy, Powers, Shannon, Suhr, Todd, Toner—10.

Noes—Supervisors Gallagher, Kent, Roncovieri, Schmidt—4.

Absent—Supervisors Deasy, Havenner, McGovern, Stanton—4.

Explanation of Vote.

Supervisor Gallagher: I wish to explain my vote. I am voting *no* on this proposed amendment at this time for two reasons: No. 1, I feel that this on the ballot, as against the bond issue, may militate against the bond issue, and I am anxious to see the bond issue carried. No. 2, in view of the fact that the Board, in meeting the situation, has given the Park Commission equal to 12½ cents this very year for expenditures on present parks, and in view of the fact that if the bond issue is put over it cannot be brought into full effect for another period of two years, and in order not to hurt the bond issue at this time, much as I would like to assist the parks, I am voting not to submit this amendment.

Ordered Submitted.

Whereupon, on motion of Supervisor Marks, the proposed Charter amendment, as follows, was ordered *submitted to the electors* by the following vote:

Taxes for Park Purposes—Charter Amendment No. 33.

Providing for the levying of taxes and appropriation of money for the maintenance, preservation and improvement of parks, squares and grounds.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, to amend the Charter of said City and County by amending Section 11 of Article XIV thereof, relating to the levying of taxes and the appropriation of money for the maintenance, preservation and improvement of parks, squares, avenues and grounds under the jurisdiction of the Park Commission.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the sixth day of November, 1928, a proposal to amend the Charter as follows:

That Section 11 of Article XIV be amended to read as follows:

Section 11. The Supervisors shall provide all necessary money for the maintenance and preservation of said parks, squares, avenues and grounds, and to that end shall annually levy a tax on all property in the City and County not exempt from taxation, which shall not be less than 10 cents nor more than 15 cents upon each $100 assessed valuation of said property, exclusive of such sums as may from time to time be appropriated, from the general fund or from bond proceeds, for additions to such parks, squares, avenues and grounds or the erection of additional structures or creation of additional parked areas thereon.

Ayes—Supervisors Andriano, Colman, Havenner, Hayden, Marks, McSheehy, Powers, Shannon, Suhr, Todd, Toner—11.

Noes—Supervisors Gallagher, Kent, Roncovieri, Schmidt—4.

Absent—Supervisors Deasy, McGovern, Stanton—3.

Library Tax.

Supervisor Marks presented and explained the following proposed amendment:

Amend Section 2 of Chapter VII of Article VII to read as follows:

Section 2. The Supervisors shall, for the purpose of maintaining such Library and Reading Rooms and such branches thereof as the Board of Library Trustees may from time to time establish, and for purchasing books, journals and periodicals, or for purchasing or leasing real and personal property and for constructing such buildings as may be necessary, annually levy a tax on all property in the City and County not exempt from taxation which shall not be less than three and three-quarters cents upon each one hundred dollars' assessed valuation of said property. The proceeds of said tax shall be credited to the Library Fund.

Committee action: Approved by Supervisors Marks and Hayden. Disapproved by Supervisor Todd.

Motion.

Supervisor Marks moved that the foregoing proposed amendment be ordered submitted, that the City Attorney prepare a proper caption and that the Clerk check it as to its correctness.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Gallagher, Havenner, Hayden, Kent, McSheehy, Marks, Powers, Schmidt, Shannon, Todd, Toner—12.

Noes—Supervisor Roncovieri—1.

Absent—Supervisors Colman, Deasy, McGovern, Stanton, Suhr—5.

Explanation of Vote.

Supervisor Roncovieri: At the present moment, from my attitude of mind, I am going to vote *no*. To me it is ridiculous to say not less than 3¾, it does not mean anything. * * * May I reply, and in fact suggest, to Supervisor Marks that he get in communication with the library trustees, or whoever it is that he has spoken with, and ask this question: About how much money, as a maximum, would you require for the library; what would be a maximum sum that you think you would require; what you would like to have? Now, that we can easily figure out. It might be 5, 6 or 7 cents. Whatever it is I am willing to vote for it as a maximum. But to simply make the sky the limit, they might want an extra million for another library, and all that sort of thing, which leaves it open too much. They are the best judges. I am willing to abide by what they may say to you as a maximum limit, as they see the problem, and they have been on the job many years, and they have had a great deal of experience, they know what they would like to have. They are receiving, say about $300,000 a year. Let them state the amount. Then we will work it out in the tax rate.

Ordered Submitted.

Whereupon, the foregoing amendment, in words and figures following, was *ordered submitted to the electors* by the following vote:

Library Tax—Charter Amendment No. 34.

Providing for the levying of taxes for the maintenance of libraries and to defray the cost of books, lands and buildings therefor.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County, by amending Section 2, Chapter VII of Article VII thereof, relating to the levying of taxes for the maintenance of libraries and reading rooms and branches thereof, and to defray the cost of books and periodicals, lands and buildings therefor.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 6th day of November, 1928, a proposal to amend the Charter as follows:

That Section 2 of Chapter VII of Article VII be amended to read as follows:

Section 2. The Supervisors shall, for the purpose of maintaining such Library and Reading Rooms and such branches thereof as the Board of Library Trustees may from time to time establish and for purchasing books, journals and periodicals, or for purchasing or leasing real and personal property and for constructing such buildings as may be necessary, annually levy a tax on all property in the City and County not exempt from taxation which shall not be less than three and three-quarters cents upon each one hundred dollars' assessed valuation of said property. The proceeds of said tax shall be credited to the Library Fund.

Purchaser of Supplies Revolving Fund.

Supervisor Marks presented and explained the following proposed amendment:

Amendment—Section 6, Chapter I, Article III:

Section 6. (Except as otherwise provided in this Charter, no money shall be drawn from the treasury unless in consequence of appropriations made by the Supervisors and upon warrants duly drawn by the Auditor): Provided, however, that in the adoption of each annual budget as provided by this chapter, appropriations for materials, supplies and equipment shall be segregated for each department, office, board or commission which, under the provisions of Chapter IV of Article II of this Charter, requisitions such articles through the agency of the Purchaser of Supplies; that all or any part of each such fund or appropriation may, on the recommendation of the Purchaser of Supplies and the approval of the Finance Committee, be transferred to or made available as transfers to or amounts available in a Purchaser's Revolving Fund; that checks or warrants against such fund may be signed by the Purchaser and before payment shall be approved by the Chairman of the Supervisors' Finance Committee and by the Auditor, for the payment of bills on which discounts for prompt payment may be secured or for the advantageous cash purchasing under (favorable or) emergency market conditions of materials or supplies for future department requisition and use; and that all provisions of this charter in conflict with these provisions are superseded by such provisions to the extent of such conflict.

The invoice value of materials, supplies and equipment so purchased or paid for, plus actual additional handling charges, may be charged against the department or departments using same. Discounts earned may be accumulated in the Purchaser's Revolving Fund and the Supervisors may make annual appropriations to such fund until a sufficient sum is accumulated to meet the routine prchasing and discount-payment requirements of the City and County.

The Auditor, with the approval of the Board of Supervisors, shall prescribe the form and procedure to be used by the Purchaser and the reports to be made by him in maintaining and reporting on his payments, transfers and credits to and from such fund.

Committee action: *Approved.*

Motion.

Supervisor Marks moved that the foregoing amendment be submitted; that the City Attorney prepare the proper title, and that the Clerk check it as to its correctness.

So ordered.

Be it ordained by the People of the City and County of San Fra cisco as follows:

Section 1. A special election is hereby called and ordered to be he in the City and County of San Francisco on Tuesday, the sixth day November, 1928, for the purpose of submitting to the electors of sa City and County the following proposition, to-wit: To incur a bond debt of the City and County of San Francisco to the amount of tw million two hundred thousand dollars ($2,200,000) for the constructi and completion of certain permanent improvements, to-wit: The co struction and extension of the Sewer System in the City and Coun of San Francisco in and along Fillmore Street from the vicinity Sutter and Divisadero Streets through the Fillmore Valley and Hay Valley to Tenth and Harrison Streets; Fourteenth, Market and F teenth Streets from the vicinity of Fourteenth and Market Streets Fifteenth and Harrison Streets; College Hill Tunnel from the Missi Street viaduct to the vicinity of San Jose Avenue and Army Stree Alemany Boulevard (Islais Creek) from Mission Street to the vicini of Revere Avenue and Industrial Street; Twenty-third Avenue a Geary Street from the vicinity of Twenty-seventh Avenue and Gea Street to Twenty-third Avenue and Lake Street.

Section 2. The estimated cost of the construction and completion of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 11th day of September, 1928, and was and is fixed by Resolution No. 29612 (New Series), in the sum of two million two hundred thousand dollars ($2,200,000).

Section 3. By Resolution No. 29612 (New Series), it was declared that no part of the said sum of two million two hundred thousand dollars ($2,200,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million two hundred thousand dollars ($2,200,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"SEWER BONDS 1929"

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of two million two hundred thousand dollars ($2,200,000) for the construction and completion of permanent improvements, to-wit:

YES	
NO	

The construction and extension of the Sewer System in the City and County of San Francisco in and along Fillmore Street from the vicinity of Sutter and Divisadero Streets through the Fillmore Valley and Hayes Valley to Tenth and Harrison Streets; Fourteenth, Market and Fifteenth streets from the vicinity of Fourteenth and Market Streets to Fifteenth and Harrison Streets; College Hill Tunnel from the Mission Street viaduct to the vicinity of San Jose Avenue and Army Street; Alemany Boulevard (Islais Creek) from Mission Street to the vicinity of Revere Avenue and Industrial Street; Twenty-third Avenue

and Geary Street from the vicinity of Twenty-seventh Avenue and Geary Street to Twenty-third Avenue and Lake Street."

Bonds issued for the construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Sewer Bonds 1929."

Bonds issued for the purpose stated shall be numbered from 1 to 2200, both inclusive, and shall be payable $100,000 thereof five years from the date of said bonds, beginning with the lowest numbers, and $100,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"SEWER BOND, 1929"

No..... $1,000

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of three million five hundred thousand dollars ($3,500,000) for the acquisition, construction, completion and equipment of permanent improvements, to-wit: Permanent buildings within and without the City and County of San Francisco, to be used as additions to the Tuberculosis Preventorium Health Farm in San Mateo County, and in San Francisco County construct a psychopathic building, Cancer Institute, additions to the Laguna Honda Home, additional stories to be added to the present ward buildings and Tuberculosis Hospital on the San Francisco Hospital Site, enlarge Central Emergency Hospital, including a health center building on lands adjacent to the Civic Center and additional lands, allowing for the extension of the San Francisco Hospital and the purchase of existing hospitals or institutions, erection of Health Centers in districts throughout San Francisco, and the purchase of necessary lands, buildings, equipment and furnishings.

Section 2. The estimated cost of the acquisition, construction, completion and equipment of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 11th day of September, 1928, and was and is fixed by Resolution No. 29613 (New Series), in the sum of three million five hundred thousand dollars ($3,500,000).

Section 3. By Resolution No. 29613 (New Series), it was declared that no part of the said sum of three million five hundred thousand dollars ($3,500,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of three million five hundred thousand dollars ($3,500,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction, completion and equipment of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elec-

tions in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"HOSPITAL BONDS, 1929"

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of three million five hundred thousand dollars ($3,500,000) for the acquisition, construction, completion, and equipment of permanent improvements, to-wit:

YES	
NO	

Permanent buildings within and without the City and County of San Francisco, to be used as additions to the Tuberculosis Preventorium Health Farm in San Mateo County, and in San Francisco County construct a psychopathic building, Cancer Institute, additions to the Laguna Honda Home, additional stories to be added to the present ward buildings and Tuberculosis Hospital on the San Francisco Hospital Site, enlarge Central Emergency Hospital, including a health center building on lands adjacent to the Civic Center and additional lands, allowing for the extension of the San Francisco Hospital and the purchase of existing hospitals or institutions, erection of Health Centers in districts throughout San Francisco, and the purchase of all necessary lands, buildings, equipment and furnishings.

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition, said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Hospital Bonds, 1929."

Bonds issued for the purpose stated shall be numbered from 1 to 3500, both inclusive, and shall be payable $175,000 thereof five years from the date of said bonds, beginning with the lowest numbers, and $175,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

"HOSPITAL BOND, 1929."

No.———— $1,000

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached, as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions

and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Section 10. The amount of tax levy to be made for the payment of

said three million five hundred thousand dollars bonds shall be the sum of $157,500 for the first five years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the sixth year after the date of said bonds the sum of $149,625 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $175,000 thereof due five years from their date have been paid, and for the seventh year after the date of said bonds the sum of $141,750 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $175,000 thereof due six years from their date have been paid, and so on, a sum each year for seventeen succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of $7,875 by reason of the payment each year beginning five years from the date of said bonds of $175,000 of said bonds, and the sum of $175,000 each year beginning four years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nineteen years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Calling and Providing for a Special Election for Playground Bonds.

Also, Bill No. 8712, Ordinance No. 8199 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of three million one hundred thousand dollars ($3,100,000) for permanent improvements, to-wit: the acquisition and development of necessary lands within the City and County of San Francisco for playground purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of three million one hundred thousand dollars ($3,100,000) for permanent improvements, to-wit: The acquisition and development of necessary lands within the City and County of San Francisco for playground purposes. The locations of said playground sites are to be selected by the Playground Commission of the City and County of San Francisco where, in the opinion of the Commission, the sites so selected

will best serve the needs of the children of San Francisco for recreational purposes.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 11th day of September, 1928, and was and is fixed by Resolution No. 29614 (New Series) in the sum of three million one hundred thousand dollars ($3,100,000).

Section 3. By Resolution No. 29614 (New Series) it was declared that no part of the said sum of three million one hundred thousand dollars ($3,100,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of three million one hundred thousand dollars ($3,100,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"PLAYGROUND BONDS, 1929."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of three million one hundred thousand dollars ($3,100,000) for the acquisition and development of permanent improvements, to-wit:

YES	
NO	

The acquisition and development of necessary lands within the City and County of San Francisco for playground purposes. The locations of said playground sites are to be selected by the Playground Commission of the City and County of San Francisco where, in the opinion of the Commission, the sites so selected will best serve the needs of the children of San Francisco for recreational purposes."

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Playground Bonds, 1929."

Bonds issued for the purpose stated shall be numbered from 1 to 3100, both inclusive, and shall be payable $124,000.00 thereof six years from the date of said bonds, beginning with the lowest numbers, and $124,000.00 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"PLAYGROUND BOND, 1929."

No. ———— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19——, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Calling and Providing for a Special Election for McLaren Park Bonds.

Also, Bill No. 8713, Ordinance No. 8200 (New Series), as follows:

Calling and providing for a special election to be held in the City and

County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two million dollars ($2,000,000) for a permanent improvement, to-wit: The acquisition, development, completion and equipment of that certain tract of land located within the southeasterly section of the City and County of San Francisco known as McLaren Park, and the purchase of all necessary lands and buildings.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of two million dollars ($2,000,000) for a permanent improvement, to-wit: The acquisition, development, completion and equipment of that certain tract of land located within the southeasterly section of the City and County of San Francisco known as McLaren Park, and the purchase of all necessary lands and buildings which are contiguous to and comprise portions of the Reis Tract, Sunnyvale Homestead Association, Paul Tract Homestead Association, University Mound Tract, University Homestead Association, Superior Homestead Association and other tracts, to comprise approximately five hundred and fifty (550) acres of land to be used for park purposes.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was, by plans and estimates of the Board of Public Works, procured through the City Engineer, and filed with the Board of Supervisors on the 14th day of September, 1928, and was and is fixed by Resolution No. 29615 (New Series) in the sum of two million dollars ($2,000,000).

Section 3. By Resolution No. 29615 (New Series) it was declared that no part of the said sum of two million dollars ($2,000,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two million dollars ($2,000,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvement are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvement herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"McLAREN PARK BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the

amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO".

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of two million dollars ($2,000,000) for the acquisition, development, completion and equipment of a permanent improvement, to-wit

YES	
NO	

The acquisition, development, completion and equipment of that certain tract of land located within the southeasterly section of the City and County of San Francisco known as McLaren Park, and the purchase of all necessary lands and buildings which are contiguous to and comprise portions of the Reis Tract, Sunnyvale Homestead Association, Paul Tract Homestead Association, University Mound Tract, University Homestead Association, Superior Homestead Association and other tracts, to comprise approximately five hundred and fifty (550) acres of land to be used for park purposes."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election and the places of voting and the officers to conduct such election and all other necessary proceedings in that behalf shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result there-

of in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "McLaren Park Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 2000, both inclusive, and shall be payable $80,000 thereof 6 years from the date of said bonds, beginning with the lowest numbers, and $80,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

"McLAREN PARK BOND."

No. ——. $1,000.

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presenta-

tion to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Section 10. The amount of tax levy to be made for the payment of said two million dollars bonds shall be the sum of $90,000 for the first 6 years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the 7th year after the date of said bonds the sum of $86,400 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $80,000 thereof, due 6 years from their date, have been paid, and for the 8th year after the date of said bonds, the sum of $82,800 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $80,000 thereof, due 7 years from their date, have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of $3,600 by reason of the payment each year beginning 6 years from the date of said bonds of $80,000 of said bonds, and the sum of $80,000 each year beginning 5 years from the date of said bonds to pay, and in season to

pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoinng tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days' notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Calling and Providing for a Special Election for Aquatic Park Bonds.

Also, Bill No. 8714, Ordinance No. 8201 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of nine hundred and fifty thousand dollars ($950,000) for the acquisition, construction and completion of permanent improvements, to-wit: the completion and equipment of the Aquatic Park and the purchase of lands for additions to the Aquatic Park and Marina Park in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of nine hundred and fifty thousand dollars ($950,000) for the purpose of the acquisition, construction, completion and equipment of permanent improvements, to-wit: The completion and equipment of the Aquatic Park located within the City and County of San Francisco, adding to said park whatever equipment and construction are necessary to render it adequate for the purposes for which it is dedicated; and the acquisition of lands for additions to the Aquatic Park and Marina Park in the City and County of San Francisco.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 15th day of September, 1928, and was and is fixed by Resolution No. 29616 (New Series) in the sum of nine hundred and fifty thousand dollars ($950,000).

Section 3. By Resolution No. 29616 (New Series) it was declared that no part of the said sum of nine hundred and fifty thousand dollars ($950,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose,

and will require the incurring of a bonded debt to the amount of nine hundred and fifty thousand dollars ($950,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"AQUATIC AND MARINA PARK BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO".

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of nine hundred and fifty thousand dollars ($950,000) for the acquisition, construction, completion and equipment of permanent improvements, to-wit:

YES	
NO	

The completion and equipment of the Aquatic Park located within the City and County of San Francisco, adding to said park whatever equipment and construction are necessary to render it adequate for the purposes for which it is dedicated; and the acquisition of lands for additions to the Aquatic Park and Marina Park in the City and County of San Francisco."

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition.

Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places for voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials". All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Aquatic and Marina Park Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 950, both inclusive, and shall be payable $50,000 thereof three years from the date of said bonds, beginning with the lowest numbers, and $50,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.

State of California.

City and County of San Francisco.

"AQUATIC AND MARINA PARK BOND."

No. ——— $1,000.00

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ———, 19——, one thousand dollars, with interest thereon at the rate

of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Calling and Providing for a Special Election for Airport Bonds.

Also, Bill No. 8715, Ordinance No. 8202 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of one million seven hundred thousand dollars ($1,700,000) for a permanent improvement, to-wit: The acquisition, construction and equipment of a tract of land situate in San Mateo County, California, to be used by the City and County

of San Francisco as an Airport, and all necessary Hangars, Machine Shop, Administration Building, Roads, Runways, Drainage Facilities, necessary lighting and equipment, consisting of Tractors, Rollers and Turntable, to be used by the City and County of San Francisco as an Airport to accommodate commercial, charter and passenger air lines, private, pleasure and sightseeing transportation airplanes and all other classes of air travel that may hereafter be developed.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of one million seven hundred thousand dollars ($1,700,000) for a permanent improvement, to-wit: The acquisition, construction and equipment of a tract of land situate in San Mateo County, California, to be used by the City and County of San Francisco as an Airport, and all necessary Hangars, Machine Shop, Administration Building, Roads, Runways, Drainage Facilities, necessary lighting and equipment, consisting of Tractors, Rollers and Turntable, to be used by the City and County of San Francisco as an Airport to accommodate commercial, charter and passenger air lines, private, pleasure and sightseeing transportation airplanes and all other classes of air travel that may hereafter be developed.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 12th day of September, 1928, and was and is fixed by Resolution No. 29617 (New Series), in the sum of one million seven hundred thousand dollars ($1,700,000).

Section 3. By Resolution No. 29617 (New Series), it was declared that no part of the said sum of one million seven hundred thousand dollars ($1,700,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of one million seven hundred thousand dollars ($1,700,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"AIRPORT BONDS"

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of

and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of one million seven hundred thousand dollars ($1,700,000) for a permanent improvement, to-wit:

YES	
NO	

The acquisition, construction and equipment of a tract of land situate in San Mateo County, California, to be used by the City and County of San Francisco as an Airport, and all necessary Hangars, Machine Shop, Administration Building, Roads, Runways, Drainage Facilities, necessary lighting and equipment, consisting of Tractors, Rollers and Turntable, to be used by the City and County of San Francisco as an Airport to accommodate commercial, charter and passenger air lines, private, pleasure and sightseeing transportation airplanes and all other classes of air travel that may hereafter be developed."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results

in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Airport Bonds."

Bonds issued for the purpose stated, shall be numbered from 1 to 1700, both inclusive, and shall be payable $100,000 thereof 3 years from the date of said bonds, beginning with the lowest numbers, and $100,000 thereof of the next higher numbers, on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA,
State of California.
City and County of San Francisco.
"AIRPORT BOND."

No. ———— $1,000.

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ....., 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and Statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco,

in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Section 10. The amount of tax levy to be made for the payment of said one million seven hundred thousand dollars bonds shall be the sum of $76,500 for the first three years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the fourth year after the date of said bonds the sum of $72,000 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $100,000 thereof due three years from their date have been paid, and for the fifth year after the date of said bonds the sum of $67,500 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $100,000 thereof due four years from their date have been paid, and so on, a sum each year for fourteen succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of $4,500 by reason of the payment each year beginning three years from the date of said bonds of $100,000 of said bonds, and the sum of $100,000 each year beginning two years from the

date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for sixteen years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Calendar Correction.

Supervisor Havenner called attention to the fact that the calendar did not print the corrected bills calling and providing for a special election for Civic Center and Broadway Tunnel Bond Issues, and asked that Assistant City Attorney Dion Holm be asked to attend and advise the Board as to proper procedure, which he did, informing the Board that the bills as published in the official newspaper were correct and in proper form.

Final Passage.

Thereupon Supervisor Havenner moved the final passage of the following bills heretofore passed for printing and printed in the official newspaper, to-wit:

Calling and Providing for a Special Election for Civic Center Bonds.

Bill No. 8716, Ordinance No. 8203 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of one million dollars ($1,000,000) for a permanent improvement, to-wit: The acquisition of land for the projection of Fulton street to Market street and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street and for the extension, development and beautification of the Civic Center of the City and County of San Francisco and the purchase of all necessary lands and buildings.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of one million dollars ($1,000,000) for a permanent improvement, to-wit: The acquisition of land for the projection of Fulton street at the width said street now is between Larkin street and Hyde street to Market street, and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street and for the extension, development and beautifica-

tion of the Civic Center of the City and County of San Francisco, consisting of a facade from Market and Fulton streets to Hyde and Fulton streets, improvements in Civic Center Plaza and the purchase of all necessary lands and buildings.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was by plans and estimates of the Board of Public Works, procured through the City Engineer, and filed with the Board of Supervisors on the 12th day of September, 1928, and was and is fixed by Resolution No. 29618 (New Series) in the sum of one million dollars ($1,000,000).

Section 3. By Resolution No. 29618 (New Series) it was declared that no part of the said sum of one million dollars ($1,000,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt to the amount of one million dollars ($1,000,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvement are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvement herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"CIVIC CENTER EXTENSION BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of one million dollars ($1,000,000) for the acquisition of a permanent improvement, to-wit:

YES	
NO	

The acquisition of land for the projection of Fulton street at the width said street now is between Larkin street and Hyde street to Market street, and the opening and projecting of Leavenworth street from the south line of McAllister street to the proposed new northerly line of Fulton street and for the extension, development and beautification of the Civic Center of the City and County of San Francisco, consisting of a facade from Market and Fulton streets to Hyde and

Fulton streets, improvements in Civic Center Plaza and the purchase of all necessary lands and buildings."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting and the officers to conduct such election and all other necessary proceedings in that behalf shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections and shall also certify said results to the Board of Supervisors.

Section 8. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annualy, shall be of the denomination of one thousand dollars each and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Civic Center Extension Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 1000, both inclusive, and shall be payable $100,000 thereof two years from the date of said bonds, beginning with the lowest numbers, and $100,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

Calling and Providing for a Special Election for Broadway Tunnel Bonds.

Also, Bill No. 8717, Ordinance No. 8204 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of seven hundred and fifty thousand dollars ($750,000) for the acquisition, construction and completion of a permanent improvement, to-wit: A tunnel to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the sixth day of November, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of seven hundred and fifty thousand dollars ($750,000) for the acquisition, construction and completion of a permanent improvement, to-wit: a tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvement herein described was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 7th day of September, 1928, and was and is fixed by Resolution No. 29619 (New Series) in the sum of one million five hundred thousand dollars ($1,500,000) and of said sum of one million five hundred thousand dollars ($1,500,000) it is hereby declared and determnied that one-half of said sum, to-wit, seven hundred and fifty thousand dollars ($750,000) will be contributed by the City and County of San Francisco out of the proceeds of bonds to be issued for that purpose, and the balance of seven hundred and fifty thousand dollars ($750,000) to complete the permanent improvement described herein shall be contributed by assessments to be levied from an assessment district to be formed for the purpose of obtaining funds to complete the said permanent improvement.

Section 3. By Resolution No. 29619 (New Series) it was declared that no part of the said sum of one million five hundred thousand dollars ($1,500,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and it is hereby declared that of the said sum of seven hundred and fifty thousand dollars ($750,000) to defray one-half of the cost of the acquisition, construction and completion of said permanent improvement, no part of

said sum can be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the sum of seven hundred and fifty thousand dollars ($750,000) for the purposes herein recited. The method and manner of payment of the said seven hundred and fifty thousand dollars ($750,000) of said described permanent improvement are by the issuance of bonds of the City and County of San Francisco in the amount of seven hundred and fifty thousand dollars ($750,000) and the application of the proceeds arising from the sale thereof to defray one-half of the cost of the acquisition, construction and completion of said permanent improvement herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted and the votes cast thereat received and canvassed and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"BROADWAY TUNNEL BONDS."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

Also said ballot shall have printed thereon the following:

"To incur a bonded debt of the City and County of San Francisco to the amount of seven hundred and fifty thousand dollars ($750,000) for the acquisition, construction and completion of a permanent improvement, to-wit:

YES	
NO	

A tunnel, to be known as the Broadway Tunnel, to be constructed within the City and County of San Francisco, beginning at Larkin street and Broadway and ending at Mason street and Broadway, to be used as a pedestrian and vehicular mode of travel between the termini described, and the acquisition of all necessary lands and easements."

Bonds issued for the acquisition, construction and completion of the permanent improvement herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a

vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvement described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1929, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States.

Said bonds shall be called "Broadway Tunnel Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 750, both inclusive, and shall be payable $75,000 thereof two years from the date of said bonds, beginning with the lowest numbers, and $75,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

"BROADWAY TUNNEL BOND."

No. ———— $1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due,

both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1929.

Treasurer.

Section 10. The amount of tax levy to be made for the payment of said seven hundred and fifty thousand dollars bonds shall be the sum of $33,750 for the first two years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the third year after the date of said bonds the sum of $30,375 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $75,000 thereof due two years from their date have been paid, and for the fourth year after the date of said bonds the sum of $27,000 to pay and in season to pay the interest on such of said bonds as remain outstanding after the $75,000 thereof due three years from their date have been paid, and so on, a sum each year for seven succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of $3,375 by reason of the payment each year beginning two years from the date of said bonds of $75,000 of said bonds, and the sum of $75,000 each year beginning one year from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for nine years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and at the expiration of said ten days notice of special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Appropriation for Florida Relief.

Also, Resolution No. 29657 (New Series), as follows:

Whereas, the people on the eastern coast of the State of Florida have been visited by a tropical storm and hurricane which has destroyed their cities and their homes and the said people are at the present time in dire want and distress, and have made appeal to the people in the United States for aid in the time of their distress; and

Whereas, the City and County of San Francisco for the fiscal year 1928-29 levied a tax pursuant to the provisions of Subdivision 33 of Section 4041 of the Political Code of the State of California, the proceeds of said tax to be used for advertising, exploiting and making known the resources of the City and County of San Francisco, and for the purpose of inducing immigration to and increasing the trade and commerce of said City and County; and

Whereas, in the opinion of this Board of Supervisors by no better means can a knowledge of the wealth of the resources of the City and County of San Francisco be so thoroughly broadcast to all the people of the United States, nor can there be attached to it a more desirable name and reputation than that acquired through broad benevolences, particularly such as caring for the people of cities less fortunate than our own in time of distress; and

Whereas, by heeding the appeal of the people of the State of Florida, the City and County of San Francisco will in a small way be making return for the generosity of the people of the United States in its disaster of 1906; now, therefore, be it

Resolved, In the carrying out of this expressed purpose there be and there is hereby appropriated from the Publicity and Advertising Fund the sum on ten thousand ($10,000) dollars for the relief of the sufferers in Florida; and be it further

Ordinance Regulating Parades and Processions.

On recommendation of Traffic and Safety Committee.

Bill No. ————, Ordinance No. ———— (New Series), as follows:

Regulating holding of parades and processions over and along the

public streets, and preventing interference by any person without authority; empowering the Chief of Police to establish lines along routes of procession, and restricting certain districts and hours for processions other than funeral processions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No person shall, without authority of law, interfere with or obstruct the free and uninterrupted passage in, upon, along, or through any street of any procession or disturb any assemblage of people met for the purpose of a funeral for the burial of the dead.

Section 2. No parade or procession shall occupy or march on any street unless written notice of the time and route of such procession or parade be given to the Chief of Police not less than twenty-four (24) hours previous to its forming or marching and said Chief of Police may designate the street or streets such procession or parade can occupy, and when so designated the officer in charge of such procession or parade shall direct the same only along the route designated by the Chief of Police. Provided, however, that no parade or procession shall occupy or march upon any street in the Central Traffic District unless special permit in writing has been granted by the Chief of Police.

Section 3. Any person who, upon making application, has been denied such written permit may refer such application to the "Committee on Parades" for further consideration and action.

Section 4. The Police Committee of the Board of Supervisors is hereby authorized to act as a "Committee on Parades" for the purposes of this ordinance.

Said Committee is hereby given the right and it shall be its duty to consider and act upon any application for a permit, provided for in Section 3 hereof, that has been referred to it in accordance with the provisions of said section. The findings of such Committee shall be binding upon the Chief of Police.

Section 5. The Chief of Police is hereby empowered to establish lines, if he deem it necessary, on both sides of the street along the proposed route over which the parade or procession is to pass and no person or vehicle of any kind, excepting those having accredited badges and the apparatus of the Fire Department, responding to an alarm of fire, the vehicles of the Police Department and Fire Marshal and auxiliary fire apparatus, belonging to any person, firm or corporation when such apparatus is responding to a call to a fire, and any vehicle belonging to any person, firm or corporation engaged in the business of transporting persons to the premises of the persons transported when such vehicle is responding to a call to a fire or to a burglar alarm, ambulances, whether of public or private character, or any other vehicle when such vehicle is employed in carrying a sick or injured person to a hospital or other place for relief or treatment and the United States mail wagons shall pass over or through said lines.

Section 6. The lines at the intersecting streets and crossings along the line of march of such parade or procession are within one (1) block of said crossings and the intersections and said line shall be removed when the parade or procession has passed.

Section 7. In case of fire, accident or any emergency along the line of march of such parade or procession the Chief of Police or the police officer in charge of the detail on the streets along which such parade or procession shall pass is hereby given full power to divert said parade or procession around such fire, accident or emergency over and along the nearest cross street from such fire, accident or emergency and shall direct the return of such parade or procession to the line of march originally authorized.

Section 8. The provisions of this ordinance shall not apply to funeral processions or to parades or processions composed wholly of the military or naval forces of the United States or of the State of California.

Section 9. The "Central Traffic District" referred to herein is that portion of the City defined as the "Central Traffic District" in Ordinance No. 7691 (New Series) of the City and County of San Francisco.

Section 10. Any ordinance or part thereof in conflict herewith is hereby expressly repealed.

Section 11. This ordinance shall take effect immediately.

Traffic Ordinance Amendments.

Also, Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Sections Nos. 1 of Article I, 26 of Article IV, 35 and 36 of Article V of Ordinance No. 7691 (New Series), entitled "An ordinance regulating traffic upon the public streets and repealing all ordinances inconsistent herewith."

Be it ordained by the People of the City and County of San Francisco as follows:

Sections Nos. 1 of Article I, 26 of Article IV, 35 and 36 of Article V of Ordinance No. 7691 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 1. Section 1 of Article I is hereby amended to read as follows:

ARTICLE I.

Definitions.

Section 1. Whenever in this ordinance the following terms are used, they shall have the meanings, respectively, ascribed to them in this section.

Suitable signs shall be erected and maintained at all intersections of said parts of streets indicating the provisions of this section.

Section 3. Sections 35 and 36 of Article V are hereby amended to read as follows:

ARTICLE V.

Stopping, Standing and Parking.

Stopping Prohibited in Specified Places—

Section 35. It shall be unlawful for the operator of a vehicle to stop such vehicle in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal:

(1) In an intersection;

(2) In a crosswalk;

(3) Between a safety zone and the adjacent curb or within twenty (20) feet of a point on the curb immediately opposite the end of a safety zone;

(4) Within fifteen (15) feet of an intersection ahead on the right half of a roadway;

(5) Within ten (10) feet of an intersection to the rear on the right half of a roadway;

(6) Within ten (10) feet of an intersection formed by a street and an alley; provided, that nothing contained in paragraphs (4), (5) and (6) of this section shall apply to intersections formed by a street and a blind alley;

(7) Within twenty (20) feet of the entrance to any fire station;

(8) At any place not to exceed 10 feet from the driveway to a garage when designated by official markings.

Upon all streets within the central traffic district or any business district the Police Department shall designate the provisions of paragraphs (3), (4), (5) and (6) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area, omitting any crosswalk area.

Provisions of paragraph (8) of this section shall be designated by placing red paint or other red material upon the curb at locations designated by the Police Department. Records shall be kept of all zones so established.

Standing for Loading Only in Certain Places—

Section 36. (a) During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes, except in passenger loading zones, nor for an operator to stand any commercial vehicle for a period of time longer than it is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes in any of the following places:

(1) In any public alley in the central traffic district or in any business district during any hour of any day.

(2) In any loading zone, between the hours of seven (7) a. m. and six (6) p. m. of any day.

(3) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hospital during any hour of any day.

(4) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any police station during any hour of any day.

(5) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any hotel during any hour of the day.

(6) At any place not to exceed one hundred (100) feet from the intersection of any street with the southerly property line of Market street from The Embarcadero to Van Ness avenue between the hours of seven (7) a. m. and six (6) p. m. of any day; at any place not to exceed one hundred (100) feet from the prolongation of the northerly and westerly property lines at intersections immediately adjacent to Market street, of those streets intersecting Market street from the northerly side, from The Embarcadero to Van Ness avenue between the hours of seven (7) a. m. and six (6) p. m. of any day.

(7) At any place not to exceed seventy-five (75) feet along the curb before the entrance to any public building between the hours of seven (7) a. m. and six (6) p. m. of any day, except Sundays and legal holidays.

(8) At any place not to exceed seventy-five (75) feet before the entrance to any theater during the hours said theater is open for business.

(9) At any place between the portal of any tunnel and seventy-five (75) feet therefrom at any hour of any day.

(10) At any place where the grade of the roadway exceeds twenty (20) per cent.

(b) It shall be unlawful for any operator of a vehicle to stand said vehicle in a duly established taxicab stand; provided, however, that this provision shall not apply to the operators of duly licensed taxicabs authorized to occupy said stands.

(c) During the times specified in subsection (a) of this section, passenger vehicles shall not stand longer than five (5) minutes in a passenger loading zone, and it shall be unlawful to stand any commercial vehicle in such zone.

(d) Suitable signs shall be placed and maintained by the Police Department to designate the provisions of this section. The Board of Supervisors shall designate the location of loading zones and passenger loading zones as defined by Section 1 of this ordinance; provided that a curb space of not to exceed fifty (50) per cent of the total curb length of any street between intersections may be reserved for loading zones and passenger loading zones. A curb space not to exceed one hundred (100) feet may be reserved temporarily or in an emergency by the Police Department at any place where required by public convenience.

Section 4. This ordinance shall take effect immediately.

The following resolutions were *adopted*:

Closing and Abandoning of Portions of Murray Street and Benton Avenue.

On recommendation of Streets Committee.

Resolution No. 29682 (New Series), as follows:

Whereas, this Board has, by Resolution No. 29505 (New Series), declared its intention to close up and abandon portions of Murray street and Benton avenue, situated in the City and County of San Francisco, as hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of said portions of Murray street and Benton avenue was duly given by the Board of Public Works of said City and County of San Francisco by publication in the manner provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portions of Murray street and Benton avenue were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, it is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portions of Murray street and Benton avenue; and

Whereas, in and by said Resolution No. 29505 (New Series) this Board did declare that the damages, costs and expenses of closing said portions of said streets is nominal, and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said streets shall be paid out of the revenues of the City and County of San Francisco; now, therefore, be it

Resolved, That said closing and abandonment of portions of Murray street and Benton avenue be and the same is hereby ordered and that the said portions of Murray street and Benton avenue be and the same are hereby closed and abandoned as public streets. The said portions of Murray street and Benton avenue hereinabove referred to are more particularly bounded and described as follows, to-wit:

Parcel 1. That portion of Murray street lying between the southerly line of Crescent avenue and a line adjoining the most southerly corner of Lot 15, Block 5804, to the most westerly corner of Lot 25, Block 5831, as per map of St. Mary's Park recorded in Map Book "J," pages 47 to 55, inclusive, records of the City and County of San Francisco.

Parcel 2. That portion of Benton avenue lying between the easterly line of St. Mary's Park, as per map thereof recorded in Map Book "J," pages 47 to 55, inclusive, records of the City and County of San Fran-

cisco, and a line joining the most southerly corner of Lot 18, Block 5831, to the most westerly corner of Lot 14, Block 5842, as per said map.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco, and the Clerk of this Board is hereby directed to advertise this resolution in "The Bulletin" as required by law.
